Electronically signed by DOMINIQUE PERRY

SUBJECT: Filing of Notice of Determination

State Clearinghouse Number: 2013082016

PROJECT TITLE: The Dockweiler Drive Extension to 13th Street – Project S3023

PROJECT LOCATION: The Project Site is located in the Newhall community of the City of Santa Clarita, from the 13th Street and Railroad Avenue intersection and extends southeastward along the General Plan alignment for Dockweiler Drive, towards The Master’s University.

PROJECT DESCRIPTION: The Dockweiler Drive Extension project would connect the Dockweiler Drive extension to the existing 13th Street at-grade rail crossing at Railroad Avenue. This alignment would require improvements to both Arch Street and 13th Street. This project will provide a fully upgraded railroad crossing at 13th Street and Railroad Avenue. The proposed roadway would be approximately 0.67 miles in length and is designated as a four-lane secondary highway per the Joint Highway Plan. The proposed ultimate roadway improvements from the 13th Street and Dockweiler Drive intersection to The Master’s University property line would consist of a four-lane roadway with a 12-foot raised landscaped median, a 13-foot sidewalk/parkway, and a five-foot bike lane on each side. The typical right-of-way width would be 92 feet. This project would not include a connection of the roadway to Lyons Avenue, a new at-grade rail crossing, or a bridge over the Newhall Creek. This project is also identified as the environmentally superior alternative alignment (Alternative 2) in the EIR.

This is to advise that the City of Santa Clarita has made the following determinations regarding the project described above:

- 1) The project was approved by the City Council on the following date: April 10, 2018.
- 2) An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
- 3) The project will have a significant impact on the environment.
- 4) Mitigation measures were made a condition of project approval.
- 5) A Mitigation Monitoring and Reporting Program was adopted for this project.
- 6) A Statement of Overriding Considerations was adopted for this project.
- 7) Findings were made pursuant to CEQA.

This is to certify that the FINAL ENVIRONMENTAL IMPACT REPORT with comments and responses and record of project approval is available to the General Public at:
