COMMUNITY FACILITIES DISTRICT NO. 2016-1 (VISTA CANYON)

INTRODUCTION

The City of Santa Clarita (herein after referred to as “the City”) established Community Facilities District No. 2016-1 on April 12, 2016 (herein after referred to as “the District” or “CFD”) to pay the costs of acquiring, constructing, or maintaining certain facilities and expenses of CFD No. 2016-1 and to pay debt service on bonded indebtedness.

At the time of formation, retail space, approximately 605,400 square feet of office space, and a hotel with approximately 200 rooms were planned for the Vista Canyon development that comprises the CFD. The CFD Boundary Map is provided as Appendix A of this Report. A Special Tax is levied for Fiscal Year 2023/24 in compliance with the proceedings governing the formation of the CFD. The Special Tax has been levied on each taxable parcel within the CFD according to the provisions of the adopted Rate and Method of Apportionment of Special Taxes (hereinafter the “RMA”) for the CFD. The RMA is provided as Appendix B of this Report. The Special Tax has been levied on all of the taxable property within the CFD, except those exempted by law or the express provisions set forth in the RMA. The Fiscal Year 2023/24 Special Tax Roll for the CFD is provided as Appendix C of this Report.

FACILITIES AND SERVICES FINANCED BY THE DISTRICT

A community facilities district may provide for the purchase, construction, expansion or rehabilitation of any real or other tangible property with an estimated useful life of five (5) years or longer which is necessary to meet increased demands placed upon local agencies as a result of development occurring within a community facilities district. In addition, a community facilities district may provide for the on-going costs for services and infrastructure maintenance as long as those services are in addition to services already received by the property within the district.

Authorized Facilities

The facilities described in the Report are all facilities which the City is authorized, pursuant to the Act, to own, construct, or finance, and which are required to adequately meet the needs of CFD No. 2016-1. The facilities described herein are those currently expected to be required to adequately meet, in part, the needs of CFD No. 2016-1. Because the actual needs of CFD No. 2016-1 arising as development progresses therein may differ from those currently anticipated, the City reserves the

right to modify the facilities proposed herein to the extent the City deems necessary, in its sole Discretion, to meet those needs.

CFD No. 2016-1 will be authorized to finance the construction of all or part of three parking structures, including the Cooper Street Parking Garage with approximately 612 parking spaces, the Vista Canyon Boulevard Parking Garage with approximately 1,115 parking spaces, and the Metrolink Parking Garage with approximately 800 parking spaces. In addition, the CFD will contribute 15% of the net construction proceeds of the CFD Bonds toward funding the construction of a transit center.

Authorized Services

In addition to the improvements above, the CFD is authorized to cover the on-going costs for maintenance and operation of two of the parking structures, including the Cooper Street Parking Garage and the Vista Canyon Boulevard Parking Garage. A Special Tax for Services will only be implemented in the unlikely event that the property owner's association does not cover these costs.

FISCAL YEAR 2023/24 SPECIAL TAX LEVY SUMMARY

Rate and Method of Apportionment of Special Taxes

The RMA for the CFD establishes specific procedures for the apportionment of Special Taxes which are collected annually, in the same manner and at the same time as ordinary ad valorem property taxes. On or about January 1, each parcel of land subject to the levy of Special Taxes is determined based upon the records of the County Assessor as of the prior fiscal year.

For Fiscal Year 2023/24, the Special Taxes are levied on the taxable parcels in the CFD for Facilities only. There is no Special Tax for Services levied in Fiscal Year 2023/24.

Method of Apportionment

Commencing with Fiscal Year 2016-17 and for each following Fiscal Year, the City shall levy the Special Tax for Facilities until the amount of Special Tax for Facilities levied equals the Special Tax Requirement for Facilities. Note, even though the City had authority to levy the Special Tax commencing with Fiscal Year 2016-17, the first year that the Special Tax was collected through the County Property Tax Bill was Fiscal Year 2019-20. For Fiscal Year 2023/24, the Special Tax for Facilities is levied based on the procedures described in the following excerpt of the RMA. Appendix B of this report provides a copy of the entire RMA.

1. Apportionment of Special Tax for Facilities prior to Completion of Development

First: The Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Developed Property within Zone 1 at up to 100% of the applicable Assigned Special Tax for Facilities as needed to satisfy the Special Tax Requirement for Facilities;

Second: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first step has been completed, the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within Zone 1 at up to 100% of the Maximum Special Tax for Facilities for Undeveloped Property;

Third: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first two steps have been completed, then the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Developed Property within Zone 2 at up to 100% of the applicable Assigned Special Tax for Facilities;

Fourth: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first three steps have been completed, the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within Zone 2 at up to 100% of the Maximum Special Tax for Facilities for Undeveloped Property;

Fifth: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first four steps have been completed, then the levy of the Special Tax for Facilities on each Assessor's Parcel of Developed Property in Zone 1 and each Assessor's Parcel of Developed Property in Zone 2 for which the Maximum Special Tax for Facilities is determined through the application of the Backup Special Tax for Facilities shall be increased Proportionately from the Assigned Special Tax for Facilities up to the Maximum Special Tax for Facilities for each such Assessor's Parcel;

Sixth: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first five steps have been completed, then the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Taxable Property Owner Association Property or Taxable Religious Property at up to the Maximum Special Tax for Facilities for Taxable Property Owner Association Property or Taxable Religious Property.

Seventh: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first six steps have been completed, then the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property at up to the Maximum Special Tax for Facilities for Taxable Public Property.

2. Apportionment of Special Tax for Facilities upon Completion of Development

Once the CFD Administrator has determined that there is no Undeveloped Property in both Zone 1 and Zone 2, the Special Tax for Facilities shall be levied each Fiscal Year as follows:

First: The Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Developed Property within Zone 1 and Zone 2 at up to 100% of the applicable Assigned Special Tax for Facilities as needed to satisfy the Special Tax Requirement for Facilities;

Second: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first step has been completed, then the levy of the Special Tax for Facilities on each Assessor's Parcel of Developed Property in Zone 1 and each Assessor's Parcel of Developed Property in Zone 2 for which the Maximum Special Tax for Facilities is determined through the application of the

Backup Special Tax for Facilities shall be increased Proportionately from the Assigned Special Tax for Facilities up to the Maximum Special Tax for Facilities for each such Assessor's Parcel;

Third: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first two steps have been completed, then the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Taxable Property Owner Association Property or Taxable Religious Property at up to the Maximum Special Tax for Facilities for Taxable Property Owner Association Property or Taxable Religious Property;

Fourth: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first three steps have been completed, then the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property at up to the Maximum Special Tax for Facilities for Taxable Public Property.

Notwithstanding the above, under no circumstances will the Special Tax for Facilities levied in a Fiscal Year against any Assessor's Parcel of Apartment Property or Condominium Conversion Property for which an occupancy permit for private residential use has been issued be increased by more than ten percent (10%) above the amount that would have been levied in that Fiscal Year as a consequence of delinquency or default by the owner of any other Assessor's Parcel within CFD No. 2016-1. To the extent that the levy of the Special Tax for Facilities on Residential Property is limited by the provision in the previous sentence, the levy of the Special Tax for Facilities on all other Assessor's Parcels shall continue in equal percentages at up to 100% of the Maximum Special Tax for Facilities.

6	Condominium Conversion Property	\$667.00 per Unit

c. Multiple Land Use Classes

In some instances an Assessor's Parcel of Developed Property may contain more than one Land Use Class. In such cases, the Acreage of the Assessor's Parcel shall be allocated between the different Land Use Classes based on the site plan or other available information. The Maximum Special Tax for Facilities that can be levied on such Assessor's Parcel shall be the sum of the Maximum Special Tax for Facilities that can be levied on each type of property located on that Assessor's Parcel.

d. Backup Special Tax for Facilities

The Backup Special Tax for Facilities for Assessor's Parcels of Developed Property in Zone 1 shall equal \$46,721 per Acre for Fiscal Year 2016-17, and the Backup Special Tax for Facilities for Assessor's Parcels of Developed Property in Zone 2 shall equal \$115,908 per Acre for Fiscal Year 2016-17.

e. Increase in the Assigned Special Tax for Facilities and Backup Special Tax for Facilities

On each July 1, commencing on July 1, 2017, the Assigned Special Tax for Facilities and the Backup Special Tax for Facilities for Developed Property shall be increased by an amount equal to two percent (2%) of the amount in effect for the previous Fiscal Year.

2. Taxable Property Owner Association Property, Taxable Public Property, Taxable Religious Property, and Undeveloped Property

a. Maximum Special Tax for Facilities

For Fiscal Year 2016-17, the Maximum Special Tax for Facilities for Taxable Property Owner Association Property, Taxable Public Property, Taxable Religious Property, and Undeveloped Property shall equal \$46,721 per Acre for Assessor's Parcels in Zone 1 and \$115,908 per Acre for Assessor's Parcels in Zone 2.

b. Increase in the Maximum Special Tax for Facilities

On each July 1, commencing on July 1, 2017, the Maximum Special Tax for Facilities for Taxable Property Owner Association Property, Taxable Public Property, Taxable Religious Property, and Undeveloped Property shall be increased by an amount equal to two percent (2%) of the amount in effect for the previous Fiscal Year.

D. METHOD OF APPORTIONMENT OF THE SPECIAL TAX FOR FACILITIES

Commencing with Fiscal Year 2016-17 and for each following Fiscal Year, the City shall levy the Special Tax for Facilities until the amount of Special Tax for Facilities levied equals the Special Tax Requirement for Facilities. The Special Tax for Facilities shall be levied each Fiscal Year as follows:

1. Apportionment of Special Tax for Facilities prior to Completion of Development

First: The Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Developed Property within Zone 1 at up to 100% of the applicable Assigned Special Tax for Facilities as needed to satisfy the Special Tax Requirement for Facilities;

Second: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first step has been completed, the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within Zone 1 at up to 100% of the Maximum Special Tax for Facilities for Undeveloped Property;

Third: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first two steps have been completed, then the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Developed Property within Zone 2 at up to 100% of the applicable Assigned Special Tax for Facilities;

Fourth: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first three steps have been completed, the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within Zone 2 at up to 100% of the Maximum Special Tax for Facilities for Undeveloped Property;

Fifth: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first four steps have been completed, then the levy of the Special Tax for Facilities on each Assessor's Parcel of Developed Property in Zone 1 and each Assessor's Parcel of Developed Property in Zone 2 for which the Maximum Special Tax for Facilities is determined through the application of the Backup Special Tax for Facilities shall be increased Proportionately from the Assigned Special Tax for Facilities up to the Maximum Special Tax for Facilities for each such Assessor's Parcel;

Sixth: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first five steps have been completed, then the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Taxable Property Owner Association Property or Taxable Religious Property at up to the Maximum Special Tax for Facilities for Taxable Property Owner Association Property or Taxable Religious Property.

Seventh: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first six steps have been completed, then the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property at up to the Maximum Special Tax for Facilities for Taxable Public Property.

2. Apportionment of Special Tax for Facilities upon Completion of Development

Once the CFD Administrator has determined that there is no Undeveloped Property in both Zone 1 and Zone 2, the Special Tax for Facilities shall be levied each Fiscal Year as follows:

First: The Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Developed Property within Zone 1 and Zone 2 at up to 100% of the applicable Assigned Special Tax for Facilities as needed to satisfy the Special Tax Requirement for Facilities;

Second: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first step has been completed, then the levy of the Special Tax for Facilities on each Assessor's Parcel of Developed Property in Zone 1 and each Assessor's Parcel of Developed Property in Zone 2 for which the Maximum Special Tax for Facilities is determined through the application of the Backup Special Tax for Facilities shall be increased Proportionately from the Assigned Special Tax for Facilities up to the Maximum Special Tax for Facilities for each such Assessor's Parcel;

Third: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first two steps have been completed, then the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Taxable Property Owner Association Property or Taxable Religious Property at up to the Maximum Special Tax for Facilities for Taxable Property Owner Association Property or Taxable Religious Property;

Fourth: If additional monies are needed to satisfy the Special Tax Requirement for Facilities after the first three steps have been completed, then the Special Tax for Facilities shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property at up to the Maximum Special Tax for Facilities for Taxable Public Property.

Notwithstanding the above, under no circumstances will the Special Tax for Facilities levied in a Fiscal Year against any Assessor's Parcel of Apartment Property or Condominium Conversion Property for which an occupancy permit for private residential use has been issued be increased by more than ten percent (10%) above the amount that would have been levied in that Fiscal Year as a consequence of delinquency or default by the owner of any other Assessor's Parcel within CFD No. 2016-1. To the extent that the levy of the Special Tax for Facilities on Residential Property is limited by the provision in the previous sentence, the levy of the Special Tax for Facilities on all other Assessor's Parcels shall continue in equal percentages at up to 100% of the Maximum Special Tax for Facilities.

E. EXEMPTIONS

No Special Tax for Facilities shall be levied on any Assessor's Parcels of Residential Property. In addition, the CFD Administrator shall classify Property Owner Association Property, Public Property, and Religious Property as exempt from the Special Tax for Facilities, provided that no such classification would reduce the Acreage of Taxable Property to less than 14.75 Acres in Zone 1 and 10.60 Acres in Zone 2. Special Taxes for Facilities shall not be levied on any Assessor's Parcel, or portion thereof, not within Zone 1 or Zone 2.

Tax-exempt status will be assigned to Assessor's Parcels by the CFD Administrator in the chronological order in which such Assessor's Parcels become Property Owner Association Property, Public Property, or Religious Property. However, should an Assessor's Parcel no longer be classified as Property Owner Association Property, Public Property, or Religious Property its tax-exempt status will be revoked and it will thereafter be classified as Developed Property or Undeveloped Property in accordance with Section D above.

Property Owner Association Property, Public Property, or Religious Property that is not exempt from Special Tax for Facilities under this section shall be subject to the levy of the Special Tax for Facilities and shall be taxed Proportionately as part of the sixth and seventh steps, respectively, in Section D above, at up to 100% of the applicable Maximum Special Tax for Facilities for Taxable Property Owner Association Property, Taxable Public Property, or Taxable Religious Property.

F. MANNER OF COLLECTION

The Special Tax for Facilities shall be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that CFD No. 2016-1 may directly bill the Special Tax for Facilities, may collect the Special Tax for Facilities at a different time or in a different manner if necessary to meet its financial obligations, and may covenant to foreclose and may actually foreclose on delinquent Assessor's Parcels as permitted by the Act.

Tenders of Bonds may be accepted for payment of the Special Tax for Facilities upon the terms and conditions established by the Act and permitted by CFD No. 2016-1. The use of Bond tenders shall only be allowed on a case-by-case basis as specifically approved by the Council.

G. PREPAYMENT OF SPECIAL TAX FOR FACILITIES

The following definitions apply to this Section G:

"CFD Public Facilities Cost" means either \$29,000,000 million in 2016 dollars, which shall increase by the Construction Inflation Index on July 1, 2017, and on each July 1 thereafter, or such lower number as (i) shall be determined by the CFD Administrator as sufficient to provide the public facilities to be provided by CFD No. 2016-1 under the authorized bonding program for CFD No. 2016-1, or (ii) shall be determined by the Council concurrently with a covenant that it will not issue any more Bonds to be supported by the Special Tax for Facilities levied under this Rate and Method of Apportionment as described in Section D.

"Construction Fund" means an account specifically identified in the Indenture to hold funds which are currently available for expenditure to acquire or construct public facilities eligible under the Act.

"Construction Inflation Index" means, for a Fiscal Year, the annual percentage change in the Engineering News-Record Building Cost Index for the City of Los Angeles, measured as of the calendar year which ends in the previous Fiscal Year. In the event this index ceases to be published, the Construction Inflation Index shall be another index as determined by the CFD Administrator

that is reasonably comparable to the Engineering News-Record Building Cost Index for the City of Los Angeles.

"Future Facilities Costs" means the CFD Public Facilities Cost minus (i) public facility costs previously paid from the Construction Fund, (ii) moneys currently on deposit in the Construction Fund, and (iii) moneys currently on deposit in an escrow fund that are expected to be available to finance facilities costs.

"Outstanding Bonds" means all Previously Issued Bonds which are deemed to be outstanding under the Indenture after the first interest and/or principal payment date following the current Fiscal Year.

"Previously Issued Bonds" means all Bonds that have been issued by CFD No. 2016-1 prior to the date of prepayment.

1. Prepayment in Full

The obligation to pay the Special Tax for Facilities for an Assessor's Parcel may be prepaid and permanently satisfied as described herein; provided that there are no delinquent amounts of Special Tax for Facilities with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax for Facilities obligation shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the prepayment amount for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this figure. Prepayment must be made not less than 45 days prior to the next occurring date that notice of redemption of Bonds from the proceeds of such prepayment may be given to the Trustee pursuant to the Indenture.

The Prepayment Amount (defined below) shall be calculated as summarized below (capitalized terms as defined below):

	Bond Redemption Amount
plus	Redemption Premium
plus	Future Facilities Amount
plus	Defeasance Amount
plus	Administrative Fees and Expenses
less	Reserve Fund Credit
less	<u>Capitalized Interest Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be calculated as follows:

Paragraph No.:

1. For Assessor's Parcels of Developed Property, compute the Assigned Special Tax for Facilities and Backup Special Tax for Facilities applicable for the Assessor's Parcel to be prepaid. For Assessor's Parcels of Undeveloped Property for which a building permit has been issued, compute the Assigned Special Tax for Facilities and Backup Special Tax for Facilities for that Assessor's Parcel as though it was already designated as Developed Property, based upon the building permit which has already been issued for that Assessor's Parcel. For Assessor's Parcels of Undeveloped Property for which a building permit has not been issued, Taxable Property Owner Association Property, Taxable Public Property,

or Taxable Religious Property, compute the Maximum Special Tax for Facilities for the Assessor's Parcel to be prepaid.

2. (a) For an Assessor's Parcel of Developed Property or Undeveloped Property for which a building permit has been issued (i) Divide the Assigned Special Tax for Facilities computed pursuant to paragraph 1 by the total estimated Assigned Special Tax for Facilities for the entire CFD No. 2016-1 based on the Developed Property Special Tax for Facilities which could be charged in the current Fiscal Year on all expected development through buildout of CFD No. 2016-1, excluding any Assessor's Parcels which have been prepaid, and (ii) Divide the Backup Special Tax for Facilities computed pursuant to paragraph 1 by the total estimated Backup Special Tax for Facilities for the entire CFD No. 2016-1 based on the Backup Special Tax for Facilities which could be charged in the current Fiscal Year on all expected development through buildout of CFD No. 2016-1, excluding any Assessor's Parcels which have been prepaid.

(b) For Assessor's Parcels of Undeveloped Property for which a building permit has not been issued, Taxable Property Owner Association Property, Taxable Public Property, or Taxable Religious Property, divide the Maximum Special Tax for Facilities computed pursuant to paragraph 1 by the total estimated Maximum Special Tax for Facilities for the entire CFD No. 2016-1 based on the Maximum Special Tax for Facilities which could be charged in the current Fiscal Year on all expected development through buildout of CFD No. 2016-1, excluding any Assessor's Parcels which have been prepaid.
3. Multiply the larger of quotient (i) and (ii) computed pursuant to paragraph 2(a) for Assessor's Parcels of Developed Property or Undeveloped Property for which a building permit has been issued, or the quotient computed pursuant to paragraph 2(b) for Assessor's Parcels of Undeveloped Property for which a building permit has not been issued, Taxable Property Owner Association Property, Taxable Public Property, or Taxable Religious Property, by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the "Bond Redemption Amount").
4. Multiply the Bond Redemption Amount computed pursuant to paragraph 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "Redemption Premium").
5. Compute the current Future Facilities Costs.
6. Multiply the larger of quotient (i) and (ii) computed pursuant to paragraph 2(a) for Assessor's Parcels of Developed Property or Undeveloped Property for which a building permit has been issued, or the quotient computed pursuant to paragraph 2(b) for Assessor's Parcels of Undeveloped Property for which a building permit has not been issued, Taxable Property Owner Association Property, Taxable Public Property, or Taxable Religious Property, by the amount determined pursuant to paragraph 5 to compute the amount of Future Facilities Costs to be prepaid (the "Future Facilities Amount").
7. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the earliest redemption date for the Outstanding Bonds.
8. Confirm that no Special Tax for Facilities delinquencies apply to such Assessor's Parcel.

9. Determine the amount of Special Tax for Facilities levied on the Assessor's Parcel in the current Fiscal Year which have not yet been paid.
10. Compute the minimum amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount less the Future Facilities Amount and the Administrative Fees and Expenses from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.
11. Add the amounts computed pursuant to paragraphs 7 and 9 and subtract the amount computed pursuant to paragraph 10 (the "Defeasance Amount").
12. Verify the administrative fees and expenses of CFD No. 2016-1, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "Administrative Fees and Expenses").
13. The reserve fund credit (the "Reserve Fund Credit") shall equal the lesser of: (a) the expected reduction in the reserve requirement (as defined in the Indenture), if any, associated with the redemption of Outstanding Bonds as a result of the prepayment, or (b) the amount derived by subtracting the new reserve requirement (as defined in the Indenture) in effect after the redemption of Outstanding Bonds as a result of the prepayment from the balance in the reserve fund on the prepayment date, but in no event shall such amount be less than zero.
14. If any capitalized interest for the Outstanding Bonds will not have been expended at the time of the first interest and/or principal payment following the current Fiscal Year, a capitalized interest credit shall be calculated by multiplying the larger of quotient (i) and (ii) computed pursuant to paragraph 2(a) for Assessor's Parcels of Developed Property or Undeveloped Property for which a building permit has been issued, or the quotient computed pursuant to paragraph 2(b) for Assessor's Parcels of Undeveloped Property for which a building permit has not been issued, Taxable Property Owner Association Property, Taxable Public Property, or Taxable Religious Property, by the expected balance in the capitalized interest fund after such first interest and/or principal payment (the "Capitalized Interest Credit").
15. The Special Tax for Facilities prepayment is equal to the sum of the amounts computed pursuant to paragraphs 3, 4, 6, 11 and 12, less the amounts computed pursuant to paragraphs 13 and 14 (the "Prepayment Amount").
16. From the Prepayment Amount, the amounts computed pursuant to paragraphs 3, 4, 11, 13 and 14 shall be deposited into the appropriate fund as established under the Indenture and be used to retire Outstanding Bonds or make debt service payments. The amount computed pursuant to paragraph 6 shall be deposited into the Construction Fund. The amount computed pursuant to paragraph 12 shall be retained by CFD No. 2016-1.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund established under the Indenture to be used with the next prepayment of Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax for Facilities levy as determined under paragraph 9 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax for Facilities levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel for which the Special Tax for Facilities is prepaid, the City shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of Special Tax for Facilities and the release of the Special Tax for Facilities lien on such Assessor's Parcel, and the obligation to pay the Special Tax for Facilities for such Assessor's Parcel shall cease.

Notwithstanding the foregoing, no prepayment will be allowed unless (i) the amount of Maximum Special Tax for Facilities that may be levied on Taxable Property (based on expected development at build out), after the proposed prepayment, less expected Administrative Expenses, shall be at least 1.1 times the regularly scheduled annual interest and principal payments on all Outstanding Bonds (excluding Bonds to be redeemed by such prepayment and all prior prepayments) in each future Fiscal Year and (ii) the amount of Maximum Special Tax for Facilities that may be levied on non-delinquent Taxable Property (based on expected development at build out) after the proposed prepayment, less expected Administrative Expenses, shall be at least equal to the regularly scheduled annual interest and principal payments on all Outstanding Bonds (excluding Bonds to be redeemed by such prepayment and all prior prepayments) in each future Fiscal Year.

2. Prepayment in Part

The Special Tax for Facilities for an Assessor's Parcel of Taxable Property may be partially prepaid. The amount of the prepayment shall be calculated as in Section G.1; except that a partial prepayment shall be calculated according to the following formula:

$$PP = [(P_E - AE) \times F] + AE$$

These terms have the following meaning:

AE	=	the Administrative Fees and Expenses
PP	=	the partial prepayment amount
P _E	=	the Prepayment Amount calculated according to Section G.1
F	=	the percentage by which the owner of the Assessor's Parcel is partially prepaying the Special Tax for Facilities.

The owner of any Assessor's Parcel who desires such prepayment shall notify the CFD Administrator of such owner's intent to partially prepay the Special Tax for Facilities and the percentage by which the Special Tax for Facilities shall be prepaid. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax for Facilities for an Assessor's Parcel within thirty (30) days of the request and may charge a reasonable fee for providing this service. With respect to any Assessor's Parcel for which the Special Tax for Facilities is partially prepaid, CFD No. 2016-1 shall (i) distribute the funds remitted to it according to Section G.1, and (ii) indicate in the records of CFD No. 2016-1 that there has been a partial prepayment of the Special Tax for Facilities and that a portion of the Special Tax for Facilities with respect to such Assessor's Parcel, equal to the outstanding percentage (1.00 - F) of the Assigned Special Tax for Facilities, Backup Special Tax for Facilities and Maximum Special Tax for Facilities, shall continue to be levied on such Assessor's Parcel pursuant to Section D.

Notwithstanding the foregoing, no partial prepayment will be allowed unless (i) the amount of Maximum Special Tax for Facilities that may be levied on Taxable Property (based on expected development at build out), after the proposed partial prepayment, less expected Administrative Expenses, shall be at least 1.1 times the regularly scheduled annual interest and principal payments on all Outstanding Bonds (excluding Bonds to be redeemed by such prepayment and all prior prepayments) in each future Fiscal Year and (ii) the amount of Maximum Special Tax for Facilities that may be levied on non-delinquent Taxable Property (based on expected development at build out) after the proposed partial prepayment, less expected Administrative Expenses, shall be at least equal to the regularly scheduled annual interest and principal payments on all Outstanding Bonds (excluding Bonds to be redeemed by such prepayment and all prior prepayments) in each future Fiscal Year.

H. TERM OF SPECIAL TAX FOR FACILITIES

The Special Tax for Facilities shall be levied until the final maturity of the last series of Bonds, provided that that the Special Tax for Facilities shall not be levied later than Fiscal Year 2060-61.
