SUBJECT: AB 1112 (FRIEDMAN): SUPPORT, IF AMENDED

Dear Assembly Member Friedman:

The Santa Clarita City Council supports AB 1112, if amended, related to the authorization of cities and counties to regulate the operation and use of shared mobility devices.

On July 9, 2019, the Santa Clarita City Council voted unanimously to support AB 1112, if amended. The Santa Clarita City Council recognizes the importance of transportation connectivity and the role shared mobility devices have on bridging the first-mile/last-mile gap.

However, given the significant use of individual trip data to enforce local regulations and improve transportation needs and planning, we respectfully urge you to amend AB 1112 to permit cities and counties the authority to require shared mobility device providers to share individual trip data in which any part of the trip occurs within the jurisdiction of the local authority. This amendment will ensure that local authorities that may permit the use of shared mobility devices, leverage the technology to better understand and improve transportation within their jurisdictions.

For these reasons, the City of Santa Clarita supports Assembly Bill 1112, if amended. Should you or your staff require any further information regarding the Santa Clarita City Council's position on this bill, please

Honorable Laura Freidman
