December 20, 2019

Honorable Mayor, Mayor Pro Tem, and City Councilmembers:

The Comprehensive Annual Financial Report (CAFR) of the City of Santa Clarita for fiscal year ended June 30, 2019, is hereby submitted in accordance with Chapter 2.12 of the City of Santa Clarita Municipal Code. This report provides the City Council and the public with an understanding of the financial condition of the City.

This report consists of management's representations concerning the finances of the City of Santa Clarita. As such, management assumes full responsibility for the completeness and reliability of the information contained in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive framework of internal controls that are designed to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements are free from material misstatement. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City of Santa Clarita.

State Law requires the City to prepare an annual financial report. This report fulfills that obligation. Eide Bailly, LLP, an independent firm of certified public accountants, has issued an unmodified ("clean") opinion on the financial statements of the City of Santa Clarita for the year ended June 30, 2019. The independent auditor's report is located at the front of the financial section of this report. The CAFR has been prepared in conformity with Generally Accepted Accounting Principles (GAAP) and the financial reporting requirements prescribed by the Governmental Accounting Standards Board (GASB). These reporting requirements specify that management provide a narrative introduction, overview and analysis to accompany the financial statements in the form of a Management's Discussion and Analysis (MD&A). The MD&A, which immediately follows the independent auditor's report, complements this letter of transmittal and should be read in conjunction with it.

Also, as a recipient of federal and state financial assistance, the City is required to have a "Single Audit" performed by our independent audit firm. The Single Audit was designed to meet the special needs of the federal grantor agencies. The standards governing the Single Audit engagements require that the independent auditor report on the fair presentation of the financial

statements and the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the City's separately issued Single Audit Report.

# **CITY PROFILE**

The City of Santa Clarita was incorporated on December 15, 1987, as a General Law City, and operates under a City Council/City Manager form of government. It is located between the Santa Susana and San Gabriel mountain ranges, approximately 35 miles northwest from the City of Los Angeles. It is comprised of the communities of Canyon Country, Newhall, Saugus and Valencia, encompassing approximately 66 square miles. With a population of 218,103 the City is the third-largest in Los Angeles County and 18<sup>th</sup> largest in the State of California. Santa Clarita offers an expansive parks and recreation network, with 34 beautiful park facilities, nearly 12,000 acres of City-owned open space, and 140 miles of trails and paseos designed for commuting and recreational use, including walking, hiking, biking, and skating. The City's unique blend of upscale sophistication with small-town charm and old-west heritage allows it to accommodate growth while continuing to provide an excellent quality of life for residents.

The City of Santa Clarita's five City Councilmembers are elected at large to four-year overlapping terms, with elections held bi-annually. The position of Mayor is annually selected by the Councilmembers. The City Council is responsible for, among other things, passing ordinances, adopting the budget, setting policy, and appointing committees. The City Council appoints the City Manager, who is responsible for implementing the policies of the Council, overseeing the day-to-day operations of City government, and for appointing and managing the various Directors. The City Council also appoints the City Attorney.

The City provides, either directly or under contract, a full range of municipal services including public safety, construction, maintenance of streets and other infrastructure, public libraries, public works, parks, recreation, community development, and cultural events. The City also provides services through the Santa Clarita Public Financing Authority (PFA), which is a blended component unit of the City of Santa Clarita. The financial activities of this entity are included in this report, as its operations are under the control of the City.

The City operates on a fiscal year basis, which begins July 1 and ends June 30. The City's Municipal Code requires the City Manager to prepare a budget and present it to the City Council each year. The budget process begins by January of each year and is carried out under the direction of the City Manager in cooperation with the various City departments. The proposed operating and capital budget is submitted by the City Manager to City Council for adoption by June 30, to take effect at the beginning of the fiscal year on July 1. Budgetary control for the City is maintained through its accounting systems. Once adopted, the budget may be amended throughout the year as necessary. Budgetary control is established at the category level within each fund. The budgetary control for the Capital Improvement Program is at the program level.

# LOCAL ECONOMY

The City of Santa Clarita is one of Southern California's most desirable places to live and do business. City officials pride themselves on the organization's ability to balance the needs of locally based companies with those of the community, resulting in an unmatched quality of life.

We continue to see positive changes in the economy, such as an increase in sales tax revenues and a recovering housing market. The City has a 100 percent track record for adopting a balanced, on-time budget, with ample reserves and contingency funds. Fiscal Year 2018-19 was successful and stable for the City due to prudent financial planning.

This year saw significant progress on a number of projects in the City that have been a long time coming. Nearly 30 years in the making, The Center at Needham Ranch development began construction on four industrial buildings, the first of which is anticipated to be completed by the end of 2019. In addition, after 10 years of planning, Vista Canyon has wrapped up construction on its first office building, with construction getting underway on the first residential units within the development. Valencia Town Center (VTC) Square mixed-use development is nearing completion, and construction continues on new high-class office buildings on Tourney Road. When completed, VTC Square will bring the first automated parking facility to the City. These developments will provide much-needed jobs and additional housing options to residents in the City.

This year also saw the creation of a new planning tool that will allow for additional job creation in the City called the Jobs Creation Overlay Zone (JCOZ). The JCOZ will allow office and industrial buildings in certain areas of the city to build taller buildings that fit the current needs of the commercial market to attract high-end jobs to the City.

Targeted employment sectors in Santa Clarita include aerospace/defense, advanced manufacturing, medical/biomedical, digital media/entertainment and information technology. Two major developments in the City, Vista Canyon, and Needham Ranch broke ground earlier this year and expect to have the first phases of construction complete early 2020, which will bring new jobs to our community. A number of new businesses have also opened in our community this year, including Bagger Sports, ImmotionVR, Club Pilates, Knead 2 Stretch, Sleep Number, TyCam Marketplace, Stretch Lab, Noche Azul, Voodoo Vinyl, Mane Cave, Pressed Juicery, Wicked Chicken, Pilates Pros, Lovisa Jewelry, HoneyMee and Crafted Collective. Opening soon are Salon Republic, L'occitane en Provence, Slater's 50/50, Santouka Ramen, and Galpin Porsche. Currently under construction in Old Town Newhall is a new boutique hotel, the Lexen Hotel; Newhall Crossings, which includes 47 residential units and 20,000+ square feet of restaurant and retail space; and a new seven-screen Laemmle Theatre, adding 500 seats for moviegoers.

Retail vacancy rates have slightly decreased, currently at 3.4 percent compared to 3.5 percent in the 2<sup>nd</sup> Quarter of 2018. Industrial vacancy rates are at 1.8 percent, a significant decrease from 4.2 percent in the 2<sup>nd</sup> Quarter of 2018. Office space in the City is currently at a 7.2 percent vacancy rate compared to 11.8 percent in the 2<sup>nd</sup> Quarter of 2018.

The City's Film Office enjoyed another strong year. Santa Clarita is home to more than 25 sound stages, 10 movie ranches, and a multitude of film-related businesses. Popular television shows like "NCIS," "Santa Clarita Diet," "Mayan's MC," "Bless This Mess," "Holey Moley," "Good Trouble," "Futureman," "Goliath," and "S.W.A.T." are based in Santa Clarita and regularly film on location within the City. The features "Once Upon a Time in Hollywood," "Deadwood: The Movie," and "Call of the Wild" also filmed in Santa Clarita last year.

Tourism continues to be one of the City of Santa Clarita's largest economic generators, contributing over \$3.3 million to the general fund from Transient Occupancy Tax (TOT) in the Fiscal Year 2018-19. The Tourism Marketing District (TMD), a collaborative assessment program and partnership between the City and local hotels, collected over \$610,000 in support of increased marketing and promotion of Santa Clarita as a tourism destination. TMD dollars are a vital component of the area's continued attraction of events and visitors, which translates to dollars spent in the community and at local businesses. The following events are just a few that came to the City as part of increased event attraction efforts: California Youth Chess Championships, Memorial Day Hockey Challenge, Valencia Trail Race, California Beer Festival, Boots and Brews, Santa Clarita Oktoberfest, USA Swimming 2018 Speedo Championship, and the Bonspiel Curling Tournament. The City also attracted the return of high profile, world-class events, the Los Angeles Spartan Race, and the Amgen Tour of California.

Santa Clarita recognizes the important role education plays in the success of the community. The City is home to three premier educational institutions, including California Institute of the Arts (CalArts), College of the Canyons, and The Masters University. These colleges offer world-class instruction and programming to prepare students to become the next generation of business professionals and leaders.

# LONG -TERM FINANCIAL PLANNING

Santa Clarita is one of California's model cities, boasting the essential elements needed for well-balanced living and total well-being. Santa Clarita remains one of the safest cities in California among cities with populations exceeding 150,000. Santa Clarita is home to a well-educated population, with nearly 70 percent of adults age 25 and older having attained some college or higher, as compared to Los Angeles County, which averages 57 percent.

The City of Santa Clarita has experienced steady growth since its inception in 1987, and City officials work directly with the private and public sectors to attract new businesses to the Santa Clarita Valley. The City of Santa Clarita is focused on retaining existing companies and encouraging their growth within the City while working to attract new businesses, thereby creating new jobs for residents. Santa Clarita has set an aggressive goal of creating two jobs for every household, whereby providing an increased opportunity for residents to work close to home.

The City provides necessary funding for essential services for City Council and community-identified priorities while taking steps to ensure the City remains in good financial health. Twice per year, the City prepares extended forecasts for the General Fund to determine the future impact of current actions. These forecasts indicate a stable General Fund over the next few years,

primarily due to projected marginal increases in sales and property taxes. Because the City of Santa Clarita has practiced smart growth in prosperous financial times, the City is well prepared for times when revenue projections do not include growth.

The City maintains a General Fund balance sufficient to provide for various identified contingencies, as well as an established operating reserve. In addition, the General Fund contributes annually to the City's facilities fund, which provides for major maintenance and replacement of infrastructure and capital improvements. The City's Capital Improvement Program (CIP) is a component of the annual budget process that addresses the City's short- and long-term capital needs. Just as important, the CIP emphasizes a plan of action that effectively maintains the existing infrastructure to a sound physical standard, as well as providing new facilities to support current growth and complement new development.

In October 2019, the California State Auditor published a Fiscal Health Analysis of over 470 cities in the State. The report assessed each city's level of fiscal risk using various financial metrics in their Comprehensive Annual Financial Reports, including cash position/liquidity, debt burden, financial reserves, revenue trends, pension and other post employee benefit (OPEB) obligations, among others. The City of Santa Clarita received a low risk designation and ranked in the top five percent in fiscal confidence of the over 470 cities assessed. The City received perfect scores in the categories of liquidity, general fund reserves, and in both pension and OPEB obligations.

# **MAJOR MILESTONES IN FISCAL YEAR 2018-19**

- ❖ The City of Santa Clarita had another fantastic year of location filming in the 2018-2019 Fiscal Year with the Film Office recording 526 film permits and 1,380 film days, which generated an estimated \$33.4 million in economic impact to the local community. These statistics represent an increase in the estimated economic impact when compared to the previous fiscal year.
- ❖ Improving, maintaining, and adding to the City's infrastructure continues to be a high priority and focus for the City. During Fiscal Year 2018-19, the City completed the Newhall Ranch Road Bridge Widening project, which includes a new extension of the San Francisquito Creek Trail, improving safety for trail users by providing a safe new route for those wanting to cross Newhall Ranch Road. The bridge also adds two additional traffic lanes (for a total of four lanes in each direction), a raised median, protected pedestrian walkway, and a new bike path. The City also added a new pedestrian bridge on Sierra Highway at Golden Valley Road to allow for safe crossing for students at the nearby high school.
- ❖ Two major projects within the Santa Clarita 2020 Plan are taking shape. The new Canyon Country Community Center project site is currently under construction, with improvements being made to the Mint Canyon Channel, storm drains, and the installation of a water infiltration system. Now the site is prepped for construction of the actual Community Center building. The project is on track to be completed in early 2021. The new Santa Clarita Valley Sheriff's Station is currently under construction. Once complete

in early 2021, the new Sheriff's Station will be more than 44 thousand square feet, with a transmission tower, vehicle maintenance facility, and a helipad.

- ❖ Santa Clarita saw the lowest crime rate in City history in 2018, thanks to the proactive work of the Sheriff's Deputies. In addition, the Traffic Safety Team was able to drive down collisions. Since the team was formed in 2016, and following the launch of the award-winning Heads Up pedestrian, driver, and cyclist safety campaign, the collision rate has dropped 32.2 percent, and the injury rate is down 36.6 percent.
- ❖ Santa Clarita continues to be proactive in addressing teen drug use. To raise awareness, the City continues to reach out to parents and families and provide assistance to those in need. The City's Drug-Free Youth In Santa Clarita Valley (DFY in SCV) program has grown each year, with the implementation of drug prevention education in fourth, fifth and sixth grades.
- ❖ The Santa Clarita Public Library continues to provide residents with what they need for their next adventure. In the last year, the three branches saw nearly 3,000 participants in the popular Summer Reading Program, who collectively read 14,000 books. The library issued 14,074 new library cards and had 336,704 materials in circulation.
- ❖ Special events hosted by the City attracted visitors from across the country and around the world. Santa Clarita hosted the annual Marathon in November and worked with community partners to host the Thursdays@Newhall event series, which includes JAM Sessions, SENSES, Note by Note, 10 by 10, and trivia nights. The City also hosted its annual summer Concerts in the Park and the much-anticipated Cowboy Festival, which drew more than 10,000 visitors.

#### AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Santa Clarita for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2018. This was the 30<sup>th</sup> consecutive year the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement for Excellence in Financial Reporting, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy GAAP and applicable legal requirements. A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the requirements of the GFOA Certificate of Achievement Program, and we are submitting it to GFOA to determine its eligibility for another certificate.

The City of Santa Clarita has received an Investment Policy Certificate of Excellence Award from the Association of Public Treasurers of the United States and Canada for its Fiscal Year 2019-20 Investment Policy. This year marks the 25<sup>th</sup> consecutive year that the City has received the nationally recognized Certificate of Excellence Award from the Association of Public Treasurers of the United States and Canada for its success in developing a comprehensive written

investment policy. In order to receive certification, investment policies must be carefully reviewed by the association's Investment Policy Certification Committee. For a policy to receive certification, it must be approved by all reviewers on 18 areas spelled out in the Model Investment Policy. This policy includes elements the Association of Public Treasurers of the United States and Canada deems essential to a written investment policy such as policy, scope, the delegation of authority, ethics and conflicts of interest.

In addition, the City was awarded the 24<sup>th</sup> Annual Achievement of Excellence in Procurement (AEP) from the National Procurement Institute. This prestigious honor was awarded in recognition of the City's commitment to purchasing innovation and leadership. This is the seventh time the City has received this award in acknowledgment of Santa Clarita's purchasing policies and practices. The AEP Award is earned by public and non-profit organizations that obtain a high application score based on standardized criteria. The City of Santa Clarita's procurement ethics standards, eProcurement practices, and internal procurement automation received high honors and recognition among judges.

The City of Santa Clarita received the District Transparency Certificate of Excellence by the Special District Leadership Foundation. This certificate is awarded to agencies that are successful in maintaining transparency in their operations. There are several requirements that must be met to showcase the transparency of specific City policies, budget hearings, financial audits, ethics training and community outreach. This is the second year the City of Santa Clarita has received this prestigious honor.

The City of Santa Clarita continued to receive accolades over the last year. SafeWise recognized Santa Clarita as one of the Top 50 Safest Cities to Raise a Child. In addition, SafeHome ranked Santa Clarita as one of the Top 50 Safest Cities in America and one of the Top 10 Safest Cities in California. Wallethub recognized Santa Clarita as one of the happiest and healthiest cities in the nation. This last year marked the 29<sup>th</sup> consecutive year that Santa Clarita was designated as a Tree City USA by the National Arbor Day Foundation.

The City of Santa Clarita was recognized by the American Public Works Association (APWA) with five prestigious Public Works awards in 2018. The City received the "Outstanding Public Works Project of the Year" award for the Old Town Newhall Parking Structure and the "Best Environmental Project" award for the completion of the Heritage Trail from Gateway Ranch to Wildwood Canyon, from the APWA High Desert Branch. The City also earned a trio of awards from the APWA Southern California Chapter for Enhancing Pedestrian Safety and Traffic Flow Through the Use of Electronic Blank-Out Signs ("Creative and Innovative"), the Newhall Ranch Road Bridge Widening ("Transportation"), and the Heritage Trail from Gateway Ranch to Wildwood Canyon ("Recreational and Athletic Facilities").

Santa Clarita was also recognized by the California Internship & Work Experience Association (CIWEA) as a 2019 Employer of the Year, an award bestowed upon employers that model exemplary internship and work experience programs. The City offers paid internship opportunities for undergraduate and graduate students, as well as unpaid Career Technical Education (CTE) internships, to earn college credit for those enrolled in a postsecondary institution or vocational/technical school.

Santa Clarita continues its business-friendly reputation with the release of the 2018 Kosmont-Rose Institute Cost of Doing Business Survey. The annual survey again ranked Santa Clarita among the best cities for doing business in Southern California and recognized Santa Clarita as a Low-Cost city due to its low property tax rates, no utility tax and several other business benefits in comparison to neighboring cities, such as Burbank, Glendale, Pasadena and Los Angeles.

This report is a joint effort by many people from many different areas of responsibility. The preparation of this report could not have been accomplished without the hard work and team effort of the staff of the Finance Division, in particular, Finance Manager, Brittany Houston; Finance Administrator, Mary Ann Ruprecht; Sr. Financial Analysts, Lisett Bautista, and Jan Downey; Financial Analysts, Purevsuren Wrinkle, and Cody Iglesias. I want to express my appreciation to all members of the Division who assisted and contributed to its preparation. I would also like to thank the Mayor; Mayor Pro Tem; Councilmembers; City Manager, Ken Striplin; Assistant City Manager, Frank Oviedo; Deputy City Manager, Darren Hernández; Director of Public Works, Robert Newman; Director of Recreation and Community Services, Janine Prado; and Director of Community Development, Tom Cole, for their continuing efforts in administering the financial operations of the City in a conservative and responsible manner.

Sincerely,

Pearra Magane Carmen Magaña

Director of Administrative Services/City Treasurer

#### ORGANIZATION CHART As of June 30, 2019

#### **Independent Auditor's Report**

To the Honorable Mayor and Members of the City Council of the City of Santa Clarita
Santa Clarita, California

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Santa Clarita, California, (City) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 5 through 14), schedules of revenues, expenditures and changes in fund balance – budget and actual for the General fund and each major special revenue fund and related notes (pages 85 through 89 and 97 through 98), schedule of changes in the net OPEB liability and related ratios (page 90), schedule of contributions - OPEB (page 91), schedule of money weighted rate of return (page 92), schedule of changes in the City's net pension liability and related ratios (page 93), and schedule of city contributions - pensions (pages 94 through 95) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

# Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor funds financial statements and budgetary comparison schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor funds financial statements and budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor funds financial statements and budgetary comparison schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2019 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### Fiscal Year Ended June 30, 2019

This discussion and analysis of the City of Santa Clarita's (the City) financial performance provides an overview of the financial activities of the City for the fiscal year ended June 30, 2019. Our analysis includes information regarding the City's overall financial position and results of operations to assist users in evaluating the City's financial position, a discussion of significant changes that occurred in funds, and information regarding significant budget variances. In addition, it describes the activities during the year for capital assets and long-term debt. We end our discussion and analysis with a description of currently known facts, decisions and conditions that are expected to have a significant effect on the financial position or results of operations. Please read it in conjunction with the accompanying transmittal letter, the basic financial statements and the accompanying notes to those financial statements.

#### **FINANCIAL HIGHLIGHTS**

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$1.25 billion. Of this amount, \$123.3 million represents unrestricted net position that may be used to meet the City's ongoing obligations to citizens and creditors. The deferred outflows of resources increased by \$1.35 million and deferred inflows of resources increased by \$6.47 million. Both increases were related to Other Post-Employment Benefits (OPEB) (Table 1).
- The City's total net position increased by \$74.8 million. Net position of the business-type activities increased by \$5.9 million, and the net position of the governmental activities increased by \$68.9 million (Table 2).
- The net capital assets of the City's governmental activities increased by \$47.8 million, or 5.1% over last fiscal year. The increase was in part due to purchases and contributions and annexations of land totaling \$38.5 million, and the increase of construction in progress of \$11.4 million. See Note 6 to the financial statements for additional information.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$299 million. This represents an increase of \$43 million as compared to the prior year.
- Within governmental funds, the General Fund reported a fund balance of \$192 million.

#### **USING THIS ANNUAL REPORT**

The financial statements presented herein include all of the activities of the City of Santa Clarita and its component unit using the integrated approach as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34. The three components of the basic financial statements are as follows:

#### 1) Government-Wide Financial Statements

The Government-Wide Financial Statements present the financial picture of the City from the economic resources measurement focus using the accrual basis of accounting in a manner similar to a private-sector business. These statements include all assets of the City (including infrastructure) as well as all liabilities (including long-term debt).

#### **USING THIS ANNUAL REPORT (CONTINUED)**

#### 2) Fund Financial Statements

The Fund Financial Statements include statements for each of the three categories of activities: governmental, proprietary and fiduciary. For governmental activities, these fund statements tell how these services were financed in the short term, as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds and other funds.

#### 3) Notes to the Basic Financial Statements

The notes provide additional information necessary to enable the user to fully understand the various financial statements.

In addition to the basic financial statements and notes, this report contains other supplementary information.

#### REPORTING THE CITY AS A WHOLE - GOVERNMENT-WIDE FINANCIAL STATEMENTS

#### The Statement of Net Position and the Statement of Activities

One of the most important questions asked about the City's finances is, "Is the City as a whole better or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the City as a whole, and its activities, in a way to answer this question. These statements include all assets and liabilities of the City using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

The Statement of Net Position reports all of the City's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference between the two reported as *net position*. Net position is one way to measure the City's financial health or *financial position*. Over time, *increases or decreases* in the City's net position is an indication of whether its *financial health* is improving or deteriorating. Other things to consider are non-financial factors, such as changes in the economy due to external factors that would cause an increase or decrease in consumer spending.

The Statement of Activities presents information relating to how the City's net position changed during the fiscal year. All activities resulting in changes in net position are reported when earned or incurred, regardless of the receipt or disbursement of the related transaction's cash flows. Some of the revenues and expenses reported in this statement will result in future fiscal period cash flows, such as the receipt of uncollected taxes and the payment of interest expense or compensated absences.

In the Statement of Net Position and the Statement of Activities, we separate the City's activities as follows:

**Governmental Activities** – Most of the City's basic services are reported in this category, including general administration (City Manager, City Clerk, Finance, etc.), public safety, public works, recreation, neighborhood services, community services, and community development (planning). These activities are distinguished due to the use of property taxes, sales tax, transient occupancy tax, user fees, interest income, franchise fees, state and federal grants, contributions from other agencies, and other revenues to finance these activities.

**Business-Type Activities** – City functions that are intended to be primarily self-supporting through the imposition of user fees and charges are reported in the business-type activity category. Business-type activities for the City consist of transit activities related to the operation of the City's local public transportation system.

# REPORTING THE CITY AS A WHOLE - GOVERNMENT-WIDE FINANCIAL STATEMENTS (CONTINUED)

**Component Unit Activities** – The City of Santa Clarita is the primary government unit to one legally separate entity. The financial activity and data of the Santa Clarita Public Financing Authority has been accounted for within the funds of the City, and therefore, separate component unit financial information is not presented within the financial statements.

#### REPORTING THE CITY'S MOST SIGNIFICANT FUNDS - FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts used to account for and accumulate financial information related to a specific activity or objective. Some funds are required to be established by State law and bond covenants; however, management established many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other resources. The fund financial statements provide detailed information about the most significant funds and other funds — not the City as a whole. The City's three types of funds are governmental, proprietary and fiduciary.

Governmental Funds – Most of the City's basic services are reported in governmental funds. Governmental fund financial statements focus on how money flows in and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called "modified accrual" accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for the governmental activities in the government-wide financial statements. Reconciliation of the Fund Financial Statements to the Government-Wide Financial Statements is provided to explain the differences created by this integrated approach.

The City reports governmental fund financial information within 39 governmental funds. The General Fund, Bridge and Thoroughfare Fund, Developer Fees Fund, Public Library Fund and Landscape Maintenance District #1 Fund are presented separately as major funds in the governmental fund balance sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances. Financial data for the remaining 34 governmental funds are combined into a single, aggregated presentation. Supporting financial information on each of the other governmental funds is also provided within the report.

**Proprietary Funds** – The City maintains two different types of proprietary funds. When the City charges customers for the services it provides, these services are generally reported in a type of proprietary fund known as an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements, but the proprietary fund statements provide more detail and additional information, such as a statement of cash flows. The City uses the Transit Enterprise Fund to account for the activities related to transit operations.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses three internal service funds to account for costs related to self-insurance, computer replacement and vehicle-equipment replacement.

Proprietary funds are reported in the same way all activities are reported in the Statement of Net Position and the Statement of Activities. The proprietary fund financial statements provide separate information for the Transit Enterprise Fund, which is considered to be a major fund of the City. All of the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements in the supplementary information section of this report.

#### THE CITY AS TRUSTEE - FIDUCIARY FUND STATEMENTS

#### Reporting the City's Fiduciary Responsibilities

The City is the trustee, or *fiduciary*, for certain funds held for the benefit of other parties outside of the City. The City's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position. These activities were excluded from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the comparison of budget and actual results for the major governmental funds, other post-employment benefits money weighted rate of return, schedule of changes in the City's net pension and OPEB liabilities and related ratios, and a schedule of the City's pension and OPEB contributions. This section is located after the Notes to Financial Statements.

The combining statements referred to earlier in connection with the other governmental funds, internal service funds and fiduciary funds are presented immediately following the required supplementary information described in the previous paragraph in the supplementary information section.

#### THE CITY AS A WHOLE

The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the City's governmental and business-type activities.

The City's net position may be analyzed and used as an indicator of the City's overall financial condition. The City's combined net position increased by \$74.8 million, increasing from \$1.17 billion to \$1.25 billion.

#### THE CITY AS A WHOLE (CONTINUED)

| Unrestricted                    | 122,991,202             | 85,155,060     | 269,116      | (888,318)      | 123,260,318    | 84,266,742     |  |
| TOTAL NET POSITION              | 1,162,403,285           | 1,093,498,328  | 84,175,556   | 78,311,153     | 1,246,578,841  | 1,171,809,481  |  |

The City's net position is made up of three components: Net Investment in Capital Assets, Restricted Net Position and Unrestricted Net Position.

As of June 30, 2019, assets exceeded liabilities by \$1.25 billion. The largest component of the City's net position, 80.5%, is represented by its \$1 billion net investment in capital assets (e.g., infrastructure, land, buildings and improvements, equipment, and construction in progress) less accumulated depreciation and any related outstanding debt used to acquire the capital assets. These capital assets are used to provide services to the citizens, and therefore are not available to finance future operations. In addition, resources necessary to repay the related debt must be provided by sources other than the capital assets, as the assets themselves cannot be used to satisfy these liabilities.

An additional portion of the City's net position, 9.6%, represents resources subject to external restrictions on how they may be used. The remaining 9.9% of unrestricted net position, \$123.3 million, may be used to meet the City's ongoing obligations to citizens and creditors.

Consistent with the prior year, at the end of the current fiscal year, the City is able to report positive balances in both categories of governmental and business-type net position. Net position for governmental activities increased by \$68.9 million over the prior year. The unrestricted net position of the business-type activities increased by \$1.2 million.

#### THE CITY AS A WHOLE (CONTINUED)

#### **Governmental Activities**

Revenues from governmental activities increased by \$42.9 million. The cost of all governmental activities this year was \$171.5 million, an increase of 15.60% over the past year. As shown in the Statement of Activities, the governmental activities expenses were ultimately financed in part by the taxpayers, as \$62.5 million in revenues were generated by service revenues received from the performance of these activities; another \$13.6 million was received from government agencies and other organizations that subsidized certain programs with operating grants and contributions; and another \$59.6 million in revenues was generated from capital grants and contributions. Overall, the City's governmental program and general revenues amounted to \$245 million, which funded the expenses and resulted in a \$68.9 million increase in net position.

#### **Business-Type Activities**

Business-type activities increased the City's net position by \$5.9 million for the current year. Business-type activities revenues increased by \$13.2 million during the year for a total of \$33.5 million in revenues, excluding the \$4.4 million of transfers in from other governmental activities. The increased revenue was largely due to a increase in capital grants and contributions of \$7.3 million. Related transit activity expenses increased by \$3.8 million.

#### THE CITY'S FUNDS

The governmental funds reported a combined fund balance at the end of the current fiscal year of \$299 million, an increase of \$43 million over the prior year. Approximately \$108 million is restricted and already committed for specific restricted purposes.

The total governmental fund balance includes the general fund balance of \$192 million. The General Fund is the chief operating fund of the City of Santa Clarita. The unassigned fund balance of \$58 million is available for spending at the City's discretion. More detailed information about the City's classification of fund balances are presented in Note 11 to the financial statements.

#### Other major fund balance changes are noted below:

- The Bridge and Thoroughfare Fund has realized an increase of \$60,900 in its fund balance from prior year.
- The Developer Fee Fund has realized an increase of \$1.13 million due to a decrease in developer contributions.
- The Public Library Fund has realized an increase of \$1.5 million in its fund balance from the prior year.
- The Landscape Maintenance District's fund balance decreased by \$11.4 million from the prior year.

In addition to the major funds, the fund balances for the other governmental funds experienced an aggregate increase of \$8 million.

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The total net position for the Transit Enterprise Fund increased over the prior year by \$5.9 million. The unrestricted portion of the business-type activities net position increased by \$1.2 million from the prior year.

The Internal Service Funds net position increased by \$948,173 or 10.1%. The ending fund balance for Internal Service Funds is \$10.3 million, of which \$8.8 million is unrestricted.

# **General Fund Budgetary Highlights**

Comparison of the fiscal year 2018-2019 original (adopted) general fund budgeted expenditures and transfers of \$99.4 million to the final budgeted expenditures of \$157 million results in a net increase of \$57.6 million.

Included in this net increase is \$3,183,704 committed purchase orders and contracts from the prior June 30 balance, as well as \$2,201,277 of prior fiscal year operating and capital improvement projects approved for carryover into fiscal year 2018-2019.

#### THE CITY'S FUNDS (CONTINUED)

| Original Budget<br>+ | Continued Appropriations + | Encumbrances<br>= | Beg. Balance + | Supplemental<br>Changes = | Final Budget  |
|----------------------|----------------------------|-------------------|----------------|---------------------------|---------------|
| \$99,393,207 +       | \$2,201,277+               | \$3,183,704 =     | \$104,778,188+ | \$ 51,890,256=            | \$156,668,444 |

Comparing the beginning budget of \$105 million with the final budget of \$157 million indicates the General Fund had supplemental budgetary appropriations of \$52 million during the fiscal year. Included in the supplemental appropriations are the results of this year's budget review.

During the mid-year budget review, budgeted general fund revenue had an increase of \$346,365. Included in the increase is \$292,893 in property tax.

At year-end, the City's actual general fund revenues were \$34 million more than the final budgetary estimates. Actual general fund expenditures were less than the final budgetary estimates by \$9.4 million of which \$25 million is attributed to the issuance of the 2019 Series Sheriff Station Bonds.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

#### **Capital Assets**

The City had \$1.07 billion (net of accumulated depreciation) invested in a broad range of capital assets. This investment in capital assets includes land, buildings and related improvements, vehicles and equipment, and infrastructure, such as streets, bridges, traffic signals, medians, sidewalks, trails, sewers, curbs and gutters, and drainage systems (see Table 3).

TABLE 3

Major capital asset events during the year included:

- Acquisitions, contributions and annexations of land totaling \$38.5 million
- Infrastructure additions totaling \$20.5 million.

Additional information on the City of Santa Clarita's capital assets can be located in Note 6 to the financial statements.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION (CONTINUED)

#### **Debt Administration**

At year-end, the City's total debt amounted to \$75.6 million in bonds, notes, capital leases, contracts, claims payable and compensated absences as shown in Table 4. A summary of debt activity for the year follows.

TABLE 4
CITY OF SANTA CLARITA'S OUTSTANDING DEBT

The City's governmental activities had \$75.6 million in debt at year-end. Governmental activities long-term debt increased overall by \$25.5 million.

No new debt related to business-type activities was issued or refinanced during the current fiscal year.

During the fiscal year ended June 30, 2019, the City was able to meet its current year debt obligation in a timely manner. State statutes limit the amount of general obligation debt a governmental entity may issue to 15% of its adjusted assessed valuation. The debt limitation for the City as of June 30, 2019 was \$1,249,105,265. The calculation of the debt limitation is included in the statistical section.

Additional information on the City of Santa Clarita's debt can be located in Note 7 to the financial statements.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS**

Our long history of conservative and strategic budget practices has allowed the City to maintain a balanced budget every year. Since the Great Recession, our organization has understood that there will continue to be economic peaks and valleys, and we need to be prepared and positioned for times when the economy is weak.

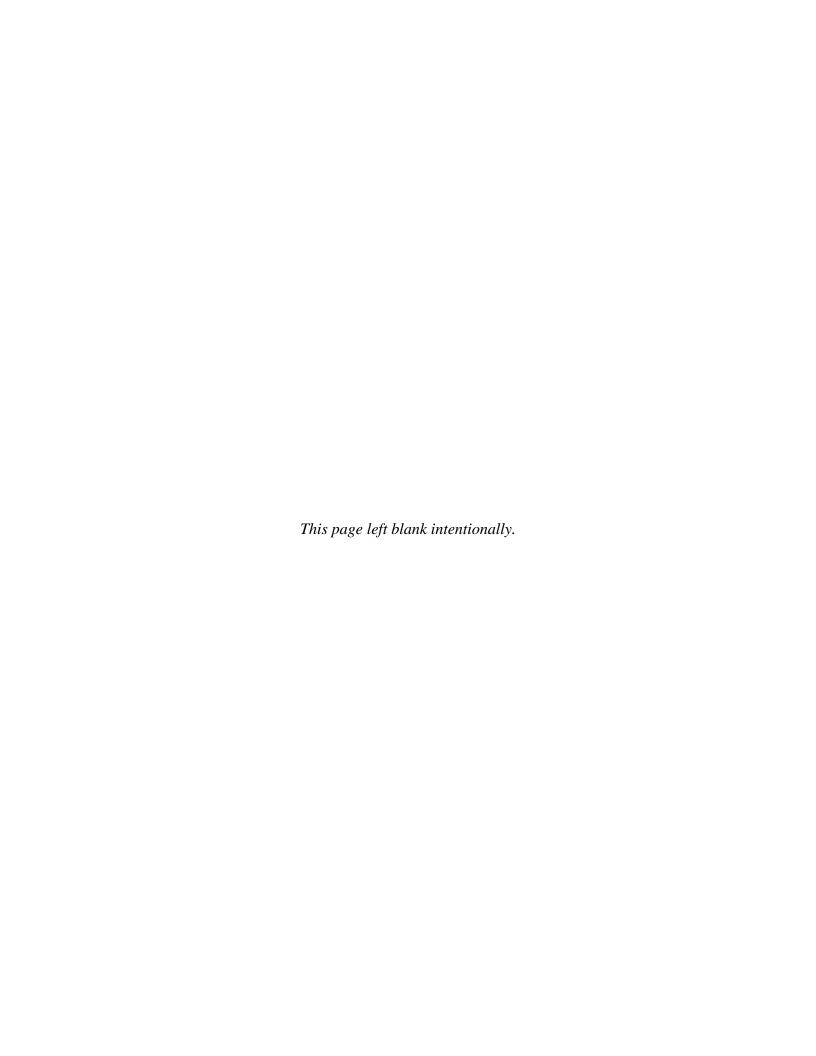

- General Fund sales tax revenue continues to be the largest revenue source to operate general governmental functions, accounting for 32% or \$37 million as projected in the 2019-2020 budget.
- Property tax revenues account for 33% of the General Fund budget or \$38 million in 2019-2020.
  The County Assessor's office makes changes to the City's property tax roll daily to reflect transfers in ownership, new construction, assessment appeals, parcel splits and other dynamic changes.

Total General Fund expenditures are projected to be \$113.6 million, resulting in a balanced budget, an operating surplus of \$385,906, and a 20% operating reserve of \$17.6 million. The City's 2019-2020 operating and capital budget for all funds is \$225.9 million, net of transfers.

The City remains dedicated to service excellence, teamwork and creativity. City staff continues to do more with less, find creative ways to maintain services revered by our community, and provide award-winning programs. The 2019-2020 budget remains to be a reflection of the City's commitment to the residents of Santa Clarita. This is consistent with the City's long tradition of ensuring that programming for Santa Clarita's youth and children is a priority to help promote growth and curb teen crimes. A copy of the City's 2019-2020 budget can be obtained by visiting the web at <a href="http://www.santa-clarita.com/city-hall/departments/city-manager-s-office/city-budget">http://www.santa-clarita.com/city-hall/departments/city-manager-s-office/city-budget</a>.

This financial report is designed to provide a general overview of the City's finances for all those with interest in the government's finances. Questions concerning any of the information provided in this report, or request for additional information should be addressed to the City Clerk, City of Santa Clarita, 23920 Valencia Blvd., Santa Clarita, California 91355.

## RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION JUNE 30, 2019

| Fund balances of governmental funds \$   | 5 298,916,710   |
|--|-----------------|
| Amounts reported for governmental activities in  |                 |
| the statement of net position are different because:                                     |                 |
|  |                 |
| Capital assets used in governmental activities are not financial resources               |                 |
| and therefore are not reported in the governmental funds. Those                          |                 |
| capital assets consist of:   |                 |
| Nondepreciable assets \$ 275,399,855   |                 |
| Depreciable assets, net of accumulated depreciation 709,935,344                          |                 |
|  | 985,335,199     |
| Revenues reported as deferred inflows in the governmental funds                          |                 |
| do not provide current financial resources but are                                       |                 |
| recognized in the Statement of Activities  | 23,052,169      |
| Amounts reported for net pension and OPEB liability are not due in the current period    |                 |
| and therefore are not reported in the governmental funds. Related                        |                 |
| components that will affect the net pension and OPEB liability in future measurement     |                 |
| years are reported as deferred outflows and deferred inflows of resources                |                 |
| are therefore not reported in the governmental funds.                                    |                 |
| Net pension liability (40,167,635)   |                 |
| Deferred outflows of resources related to pensions 19,235,605                            |                 |
| Deferred inflows of resources related to pensions (2,348,165)                            |                 |
| Net OPEB liability (5,945,111)   |                 |
| Deferred outflows of resources related to OPEB 1,797,485                                 |                 |
| Deferred inflows of resources related to OPEB (7,562,246)                                |                 |
| Deferred limitows of resources related to Of EB  |                 |
|  | (34,990,067)    |
| Long-term liabilities are not due and payable in the current period and                  |                 |
| therefore are not reported in the governmental funds. Those long-term                    |                 |
| liabilities consist of:  |                 |
| Revenue/taxable revenue bonds (66,183,412)   |                 |
| Private placement lease payable (2,177,480)  |                 |
| Capital leases (2,538)   |                 |
| Deferred outflow of resources related to loss on refunding 1,522,395                     |                 |
| Compensated absences (3,586,840)   |                 |
| Bridge and Thoroughfare developer payables (49,626,106)                                  |                 |
|  | (120,053,981)   |
| Accrued interest payable on long-term liabilities do not require the                     |                 |
| use of current financial resources and therefore are not reported in the                 | (104 (46)       |
| governmental funds.  | (194,646)       |
| Internal service funds are used by management to charge the costs of                     |                 |
| certain activities, such as insurance, and vehicle and computer                          |                 |
| replacement, to individual funds. These assets, deferred outflows/inflows of resources   |                 |
| and liabilities of the internal service funds are included in governmental activities in |                 |
| the Statement of Net Position.   | 10,337,901      |
| <del>-</del>   | ·               |

# RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2019

| Net changes in fund balances - total governmental funds   |    |              | \$ | 43,096,683   |
|---|----|--------------|----|--------------|
| Amounts reported for governmental activities in the statement of activities                         |    |              |    |              |
| are different because:  |    |              |    |              |
| Governmental funds report capital outlays as expenditures. However, in the                          |    |              |    |              |
| statement of activities the cost of those assets is allocated over their estimated useful lives and |    |              |    |              |
| reported as depreciation expense in the current period. Additionally, certain capital contributions |    |              |    |              |
| are only reflected as revenues on government-wide statement of activities.                          |    |              |    |              |
| Capital outlay and public works expenditures  | \$ | 34,924,292   |    |              |
| Capital contributions   |    | 37,045,246   |    |              |
| Depreciation expense  |    | (24,335,008) |    |              |
|   |    | _            |    | 47,634,530   |
| Revenues in the statement of activities that do not provide current financial                       |    |              |    |              |
| resources are not reported as revenues in the governmental funds.                                   |    |              |    | (1,947,691)  |
| Bond proceeds provide current financial resources to governmental funds, but                        |    |              |    |              |
| issuing debt increases long-term liabilities in the statement of net position.                      |    |              |    |              |
| Repayment of bond principal is an expenditure in the governmental funds, but                        |    |              |    |              |
| the repayment reduces long-term liabilities in the statement of net position.                       |    |              |    |              |
| Also, governmental funds report the effect of premiums and discounts when                           |    |              |    |              |
| debit is first issued, whereas these amounts are deferred and amortized in the                      |    |              |    |              |
| statement of activities. The following includes the amounts of repayment of                         |    |              |    |              |
| long-term liabilities:  |    |              |    |              |
| Changes in compensated absences   |    | (291,893)    |    |              |
| Bond proceeds   |    | (25,850,000) |    |              |
| Premium on bonds issued   |    | (1,463,083)  |    |              |
| Lease revenue bonds   |    | 1,415,000    |    |              |
| Private placement lease payable   |    | 1,418,260    |    |              |
| Capital leases  |    | 29,662       |    |              |
| Loss on refundings  |    | (185,645)    |    |              |

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Financial Reporting Entity

These financial statements present the financial results of the City of Santa Clarita, California (the City) and its component units as required by accounting principles generally accepted (GAAP) in the United States of America. Component units are legally separate entities for which the primary government is financially accountable. The City has one component unit, the Santa Clarita Public Financing Authority (the Authority). The Authority is governed by the Board of the Authority, which is comprised of City Council. Additionally, the City and Authority have a financial benefit or burden relationship. Therefore, the entity is reported as a blended component unit with the City's Comprehensive Annual Financial Report (CAFR). The City and the component unit have a June 30 year-end.

The City was incorporated on December 15, 1987, as a general law city. The City operates under a council-manager form of government and provides its citizens with a full range of municipal services, either directly or under contract with the County of Los Angeles. Such services include public safety (police and fire protection), building permit/plan approval, planning, community development, recreation, animal control, and street maintenance.

#### Component Unit - Santa Clarita Public Financing Authority

The Authority was established in July 1991 as a joint powers authority between the City and the former redevelopment agency for the purpose of providing financing and funding of public capital improvements and the acquisition of property. On May 10, 2016, the City Council adopted Resolution 16-15 that removed the Successor Agency from the agreement and substituted the Santa Clarita Parking Authority. The Authority's financial data and activity are reported within the debt service and capital projects fund types of the City. Separate financial statements for the Authority are not prepared.

#### B. Government-Wide and Fund Financial Statements

The City's government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the activities of the City. The effect of interfund activity has been removed from these statements, except for the interfund services provided and used. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Fiduciary activities of the City are not included in these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### *NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)*

#### C. Basis of Accounting and Measurement Focus

The government-wide financial statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the City's assets and liabilities, including capital assets, infrastructure assets, long-term liabilities, and deferred inflows and deferred outflows of resources are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred.

Certain types of transactions are reported as program revenues for the City in three categories:

- Charges for services
- Operating grants and contributions
- Capital grants and contributions

Certain eliminations have been made as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* in regard to interfund activities. All internal balances in the Statement of Net Position have been eliminated, except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated. The following interfund activities have been eliminated:

- Due to and from other funds
- Advances to and from other funds
- Transfers in and out

The City has conformed to the pronouncements of the GASB, which are acknowledged as the primary authoritative statements of GAAP in the United States of America applicable to state and local governments.

#### **Governmental Fund Financial Statements**

Governmental fund financial statements are reported using the "current financial resources" measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period for property and sales tax, and 90 days for all other revenues. Expenditures generally are recorded when a liability is incurred. However, debt service expenditures, expenditures related to compensated absences, pension and other post-employment benefits, and the redemption of district credits are recorded only when payment is due.

Property taxes, taxpayer-assessed tax revenues (e.g., franchise taxes, sales taxes, motor vehicle fees, etc.), net of estimated refunds and uncollectible amounts, intergovernmental revenues, charges for services, and interest associated with the current fiscal period are all considered susceptible to accrual and so have been recognized as revenues of the current fiscal period to the extent normally collected within the availability period, as defined above. All other revenue items are considered measurable only when cash is received by the City.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Basis of Accounting and Measurement Focus (Continued)

The City reports the following major governmental funds:

The <u>General Fund</u> is the primary operating fund of the City. It is used to account for all financial resources of the City that are not required to be accounted for in another fund.

The <u>Bridge and Thoroughfare Special Revenue Fund</u> is used to account for restricted district fees received from developers as set by the State Subdivision Law and the Los Angeles County and City of Santa Clarita, which are used for the construction of street, highway, bridge, and other thoroughfare in the Bouquet Canyon, Eastside Canyon, Via Princessa, and Valencia districts. This fund also accounts for the issuance and redemption of district credits associated with the contribution of infrastructure. The City has elected the Bridge and Thoroughfare Special Revenue Fund as a major fund for public interest purposes.

The <u>Developer Fees Special Revenue Fund</u> is used to account for monies received from developers restricted to fund specific projects and infrastructure maintenance throughout the City.

The <u>Public Library Special Revenue Fund</u> is used to account for property tax receipts and disbursements associated with the operation of the City of Santa Clarita Public Library. The City has elected the Public Library Special Revenue Fund as a major fund for public interest purposes.

The <u>Landscape Maintenance District #1 Special Revenue Fund</u> is used to account for property tax receipts and disbursements related to the landscape maintenance district. The City has elected the Landscape Maintenance District #1 Special Revenue Fund as a major fund for public interest purposes.

#### **Proprietary Fund Financial Statements**

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) and deferred inflows and deferred outflows of resources are included in the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred.

Operating revenues and expenses result from the operating and maintenance of the local public transit services. The operating revenues consist of charges to customers for the service provided. Operating expenses include the costs of providing these services, administrative expenses and depreciation expense. All revenues and expenses not meeting these definitions and which are not capital in nature are reported as non-operating revenues and expenses.

The City reports the following major enterprise fund:

The Transit Enterprise Fund is used to account for the operation of the City's local public transit bus system.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Basis of Accounting and Measurement Focus (Continued)

#### **Fiduciary Fund Financial Statements**

Fiduciary fund financial statements include a Statement of Net Position and a Statement of Changes in Fiduciary Net Position. The fiduciary funds represent an other postemployment benefits (OPEB) trust fund, a private-purpose trust fund and agency funds. Fiduciary fund types are accounted for according to the nature of the fund. Agency funds are reported on the accrual basis of accounting and are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. OPEB trust funds and private-purpose trust funds are reported using the "economic resources" measurement focus and the accrual basis of accounting.

The <u>OPEB Trust Fund</u> is used to account for transactions for retiree health care. The City has administrative involvement of the Plan, and has reported the trust and Plan in it's financial statements.

The <u>Redevelopment Successor Agency Private-Purpose Trust Fund</u> is used to account for monies received from the Los Angeles County Auditor Controller for the repayment of the enforceable obligations of the former Santa Clarita Redevelopment Agency. These funds are restricted for the sole purpose of payment of items on an approved Recognized Obligation Payment Schedule (ROPS).

The City reports the following agency funds:

The <u>Assessment District No. 92-2 Fund</u> is used to account for assets and liabilities held by the City as an agent and related to the debt service activity on no-commitment special assessment debt.

The <u>Assessment District No. 99-1 Fund</u> is used to account for assets and liabilities held by the City as an agent and related to the debt service activity on no-commitment special assessment debt.

The <u>Community Facilities District No. 2002-1 Fund</u> is used to account for assets and liabilities held by the City as an agent and related to the debt service activity on no-commitment special assessment debt.

The <u>Santa Clarita Watershed Recreation and Conservancy Authority</u> is used to account for assets and liabilities held by the City as an agent and related to the park and open space lands for the Santa Clarita Watershed Recreation and Conservancy Authority (the Watershed Authority).

The <u>Santa Clarita Public Television Authority</u> is used to account for assets and liabilities held by the City as an agent and related to the operations of the Santa Clarita Public Television Authority (the SCPTA).

#### **Fund Types Reported by the City**

Additionally, the City reports the following fund types:

The <u>Special Revenue Funds</u> are used to account for the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes.

The <u>Debt Service Funds</u> are used to account for the accumulation of resources for and payment of, interest and principal on long-term debt.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### *NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)*

#### C. Basis of Accounting and Measurement Focus (Continued)

#### **Fund Types Reported by the City**

The <u>Capital Projects Funds</u> are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by the proprietary funds).

The <u>Internal Service Funds</u> are used to account for the financing of special activities that provide services within the City. Such activities include self-insurance, computer replacement, and vehicle replacement.

#### D. Cash and Cash Equivalents and Investments

The City pools its available cash for investment purposes. The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturity of three months or less from the date of acquisition. Cash and cash equivalents are combined with investments and displayed as cash and investments. For purposes of the statement of cash flows of the proprietary fund types, cash and cash equivalents include all investments, as the City operates an internal cash management pool that maintains the general characteristics of a demand deposit account.

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, highly liquid money market investments with maturities of one year or less at time of purchase are stated at amortized cost. All other investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

The unexpended bond proceeds of the City's bonds are classified as restricted assets because their use is completely restricted to the purpose for which the bonds were originally issued. The City's cash and investments held by fiscal agents are pledged to the payment or security of certain long-term debt issuances. The California Government Code provides that these monies, in the absence of specific statutory provisions governing the issuance of the bonds, may be invested in accordance with the ordinance, resolutions, or indentures specifying the types of investments its trustees or fiscal agents may make.

The City also participates in the Los Angeles County Pooled Investment Fund, the Local Agency Investment Fund, and the California Asset Management Program.

In accordance with GASB Statement No. 40, *Deposit and Investment Risk Disclosures (an amendment of GASB Statement No. 3)*, certain disclosure requirements, if applicable, are provided for deposit and investment risk in the following areas:

- Interest Rate Risk
- Credit Risk
  - Overall
  - Custodial Credit Risk
  - Concentration of Credit Risk
- Foreign Currency Risk

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Cash and Cash Equivalents and Investments (Continued)

The City applies GASB Statement No. 72, Fair Value Measurements and Application for determining fair value measurements, applying fair value to investments, and disclosures related to the fair value hierarchy. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Cash and Investments with PARS related to the City's OPEB Trust are disclosed in Note 13.

#### E. Interfund Transactions

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds" (i.e. current portion of interfund loans) or "advances from/to other funds" (i.e. noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

During the course of operations, numerous transactions occur between individual funds involving goods provided or services rendered. There are also transfers of revenues from funds authorized to receive the revenue to funds authorized to expend it. Any residual balances outstanding between governmental and business-type activities are reported in the government-wide financial statements as "transfers."

#### F. Property Taxes/Special Assessments

Property taxes and special assessment taxes are considered enforceable liens on real property on July 1, the beginning of the fiscal year, and are due in two installments on November 1 and February 1; however, no penalties or interest are assessed until December 10 and April 10, respectively. These taxes are determined annually based on property values, subject to limits based on Proposition 13, as of January 1 of the levy year, which is prior to the end of the previous fiscal year. The County of Los Angeles bills and collects these taxes for the City and are remitted on a monthly basis. Remittance of property taxes to the City is accounted for in the City's General Fund and Public Library Special Revenue Fund. Property taxes on certain registered motor vehicles are assessed and collected throughout the year. Special assessments are reported in the City's Special Assessment Special Revenue Fund.

#### G. Allowances for Uncollectible Accounts

Allowances for uncollectible accounts are maintained on customer and other trade receivables that historically experience uncollectible amounts. Allowances are based on collection experience and management's evaluation of the current status of existing receivables.

#### H. Prepaid Costs

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. These are accounted for using the consumption method, and accordingly, the expenditure is recorded in the period in which the goods or services are received.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### I. Capital Assets

#### Government-Wide Financial Statements, Proprietary Funds, and Fiduciary Funds

Capital assets, which include land, site improvements, buildings and improvements, and equipment and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary funds and fiduciary funds. General infrastructure assets consist of roads, curbs and gutters, sidewalks, medians, street signs, bus shelters, bridges, trails, traffic signals, and storm drains/catch basins. Capital assets are defined by the City as assets with an initial cost of more than \$5,000 (\$25,000 for site improvements and building improvements and \$100,000 for infrastructure) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| Site Improvements          | 5-25 years  |
|----------------------------|-------------|
| Buildings and Improvements | 5-50 years  |
| Equipment                  |             |
| Infrastructure             | 20-60 years |

#### **Governmental Fund Financial Statements**

The governmental fund financial statements do not present capital assets. Instead, capital assets purchases are reported as capital outlay expenditures or other functional expenditures such as public works. As such, capital assets are shown as a reconciling item in the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position.

#### J. Long-Term Debt

#### Government-Wide Financial Statements, Proprietary Funds, and Fiduciary Funds

Long-term debt and other financed obligations, such as developer district credits, are reported as liabilities in the government-wide, proprietary fund, and fiduciary fund financial statements.

Bond premiums, discounts, and deferred gains and losses on refundings are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable premium or discount. Deferred gains and losses on refundings are reported as a deferred inflow or deferred outflow of resources.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### *NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)*

#### J. Long-Term Debt (Continued)

#### **Governmental Fund Financial Statements**

The governmental fund financial statements do not present long-term debt and other financed obligations. Governmental funds recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuances costs are reported as debt service expenditures. Principal payments and reductions in the obligation are reported as debt service expenditures. As such, long-term debt and other financed obligations are shown as reconciling items in the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position.

#### K. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation (compensated absences). For proprietary fund types and governmental activities, this accumulation is recorded as an expense and liability of the appropriate fund in the fiscal year earned. For the governmental funds, the amount of accumulated unpaid vacation, which is payable from available resources, is recorded as a liability of the General Fund when it has matured (i.e. when due and payable).

#### L. Claims and Judgments

When it is probable that a claim liability has been incurred at year-end and the amount of the loss can be reasonably estimated, the City records the estimated loss, net of any insurance coverage, under its self-insurance program. Claims payable, which includes an estimate for incurred but not reported (IBNR) claims, is recorded in the Self-Insurance Internal Service Fund.

#### M. Pensions

The net pension liability, deferred outflows and inflows of resources related to pensions, pension expense, information about the fiduciary net position of the California Public Employees' Retirement System (CalPERS), and additions to/deductions from CalPERS' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

A deferred outflow of resources is a consumption of net position or fund balance by a government that is applicable to a future reporting period. A deferred inflow of resources represents an acquisition of net position or fund balance by the government that is applicable to a future period. Deferred outflows and inflows of resources related to pensions represent amounts that will be recognized as adjustments to pension expense in future years. As noted in Note 12, deferred outflows and inflows of resources will be recognized as pension expense in future years. Contributions subsequent to the measurement period will be recognized during the fiscal year ending June 30, 2020.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### *NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)*

#### N. Other Post-Employment Benefits

For purposes of measuring the net OPEB liability, deferred outflows or resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's Plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value (see Note 13).

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date June 30, 2018 Measurement Date June 30, 2019

Measurement Period July 1, 2018 to June 30, 2019

#### O. Net Position and Fund Balances

#### Government-Wide Financial Statements, Proprietary Funds, and Fiduciary Funds

Net position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources, and is classified into three categories:

<u>Net Investment in Capital Assets</u> – This amount consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets, and excludes unspent debt proceeds. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position.

<u>Restricted</u> – This amount represents the net position that is not accessible for general use because its use is subject to restrictions enforceable by third parties and enabling legislation, reduced by liabilities and deferred inflows of resources related to those assets.

<u>Unrestricted</u> – This amount represents the residual of amounts not classified in the other two categories and represents the net equity available for the City.

#### **Governmental Fund Financial Statements**

In the governmental fund financial statements, fund balances are classified in the following categories:

<u>Nonspendable</u> – Items that cannot be spent because they are not in spendable form, such as prepaid items and inventories; advances, which are long-term interfund borrowings; and items that are legally or contractually required to be maintained intact, such as principal of an endowment or revolving loan funds.

<u>Restricted</u> – Restricted fund balances encompass the portion of net fund resources subject to externally enforceable legal restrictions. This includes externally imposed restrictions by creditors, such as through debt covenants, grantors, contributors, laws or regulations of other governments, as well as restrictions imposed by law through constitutional provisions or enabling legislation.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### O. Net Position and Fund Balances (Continued)

<u>Committed</u> – Committed fund balances encompass the portion of net fund resources, the use of which is constrained by limitations that the government imposes upon itself at its highest level of decision-making, City Council through Council Resolution, and that remain binding unless removed in the same manner. The City Council is considered the highest authority for the City.

<u>Assigned</u> – Assigned fund balances encompass the portion of net fund resources reflecting the government's intended use of resources. Assignment of resources can be done by the highest level of decision-making or by a committee or official designated for that purpose. The City Treasurer authorizes assigned amounts for specific purposes pursuant to the policy-making powers granted to him through a resolution adopted by the City Council.

<u>Unassigned</u> —This includes the excess residual amounts in the General Fund and the residual deficit of all other governmental funds, which have not been restricted, committed, or assigned to specific purposes. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

The City Council has approved an operating reserve to be used for one-time unanticipated expenditure requirements and local disaster. At June 30, 2019, the balance totaled \$17,640,000, which is included in the unassigned fund balance in the General Fund.

#### P. Spending Policy

#### **Government-Wide Financial Statements and Proprietary Fund Financial Statements**

When an expense is incurred for purposes for which both restricted and unrestricted resources are available, the City's policy is to apply restricted resources first.

#### **Governmental Fund Financial Statements**

When expenditures are incurred for purposes for which all restricted, committed, assigned, and unassigned fund balances are available, the City's policy is to apply in the following order, except for instances wherein an ordinance specifies the fund balance:

- Restricted
- Committed
- Assigned
- Unassigned

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### *NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)*

#### Q. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of certain balances and the disclosure of contingent assets and liabilities at the date of the basic financial statements and the related reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Management believes that the estimates are reasonable.

#### R. Deferred Inflows of Resources, Unavailable Revenue and Unearned Revenue

#### **Government-Wide Financial Statements**

Unearned revenue represents money received during the current or previous years that has not been earned because certain performance criteria have not been met.

#### **Fund Financial Statements**

As described above, a deferred inflow of resources represents an acquisition of fund balance by the government that is applicable to a future period. In addition to unearned revenue, governmental funds report deferred inflows of resources related to resources that have earned but have not been received within the availability period. This does not provide an available financial resource in the current period; therefore, recognition is deferred until these criteria have been met.

#### S. Pronouncements Adopted in the Current Year

GASB Statement No. 83 – In November 2016, the GASB issued Statement No. 83, Certain Asset Retirement Obligations. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs), which is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability, and include certain disclosures within the financial statements, based on the guidance in this Statement. This Statement is effective for reporting periods beginning after June 15, 2018, or the 2018-19 fiscal year. The City implemented this Statement effective July 1, 2018.

**GASB Statement No. 88** – In March 2018, the GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. The objective of this Statement is to improve consistency in the information that is disclosed in the notes to government financial statements related to debt, including direct borrowings and direct placements, and to provide financial statement users with additional essential information about debt. This Statement is effective for reporting periods beginning after June 15, 2018, or the 2018-19 fiscal year. The City implemented this Statement effective July 1, 2018.

GASB Statement No. 89 – In June 2018, the GASB issued Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period. The objectives of this Statement are (a) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (b) to simplify accounting for certain interest costs. This Statement is effective for reporting periods beginning after December 15, 2019, or the 2020-21 fiscal year. The City implemented this Statement effective July 1, 2018.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### *NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)*

#### T. Pronouncements Issued But Not Yet Adopted

The GASB has issued pronouncements that have an effective date subsequent to June 30, 2019, which may impact future financial presentations. Management has not determined what, if any, impact implementation of the following Statements may have on future financial statements of the City:

GASB Statement No. 84 – In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018, or the 2019-20 fiscal year. The City has not determined the effect of this Statement.

GASB Statement No. 87 – In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the reporting periods beginning after December 15, 2019, or 2020-2021 fiscal year. The City has not determined the effect of the Statement.

**GASB Statement No. 90** – In September 2018, the GASB issues Statement No. 90, *Majority Equity Interests, an amendment of GASB Statements No. 14 and No. 61*. The objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The Statement is effective for reporting periods beginning after December 15, 2018, or the 2019-20 fiscal year. The City has not determined the effect of this Statement.

GASB Statement No. 91 – In May 2019, the GASB issues Statement No. 91, Conduit Debt Obligations. The objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The Statement is effective for reporting periods beginning after December 15, 2020, or the 2021-22 fiscal year. The City has not determined the effect of this Statement.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### *NOTE 2 – CASH AND INVESTMENTS*

#### A. Cash and Investments

Cash and investments at June 30, 2019, are classified in the accompanying financial statements as follows:

|   | Governmental Activities |              | Fidu | ıciary Funds | <br>Total         |
|---|-------------------------|--------------|------|--------------|-------------------|
| Cash and investments                            |                         | 305,730,725  | \$   | 1,288,861    | \$<br>307,019,586 |
| Restricted assets:                              |                         |              |      |              |                   |
| Cash and investments                            |                         | 9,571,274    |      | 18,008       | 9,589,282         |
| Cash and investments with fiscal agents         |                         | 26,802,109   |      | 4,147,929    | <br>30,950,038    |

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### *NOTE 2 – CASH AND INVESTMENTS (CONTINUED)*

#### A. Cash and Investments (Continued)

The carrying amounts of the City's deposits were \$11,755,736 at June 30, 2019. Bank balances before reconciling items were \$17,131,704 at that date, the total amount of which was collateralized or insured with securities held by the pledging financial institutions in the City's name.

Cash and Investments with PARS related to the City's OPEB Trust are disclosed in Note 13.

#### B. Investments Authorized by the California Government Code and the City's Investment Policy

The following table identifies the investment types that are authorized for the City by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy.

<sup>\*</sup> Excluding amounts held by bond trustees that are not subject to California Government Code Restrictions.

<sup>\*\*</sup> Banker's acceptances may have no more than 30 percent in any one commercial bank, commercial paper may not represent more than 10 percent of the City's surplus funds for any single issuer, and money market mutual funds may have no more than 10 percent invested in any one mutual fund.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

#### C. Investments Authorized by Debt Agreements

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustees. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

|   | Maximum  |               |               |  |
|---|----------|---------------|---------------|--|
|   |          | Percentage of | Maximum       |  |
|   | Maximum  | Amount of     | Investment in |  |
| Authorized Investment Type                              | Maturity | Portfolio     | One Issuer    |  |
| U.S. Treasury Obligations                               | N/A      | 50%           | None          |  |
| U.S. Government-Sponsored Enterprise Securities         | 5 years  | None          | None          |  |
| Money Market Funds                                      | 5 years  | None          | None          |  |
| State of California Local Agency Investment Fund (LAIF) | 5 years  | 30%           | None          |  |

#### D. Disclosures Relating to Interest Rate Risk

As a means of limiting its exposure to fair-value losses arising from rising interest rates, the City's investment policy limits investments to a maximum maturity of five years from the date of purchase.

Interest rate risk is the risk that changes in market interest rates which will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter-term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time, as necessary, to provide the cash flow and liquidity needed for operations.

At June 30, 2019, the City had the following investment maturities:

|   |                   | Investment Maturities (In Years) |             |        |            |           |            |    |            |    |            |
|---|-------------------|----------------------------------|-------------|--------|------------|-----------|------------|----|------------|----|------------|
| Investment Type                           | Fair Value        |                                  | Less Than 1 | 1 to 2 |            |           | 2 to 3     |    | 3 to 4     |    | 4 to 5     |
| Investments:                              |                   |                                  |             |        |            |           |            |    |            |    |            |

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

#### E. Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating, as reported by Standard & Poor's, as of year-end for each investment type:

|   | Minimum |                |                |               |               |               |                |
|---|---------|----------------|----------------|---------------|---------------|---------------|----------------|
| Investment Type                           | Rating  | Fair Value     | AAA            | AA+           | AA/A-1        | A             | Unrated        |

<sup>\*</sup> Included in the medium-term notes is an investment in Lehman Brothers, which is not rated as of June 30, 2019. Lehman Brothers filed for Chapter 11 bankruptcy protection on September 15, 2008, and the company's assets are still in the process of being liquidated. The value of the investment reported is the amount the City estimates it will receive when the investment is redeemed. As of June 30, 2019, this investment is recorded at \$34,400.

#### F. Concentration of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code.

#### G. Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk associated with investments that are uninsured, are not in the name of the City, or are held by counterparty or counterparty's trust department or agent but not in the City's name. In the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the counterparty is then unable to deliver securities that are in the possession of another party. As of June 30, 2019, none of the City's deposits or investments were exposed to custodial credit risk.

#### H. Fair Value Classifications

Fair value measurements are categorized based on the valuation inputs used to measure fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments categorized as Level 2 are valued using market approach using quoted market prices and matrix pricing.

Investments' fair value measurements are as follows as of June 30, 2019:

| Investment Type                           | Fair Value        | Level 2 |             |  |  |

| Money Market Funds                        | 30,950,038        |         |             |  |  |
| Total Investment Portfolio                | \$<br>335,803,170 |         |             |  |  |

Deposits and withdrawals related to the investments in LAIF, LACPIF, CAMP, and money market funds are made on the basis of \$1 and not fair value. Accordingly, under the fair value hierarchy these investments are uncategorized.

### NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

#### I. Investment in State Investment Pool

The City is a participant in the Local Agency Investment Fund (LAIF), which is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. Each City may invest up to \$65,000,000 without limitation in special bond proceeds accounts. Investments in LAIF are highly liquid, as deposits can be converted to cash within 24 hours without loss of interest. The City's investments with LAIF at June 30, 2019 included a portion of the pool funds invested in structured notes and asset-backed securities:

<u>Structured Notes</u> – Debt securities (other than asset-backed securities) whose cash flow characteristics (coupon rate, redemption amount, or stated maturity) depend upon one or more indices and/or that have embedded forwards or options.

<u>Asset-Backed Securities</u> – Generally mortgage-backed securities that entitle their purchasers to receive a share of the cash flows from a pool of assets such as principal and interest repayments from a pool of mortgages (for example, collateralized mortgage obligations) or credit card receivables.

As of June 30, 2019, the City had \$35,890,374 invested in LAIF, which had invested 2.89 percent of the pool investment funds in structured notes and asset-backed securities. The LAIF fair value factor was used to calculate the fair value of the investments in LAIF from their amortized cost basis.

LAIF is overseen by the Local Agency Investment Advisory Board, which consists of five members, in accordance with State statute.

#### J. Investment in County Investment Pool

The Los Angeles County Pooled Investment Fund (LACPIF) is a pooled investment fund program governed by the Los Angeles County Board of Supervisors and administered by the Los Angeles County Treasurer and Tax Collector. Investments in the LACPIF are highly liquid, as deposits and withdrawals can be made at any time without penalty. The LACPIF does not impose any maximum investment limit. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's prorated share of the fair value provided by the LACPIF for the entire LACPIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the LACPIF, which are recorded on an amortized cost basis.

As of June 30, 2019, the City had \$1,592,281 invested in the LACPIF.

#### K. Investment in California Asset Management Program

The City is a voluntary participant in a Joint Powers Authority (JPA), the California Asset Management Program (CAMP), which is a permitted investment under California Government Code 53601(p). CAMP is directed by a Board of Trustees, which is made up of experienced local government finance directors and treasurers.

As of June 30, 2019, the City had \$50,350,445 invested in the CAMP.

| Less: allowance for uncollectibles | <br>(16,220)           |              |    | (430,004)          |  |
| Accounts Receivables, Net          | \$<br>126,125          | \$<br>31,376 | \$ | 703,857            |  |

#### NOTE 4 – LOANS RECEIVABLE

The City has provided deferred-payment rehabilitation loans to qualified homeowners in connection with CDBG and HOME rehabilitation programs. In the governmental funds, the loans receivable balance totaling \$2,403,765 at June 30, 2019, has been offset by deferred inflows of resources for unavailable revenues in the non-major governmental funds, since these loans are not available to finance current expenditures.

#### NOTE 5 - NOTES TO RDA SUCCESSOR AGENCY

Prior to the dissolution of the former redevelopment agency, the General Fund and Developer Fees Special Revenue Fund advanced the former redevelopment agency funding for various redevelopment activities. These advances were made in the form of promissory notes and were transferred to the RDA Successor Agency upon dissolution. In fiscal year 2014-2015, the California Department of Finance (DOF) approved final loan amounts from the General Fund and Developer Fees Special Revenue Fund to the former redevelopment agency for \$7,225,964 and \$5,407,868, respectively, using a LAIF rate of 0.26 percent, which was in effect when the Oversight Board reinstated the loans on February 25, 2015. On September 22, 2015, the Committee on Budget and Fiscal Review of the California State Senate approved SB 107. A mandate of this legislation included a recalculation of the notes to the RDA Successor Agency using a 3 percent simple interest from the origination of the note, instead of the LAIF rate. For fiscal year 2015-2016 and subsequent, the loan amounts will increase by the 3 percent interest only. As of June 30, 2019, the loan amounts reported in the General Fund and Developer Fees Special Revenue Fund was \$9,553,358 and \$6,911,055, respectively. The unpaid accrued interest of these notes is \$2,947,529 and \$1,591,168 respectively.

Transit enterprise fund \$ 5,354,874

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

### NOTE 7 – LONG-TERM DEBT

#### A. Governmental Activities

The City has outstanding general obligation bonds and notes from direct borrowings and direct placements related to governmental activities totaling \$66,216,562 and \$2,180,018, respectively. The City has pledged assessment revenues to pay for the debt service for the general obligation bonds related to government-type activities. All outstanding general obligation bonds contain an event of default that changes the timing of repayment of outstanding amounts to become immediately due if the City is unable to make payment. The following is a summary of long-term debt transactions of the City for the year ended June 30, 2019:

|  |    |              |    |            |    |             |    |              |    | Classi     | ficatio | on          |

### Lease Revenue Bonds – Series 2016A and 2016B

In June 2016, the Authority issued Lease Revenue Refunding Bonds, Series 2016A (Golden Valley Road) and Series 2016B (OSPD), in the amount of \$10,320,000 and \$14,020,000, respectively. Interest on the Refunding Lease Revenue Bonds, Series 2016A, is paid as part of a variable rate between 2 percent and 4 percent payable on June 1 and December 1 of each year commencing on December 1, 2016. Interest on the Refunding Lease Revenue Bonds, Series 2016B, is paid as part of a variable rate between 2 percent and 4 percent payable on April 1 and October 1 of each year commencing on October 1, 2016. Principal payments are due annually in various amounts commencing December 1, 2016, through December 1, 2035, for Series 2016A, and October 1, 2016, through October 1, 2037, for Series 2016B. The unpaid balance as of June 30, 2019, was \$9,185,000 for Series 2016A and \$13,145,000 for Series 2016B.

The Open Space Preservation District (OSPD) special assessment revenues within the OSPD Fund have been pledged as an available source of repayment for the bonds.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

### NOTE 7 – LONG-TERM DEBT (CONTINUED)

## B. Governmental Activities (Continued)

## Lease Revenue Bonds - Series 2019

In June 2019, the Authority issued Lease Revenue Bonds, Series 2019 (Sheriff Station Project) in the amount of \$25,850,000. The City will lease certain real property in conjunction with the Sheriff Station project, and receive rental payments, which are pledged for repayment of the bonds. Interest on the Lease Revenue Bonds, Series 2019, is paid as part of a variable rate between 4 percent and 5 percent payable on June 1 and December 1 of each year commencing on December 1, 2019. Principal payments are due annually in various amounts commencing December 1, 2022, through June 1, 2049. The unpaid balance as of June 30, 2019, was \$25,850,000. The bonds maturing on or after June 1, 2028 are subject to redemption prior to their respective maturity dates as a whole or in part on any date on or after June 1, 2027 at a redemption price equal to the principal amount of the Bonds to be redeemed, plus accrued but unpaid interest, without premium. Further, the bonds are subject to redemption prior to their respective maturity dates, as a whole or in part on a pro rata basis if the City takes the leased property or any portion by power of eminent domain, or from insurance proceeds due to destruction of the leased property, at a redemption price equal to the sum of the principal of the bonds to be redeemed plus accrued by unpaid interest, without premium. The term bonds maturing on June 1, 2037 are subject to mandatory redemption by sinking account payments of \$940,00 and \$970,000 on June 1, 2036 and June 1, 2037, respectively.

The annual debt service requirements on the remaining bonds are as follows:

|                      | Governmental Activities |              |              |  |  |  |

# Revenue and Taxable Revenue Bonds – Series 2018A and 2018B (Streetlights Acquisition and Retrofit Program)

In June 2018, the Authority issued 2018 Revenue Bonds Series A and 2018 Taxable Revenue Bonds Series B, in the amount of \$11,295,000 and \$4,005,000, respectively.

Interest on the 2018 Revenue Bonds Series A, is paid as part of a variable rate between 3 percent and 5 percent payable on September 1 and March 1 of each year commencing on September 1, 2018. Principal payments are due annually in various amounts commencing September 1, 2018 through September 1, 2048, for the Series A bonds. The unpaid balance as of June 30, 2019, was \$11,295,000.

Interest on the 2018 Taxable Revenue Bonds Series B, is paid as part of a variable rate between 2.150 percent and 3.750 percent payable on September 1 and March 1 of each year commencing on September 1, 2018. Principal payments are due annually in various amounts commencing September 1, 2018 through September 1, 2028, for the Series B bonds. The unpaid balance as of June 30, 2019, was \$3,280,000. The bonds are payable from and secured by a pledge of and first lien on amounts on deposit in the Streetlighting fund, including assessment revenues and Ad-valorem revenues.

Ad valorem revenues and assessment revenues within the Lighting District Funds have been pledged as available sources of repayment for the bonds.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 8 – DEPOSITS PAYABLE

The City collects deposits for a) improvements within the City, b) donations received for specified services, and c) deposits received in advance for recreation programs or other department services. These balances represent amounts that have been collected for which the eligibility requirements for revenue recognition have not been met. As of June 30, 2019, deposits payable were as follows:

| General Fund:                      |                  |
|------------------------------------|------------------|
| Deposits from developers           | \$<br>2,870,388  |
| Sheriff's Station deposits payable | 9,818,783        |
| Other deposits payable             | <br>801,070      |
| Total General Fund                 | \$<br>13,490,241 |
| Developer Fees                     |                  |
| Deposits from developers           | 1,050,000        |

On May 31, 2016, the City entered into a memorandum of understanding with the County of Los Angeles (County) for the new Santa Clarita Valley Sheriff's Station. The County agreed to deposit \$15,000,000 into the City's trust account earmarked for the design, engineering, and construction of the new Station. As of June 30, 2019, the City has used \$5,181,217 from amounts on deposit.

14,540,241

### NOTE 9 – DEVELOPER CREDITS

Total Deposits Payable

The City and County of Los Angeles have established the Santa Clarita Valley Bridge and Major Thoroughfare Districts to accommodate the needs of future development anticipated by the County of Los Angeles and the City of Santa Clarita General Plans. Included in the formation documents are provisions for district fees to be paid by developers, which are to be used to assist the City in constructing and maintaining the infrastructure within the areas of benefit. In lieu of paying the district fees, developers are allowed to donate infrastructure (roadways, bridges, intersections, and interchanges) necessary for the future development of the districts. In certain cases, the developer may donate infrastructure with a value that exceeds the district fees collected. If this occurs, the developer can receive a credit toward future district fees or request a cash withdrawal of the excess amount, subject to City approval if funding is determined to be available. As of June 30, 2019, the City accrued a liability of \$49,626,106 for the value of infrastructure donated in excess of the district fees that were owed. There is no maturity schedule for the developer payables, and it has been determined that current financial resources will not be used to repay the liability; therefore, the liability has been recorded as a long-term obligation in the governmental activities in the Statement of Net Position.

The following is a summary of developer credits by district for the year ended June 30, 2019:

## Bridge and Thoroughfare

In March 2006, the General Fund advanced the Bridge and Thoroughfare Special Revenue Fund \$430,000 for acquisition of land. The advance accrues interest at a rate equal to the yield of the average monthly investment portfolio and will be repaid with future available resources of the Bridge and Thoroughfare Special Revenue Fund. There is no fixed repayment schedule. At June 30, 2019, the amount of the advance outstanding is \$578,206.

In December 2007, the General Fund advanced the Bridge and Thoroughfare Special Revenue Fund \$3,000,000 to pay outstanding developer payables at the time. The advance accrues interest at a rate equal to the yield of the average monthly investment portfolio and will be repaid with future available resources of the Bridge and Thoroughfare Special Revenue Fund. There is no fixed repayment schedule. At June 30, 2019, the amount of the advance outstanding is \$1,013,723.

In July 2015, the General Fund advanced the Bridge and Thoroughfare Special Revenue Fund \$400,000 to acquire the right-of-way for the project that will design and widen the Newhall Ranch Road Bridge over the San Francisquito Creek. The advance accrues interest at a rate equal to the yield of the average monthly investment portfolio and will be repaid with future available resources of the Bridge and Thoroughfare Special Revenue Fund. There is no fixed repayment schedule. At June 30, 2019, the amount of the advance outstanding is \$424,871.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

### NOTE 10 – INTERFUND TRANSACTIONS (CONTINUED)

### B. Advances (Continued)

In June 2016, the General Fund advanced the Bridge and Thoroughfare Special Revenue Fund \$3,000,000 for the design of mass grading plans, buttress fill, survey, topography, complete roadway design and signals for the future intersections and road extension. The advance accrues interest at a rate equal to the yield of the average monthly investment portfolio and will be repaid with future available resources of the Bridge and Thoroughfare Special Revenue Fund. There is no fixed repayment schedule. At June 30, 2019, the amount of the advance outstanding is \$586,464.

In January 2017, the General Fund advanced the Bridge and Thoroughfare Special Revenue Fund \$3,500,000 for the widening of the Newhall Ranch Road Bridge over the San Francisquito Creek (Project S1039). The advance accrues interest at a rate equal to the yield of the average monthly investment portfolio and will be repaid with future available resources of the Bridge and Thoroughfare Special Revenue Fund. The payments are payable in separate annual installments over an eight-year period beginning January 2017 and ending June 2025. At June 30, 2019, the amount of the advance outstanding is \$2,578,297

In July 2010, the Developer Fees Special Revenue Fund advanced the Bridge and Thoroughfare Special Revenue Fund \$111,242 for the design and construction costs of the Newhall Avenue Pedestrian, Facilities, and Sidewalk project. The advance accrues interest at a rate equal to the yield of the average monthly investment portfolio and will be repaid with future available resources of the Bridge and Thoroughfare Special Revenue Fund. There is no fixed repayment schedule. At June 30, 2019, the amount of the advance outstanding is \$126,580.

In May 28, 2019, the General Fund advanced the Bridge and Thoroughfare Special Revenue Fund \$2,000,000 for the onsite construction of the new Santa Clarita Valley Sheriff Station, which includes the main station building, detention facility, helipad, dry utilities, radio antenna tower, perimeter walls, landscaping, furnishings, fixtures, and equipment. The advance accrues interest at a rate equal to the yield of the average monthly investment portfolio and will be repaid with future available resources of the Bridge and Thoroughfare Special Revenue Fund. There is no fixed repayment schedule. At June 30, 2019, the amount of the advance outstanding is \$2,004,133.

### **Public Library**

The General Fund advanced the Public Library Special Revenue Fund \$8,398,938, which consists of the following individual advances:

In April 2011, the General Fund advanced the Public Library Special Revenue Fund \$388,323 for the acquisition of a radio frequency identification system and related software for the Santa Clarita Public Library. The advance accrues interest at a rate equal to the rate of return on investments and shall be repaid with future available resources of the Public Library Special Revenue Fund. As of June 30, 2019, the principal amount of the advance was paid off in full.

In May 2011, the General Fund advanced the Public Library Special Revenue Fund \$8,071,596 for the acquisition of library facilities, real property, personal property, and collections from the County of Los Angeles. The advance accrues interest at a rate equal to the rate of return on investments and shall be repaid with future available resources of the Public Library Special Revenue Fund. At June 30, 2019, the principal amount of the advance of \$4,593,863 is outstanding.

#### *NOTE 12 – AGENT MULTIPLE-EMPLOYER PLAN*

### A. Plan Description

The City's defined benefit pension plan, California Public Employees' Retirement System (CalPERS), provides pensions for all permanent full-time general and some part-time employees of the City. CalPERS is an agent-multiple employer defined benefit pension plan administered by the California Public Employees' Retirement System. CalPERS acts as a common investment and administrative agent for its participating member employers and are included within Public Employees' Retirement Fund A (PERF A). Benefits provisions under the Plan are established by State statute and may be amended by City resolution. CalPERS issues a publicly available financial report, which includes a full description of the pension plan regarding benefit provisions, and assumptions and membership information that can be obtained at <a href="https://www.calpers.ca.gov">https://www.calpers.ca.gov</a>.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

# *NOTE 12 – AGENT MULTIPLE-EMPLOYER PLAN (CONTINUED)*

## B. Benefits Provided

CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits (total service across all CalPERS employers, and with certain other Retirement Systems with which CalPERS has reciprocity agreements). All members are eligible for non-duty disability benefits after 5 years of service. The death benefit is one of the following: Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for the plan are applied as specified by the Public Employees' Retirement Law.

Miscellaneous

the last 6 months). \*\*

The Plan's provisions and benefits in effect as of June 30, 2019 are summarized as follows:

<sup>\*</sup> For unrepresented Tier 1 participants, the City pays 1% of the required employee contribution. For the SEIU Tier 1 participants, the City pays 1% of the required employee contributions. The City does not pay any portion of the employee contribution for Tier 2 or Tier 3 participants. These payments are classified as employee contributions in accordance with GASB 68.

<sup>\*\*</sup> Those hired as part-time seasonal (PTS) who later convert to regular full-time will qualify for Tier 1, 2 or 3 depending on their conversion date.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

# *NOTE 12 – AGENT MULTIPLE-EMPLOYER PLAN (CONTINUED)*

## C. Employees Covered by Benefit Terms

At June 30, 2017, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 190   |
|--|-------|
| Employees entitled to but not yet receiving benefits             | 407   |
| Active employees   | 405   |
|  | 1,002 |

The information was obtained from the CalPERS Annual Valuation Report as of June 30, 2017 and is the most recent information available.

#### D. Contributions

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Refer to Section B for required contribution rates during the year ended June 30, 2019, including amounts paid by the City related to employees' required contribution rates. The employer contributions during the year ended June 30, 2019 were \$12,499,992.

#### E. Actuarial Assumptions

The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date June 30, 2017 Measurement Date June 30, 2018

Actuarial Cost Method Entry-Age Normal Cost Method

Actuarial Assumptions:

Discount Rate 7.15 percent Inflation 2.75 percent

Salary increases Varies by Entry Age and Service

Investment rate of return 7.50 percent

Mortality rates were based on the 2014 CalPERS actuarial experience study for the period 1997 to 2011. Preretirement mortality rates include 20 years of projected mortality improvement using Scale BB published by the Society of Actuaries

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

# *NOTE 12 – AGENT MULTIPLE-EMPLOYER PLAN (CONTINUED)*

# E. Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. In determining the long-term expected 7.50 percent rate of return on pension plan investments, CalPERS took into account both short- and long-term market return expectations, as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short- and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short- and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The target allocation and best estimates of arithmetic real rates of return for each major asset class are the same for each Plan.

These geometric rates of return are net of administrative expenses and are summarized in the following table:

|                            | Assumed Asset | Real Return               | Real Return              |
|----------------------------|---------------|---------------------------|--------------------------|
| Asset Class <sup>(1)</sup> | Allocation    | Years 1-10 <sup>(2)</sup> | Years 11+ <sup>(3)</sup> |
| Global Equity              | 50.0%         | 4.80%                     | 5.98%                    |
| Fixed Income               | 28.0%         | 1.00%                     | 2.62%                    |
| Inflation Assets           | 0.0%          | 0.77%                     | 1.81%                    |
| Private Equity             | 8.0%          | 6.30%                     | 7.23%                    |
| Real Estate                | 13.0%         | 3.75%                     | 4.93%                    |
| Liquidity                  | 1.0%          | 0.00%                     | -0.92%                   |
|                            | 100%          |                           |                          |

<sup>(1)</sup> In the Basic Financial Statements, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-Term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities. An expected inflation of 2.00% used for this period

### F. Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the City's contributions will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.15 percent discount rate is adequate, and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate of 7.15 percent was applied to all plans in the Public Employees Retirement Fund (PERF). The stress-test results are presented in a detailed report that can be obtained from the CalPERS website.

<sup>(2)</sup> An expected inflation of 2.00% used for this period

<sup>(3)</sup> An expected inflation of 2.92% used for this period

| Other Miscellaneous (Expense)          | -              | (402,101)           | 402,101             |  |  |  |
| Net changes                            | 12,450,163     | 17,366,902          | (4,916,739)         |  |  |  |
| Balances at June 30, 2018              | \$ 195,038,863 | \$ 153,249,106      | \$ 41,789,757       |  |  |  |

The City has allocated the proportion of the net pension liability and related components based on the share of contributions to the pension plan relative to the total contributions to the City. At June 30, 2019, the total net pension liability was allocated as follows:

|                       | Governmental  | Transit         | Total Net         |
|-----------------------|---------------|-----------------|-------------------|
|                       | Activities    | Enterprise Fund | Pension Liability |
| Net pension liability | \$ 40,321,117 | \$ 1,468,640    | \$ 41,789,757     |

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

# *NOTE 12 – AGENT MULTIPLE-EMPLOYER PLAN (CONTINUED)*

# H. Sensitivity of the Net Pension Liability to Changes in the Discount Rate:

The following presents the net pension liability of the City, calculated using the discount rate of 7.15 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.15 percent) or 1-percentage point higher (8.15 percent) than the current rate:

|                       | 19 | % Decrease | Cur | rent Discount | 1  | % Increase |
|-----------------------|----|------------|-----|---------------|----|------------|
|                       |    | (6.15%)    | Ra  | ate (7.15%)   |    | (8.15%)    |
| Net pension liability | \$ | 72,181,368 | \$  | 41,789,757    | \$ | 16,998,518 |

# I. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report.

# J. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2019, the City recognized pension expense of \$8,032,209. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources.

| <br>             |                                      | erred Inflows Resources                                       |
|------------------|--------------------------------------|---|
| \$<br>184,381    | \$                                   | -   |
| 5,969,630        |                                      | 1,574,542   |
| 1,358,312        |                                      | 868,450   |
| 12,499,992       |                                      |   |
| \$<br>20,012,315 | \$                                   | 2,442,992   |
| 0                | 5,969,630<br>1,358,312<br>12,499,992 | of Resources of  \$ 184,381 \$ 5,969,630 1,358,312 12,499,992 |

At June 30, 2019, the total deferred outflow of resources, and deferred inflow of resources, and pension expense related to the net pension liability was allocated as follows:

|                                | G  | overnmental |      | Transit      |                  |
|--------------------------------|----|-------------|------|--------------|------------------|
|                                |    | Activities  | Ente | erprise Fund | Total            |
| Deferred outflows of resources | \$ | 19,309,095  | \$   | 703,220      | \$<br>20,012,315 |
| Deferred inflows of resources  |    | 2,357,137   |      | 85,855       | 2,442,992        |
| Pension expense                |    | 7,749,929   |      | 282,280      | 8,032,209        |

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

### NOTE 12 – AGENT MULTIPLE-EMPLOYER PLAN (CONTINUED)

# J. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources are amortized in pension expense for the year the gain or loss occurs, except for contributions subsequent to the measurement period of \$12,499,992, which will be recognized as a reduction of the net pension liability during the fiscal year ending June 30, 2020. The amortization period differs depending on the source of the gain or loss. Differences between projected and actual investment earnings are amortized on a 5-year straight-line basis and all other amounts are amortized over the average expected remaining service lives of all members that are provided with benefits. As of the June 30, 2018 measurement date, the expected average remaining service lifetime is 4.3 years. Deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

|                    | Deferred          |             |  |
|--------------------|-------------------|-------------|--|
|                    | Outflows/(Inflows |             |  |
| Fiscal Year Ending | of                | Resources   |  |
| 2019               | \$                | 3,693,311   |  |
| 2020               |                   | 2,805,695   |  |
| 2021               |                   | (1,070,894) |  |
| 2022               |                   | (358,781)   |  |
|                    | \$                | 5,069,331   |  |

## NOTE 13 – POST-EMPLOYMENT HEALTH BENEFITS

### A. Plan Description

The City has elected through resolution to provide healthcare benefits as single employer plan to retirees, spouses, and eligible dependents of the City. This plan provides post-employment medical insurance benefits through the CalPERS Health Plan (the Plan). The City has administrative involvement with the Plan, and has included the trust, as well as Plan required disclosures within the City's CAFR. A separate financial report is not issued.

## B. Funding Policy

The City conducted an actuarial valuation to determine the City's obligation to fund OPEB and determined that it served the City's interests to prefund those benefits. In December 2011, the City Council approved Resolution 11-89 adopting the Public Agencies Post-Retirement Health Care Plan Document and Trust Agreement. The OPEB Trust is a tax-qualified irrevocable trust, organized under Internal Revenue Code (IRC) Section 115, established to pre-fund OPEB. The Plan Trustee is U.S. Bank, and Public Agencies Retirement Services (PARS) is the Trust Administrator. However, as described above, the City has administrative involvement in the Plan.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

### *NOTE 13 – POST-EMPLOYMENT HEALTH BENEFITS (CONTINUED)*

# B. Funding Policy (Continued)

The obligation of the City to contribute to the plan is established and may be amended by the City Council. Employees are not required to contribute to the plan. The City has established a practice of contributing to the irrevocable trust administered by PARS 100 percent of the Cash Subsidy. The Cash Subsidy represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost of each year. The Cash Subsidy component of the annual required contribution for fiscal year 2018-19 was \$386,000. The City made additional payments of \$313,250, for a total \$698,250 in trust contributions.

Due to an amendment to Actuarial Standards of Practice (ASOP) No. 6 Measuring Retiree Group Benefits Obligations and Determining Retiree Group Benefits Costs or Contributions, valuations performed after March 31, 2015 requires the calculation of an implicit subsidy component of the annual required contribution and actuarial liability. The City has elected not to fund the implicit subsidy component of the annual required contribution. The City received credit of \$225,000 related to the fiscal year 2018-19 implied subsidy payments which has been included in the contributions amount above.

## C. Eligibility

City employees who have a service retirement from the City at age 50 with five or more years of city service are eligible to receive post-employment medical benefits. Employees who have a disability retirement are also eligible. The benefit for employees hired before January 1, 2008 is up to \$1,017 per month. The maximum benefit will be adjusted when the lowest cost employee rate, plus one, exceeds \$1,017. No minimum years of service were required for the unrepresented employees hired before January 1, 2008 and retired before January 1, 2012 and represented employees hired before January 1, 2008 and retired after January 1, 2012 and before January 1, 2014. For employees hired before January 1, 2008 the following vesting applies:

| Years of Service     | Vested Percentage |
|----------------------|-------------------|
| 0 to 5 years         | 0%                |
| 5 to 9 years         | 50%               |
| 10 to 14 years       | 75%               |
| 15 years and greater | 100%              |

Employees hired after January 1, 2008, receive the PERS minimum and are not subject to a vesting schedule.

As of the June 30, 2019 actuarial valuation, the following current and former employees were covered by the benefit terms under the Plan:

| Participants   | Total |
|--|-------|
| Inactives currently receiving benefits               | 122   |
| Inactives entitled to but not yet receiving benefits | 24    |
| Active employees                                     | 429   |
| Total  | 575   |
|  |       |

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

### *NOTE 13 – POST-EMPLOYMENT HEALTH BENEFITS (CONTINUED)*

### D. Contributions

The Plan and its contribution requirements are based on the actuarially determined contribution. For the fiscal year ended June 30, 2019, the City's cash contributions were \$698,250 in payments to the trust and the estimated implied subsidy was \$225,000 resulting in total payments of \$923,250.

### E. Net OPEB Liability

The City's net OPEB liability was measured as of June 30, 2019 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2018, based on the following assumptions:

## **Actuarial Assumptions:**

Actuarial Valuation Date June 30, 2018

Contribution Policy City contributes full cash benefit actuarially determined

contributions. Implied Subsidy benefit on pay-as-you-go

basis.

Discount Rate 5.17% at June 30, 2019

5.60% at June 30, 2018

Expected City contributions projected to be insufficient to

pay all benefits from trust.

Municipal Bond Index Bond Buyer 20-bond Index

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

# NOTE 13 – POST-EMPLOYMENT HEALTH BENEFITS (CONTINUED)

#### F. Cash and Investments Held in Trust

The City elected a discretionary investment approach with a moderate investment objective. The primary objective is to maximize total Plan return, subject to the risk and quality constraints established. The Plan's targeted rate of return is 6.5 percent. The asset allocation ranges for this objective are 0 percent to 20 percent cash source, 30 percent to 50 percent fixed income, and 50 percent to 70 percent equity.

The parameters for fixed income and equity securities based on asset allocation are as follows:

|                                      | Maximum       | Minimum       |
|--------------------------------------|---------------|---------------|
|                                      | Percentage of | Percentage of |
|                                      | Total Plan    | Total Plan    |
| Authorized Investment Type           | Assets        | Assets        |
| Fixed Income                         |               |               |
| Long-term fixed income               | 20%           | 0%            |
| Intermediate-term fixed income       | 50%           | 15%           |
| Short-term fixed income              | 15%           | 0%            |
| High-yield portion of the Plan       | 8%            | 0%            |
| Equity                               |               |               |
| Domestic large cap equity            | 50%           | 20%           |
| Domestic mid-capitalization equity   | 15%           | 0%            |
| Domestic small capitalization equity | 20%           | 0%            |
| International equity                 | 20%           | 0%            |
| Real estate                          | 10%           | 0%            |

Cash and investments related to the Plan consist of the following:

| Assets                    | Fair Value    |  |
|---------------------------|---------------|--|
| Cash and Equivalents      | \$ 669,161    |  |
| U.S. Government Issues    | 7,433,511     |  |
| Corporate Issues          | 6,748,507     |  |

| Accrued Income            | 117,976       |  |
| Total                     | \$ 41,338,537 |  |

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

### *NOTE 13 – POST-EMPLOYMENT HEALTH BENEFITS (CONTINUED)*

### F. Cash and Investments Held in Trust (Continued)

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

|               | Target       |                |
|---------------|--------------|----------------|
|               | Allocation   | Expected Real  |
| Asset Class   | PARS-Balance | Rate of Return |
| Global Equity | 58%          | 4.82%          |
| Fixed Income  | 35%          | 1.47%          |
| REITS         | 2%           | 3.76%          |
| Cash          | 5%           | 0.06%          |

For the year ended June 30, 2019, the annual money weighted rate of return on investments was 6.94 percent. The money weighted rate of return expresses investment performances adjusted for the changing amounts actually invested.

### G. Concentrations of Credit Risk

Investments in any one issuer that represent 5 percent or more of the Plan's total cash and investments are as follows:

| Issuer                                | Investment Type        | Amount       | Investments |
|---------------------------------------|------------------------|--------------|-------------|
| Vanguard Growth and Income            | Mutual Funds-Equity    | \$ 3,660,574 | 8.88%       |
| Federal National Mortgage Association | U.S. Government Issues | \$ 2,768,248 | 6.72%       |
| Dodge and Cox Stock Fund              | Mutual Funds-Equity    | \$ 3,665,258 | 8.89%       |

#### H. Discount Rate

The discount rate used to measure the total OPEB liability was 5.17 percent for the Plan. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the City's contributions will be made at rates equal to the difference between actuarially determined contributions rates and the employee rate. Based on those assumptions, the plan's fiduciary net position and expected City contributions were projected to be insufficient to make all projected future benefit payments of current active and inactive employees. Therefore, a blended rate was applied beginning in year 35 using the Bond Buyer 20-bond index rate as of June 30, 2019. Before year 35, the long-term expected rate of return was used to determine the total OPEB liability. As a result of the crossover, a blended rate of 5.17 percent was used.

<sup>\*</sup>Contributions to trust of \$698,250 plus \$225,000 implied subsidy benefit payments by the City.

### J. Changes of Assumptions

For the June 30, 2019 measurement date, the discount rate was changed from 5.60% to 5.17%.

Changes since June 30, 2018 Measurement Date:

- Discount rate was updated based on newer capital market assumptions
- Demographic assumptions were updated to CalPERS 1997-2015 Experience Study
- Mortality improvement scale was updated to Scale MP-2018
- Medical claims costs were developed by Axene Health Partners based on demographic data for the CalPERS health plans provided by CalPERS and Axene's proprietary AHP Cost Model
- New medical trend increase rates
- Updated medical plan at retirement

### M. OPEB Plan Fiduciary Net Position

PARS issues a publicly available report that may be obtained from the Public Agency Retirement Services, 4350 Von Karman Ave, Newport Beach, California 92660.

### N. OPEB Expense, Deferred Inflows of Resources, and Deferred Outflows of Resources Related to OPEB

For the fiscal year ended June 30, 2019, the City recognized OPEB expense of \$1,213,296. As of fiscal year ended June 30, 2019, the City reported deferred inflows of resources related to OPEB from the following sources:

|  | Deferred     | Deferred     |
|--|--------------|--------------|
|  | Outflows     | Inflows      |
|  | of Resources | of Resources |
| Differences between expected and actual experience                       | \$ -         | \$ 6,519,976 |
| Changes of assumptions   | 1,847,364    | 803,000      |
| Net difference between projected and actual earnings on plan investments | -            | 449,116      |
| Total  | \$ 1,847,364 | \$ 7,772,092 |

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

### *NOTE 13 – POST-EMPLOYMENT HEALTH BENEFITS (CONTINUED)*

# N. OPEB Expense and Deferred Inflows of Resources Related to OPEB (Continued)

Amounts reported as deferred inflows and outflows of resources are amortized in OPEB expense. The amortization period differs depending on the source of the gain or loss. The amortization period is a 15-year fixed period and all other amounts are amortized over the average expected remaining service lives of all members that are provided with benefits. As of June 30, 2019 measurement date, the expected average remaining service lifetime is 9 years. Deferred inflows and outflows of resources related to OPEB will be recognized in OPEB expense as follows:

|                |       | Deferred      |  |  |  |
|----------------|-------|---------------|--|--|--|
| Fiscal Year    | Outfl | ows/(Inflows) |  |  |  |
| Ended June 30: | of    | Resources     |  |  |  |
| 2020           | \$    | (861,856)     |  |  |  |
| 2021           |       | (861,856)     |  |  |  |
| 2022           |       | (860,856)     |  |  |  |
| 2023           |       | (736,857)     |  |  |  |
| 2024           |       | (718,077)     |  |  |  |
| Thereafter     |       | (1,885,227)   |  |  |  |
|                | \$    | (5,924,729)   |  |  |  |

# NOTE 14 - INDIVIDUAL FUND DISCLOSURES - DEFICIT FUND BALANCE

Funds that have a deficit fund balance at June 30, 2019, are as follows:

|   | Deficit Fund |             |  |  |  |
|---|--------------|-------------|--|--|--|
| Fund  |              | Balance     |  |  |  |
| Major Funds:  |              | _           |  |  |  |
| Public Library Special Revenue Fund                 | \$           | (2,728,828) |  |  |  |
| Non-Major Governmental Funds:                       |              |             |  |  |  |
| Surface Transportation Program Special Revenue Fund |              | (37,537)    |  |  |  |
| Federal Grants Special Revenue Fund                 |              | (484,296)   |  |  |  |

The City plans to eliminate the deficit in the Public Library Special Revenue Fund with future property tax receipts. The non-major governmental fund deficits will be eliminated when the intergovernmental receivables are collected in future periods.

# NOTE 15 – DEFERRED COMPENSATION PLAN/DEFINED CONTRIBUTION PLAN

The City has established deferred compensation/defined contribution plans for certain classifications of management under IRC Section 401(a). City participation in contributions to the plans is mandatory. The City is obligated to contribute amounts ranging from \$2,000 to \$18,000 per participant per year. Employee contributions to certain plans are voluntary. During the year ended June 30, 2019, there were 1,589 participants in the plans. The City's contributions totaled \$204,099, and employees' contributions totaled \$2,150,228.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 16 - SELF-INSURANCE

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors, and omissions; injuries to employees; and natural disasters. The City joined Special Districts Risk Management Authority (SDRMA) in the fall of 2005. SDRMA is a self-insurance risk pool that serves as a not-for-profit public agency to its members. Through SDRMA, the City currently holds a \$500 general liability deductible. All general liability claims above \$500 and up to a limit of \$10,000,000 are handled by SDRMA. The City's workers' compensation coverage is also administered by SDRMA. The City is self-insured for workers' compensation up to \$250,000, but has purchased coverage through SDRMA for individual claims exceeding \$250,000 up to a maximum of \$5,000,000. Settlements have not exceeded coverages for each of the past three fiscal years.

The annual member contribution is \$1,887,930 for the property/liability program and the workers' compensation program (based on estimated wages).

At June 30, 2019, \$430,000 was accrued by the City for general liability claims, and \$3,224,276 was accrued for workers' compensation claims and judgments. These accruals represent estimates of amounts to be paid for incurred and reported claims, as well as IBNR claims based upon past experience and modified for current trends and information.

As of July 1, 2019, the City's deductible increased from \$5,000 to \$50,000.

Changes in the reported claims liability since June 30, 2017, resulted in the following:

| Claims liability as of June 30, 2017                                | \$<br>3,190,756 |
|---|-----------------|
| Claims and changes in estimates during the year ended June 30, 2018 | 1,210,037       |
| Claims and payments during the year ended June 30, 2018             | (1,625,564)     |
| Claims liability as of June 30, 2018                                | 2,775,229       |
| Claims and changes in estimates during the year ended June 30, 2019 | 2,766,977       |
| Claims and payments during the year ended June 30, 2019             | (1,887,930)     |
| Claims liability as of June 30, 2019                                | \$<br>3,654,276 |

### NOTE 17 – NON-COMMITMENT DEBT

### A. 1915 Act Limited Obligation Improvements Bonds – Golden Valley

On July 24, 1996, \$879,432 of 1915 Act Limited Obligation Improvement Bonds (1915 Golden Valley Road Bonds) for the Golden Valley Road Improvement Assessment District (the Golden Valley Assessment District) were issued. The 1915 Golden Valley Road Bonds are not a general obligation of the City, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the bonds. The source of the debt service is from the property assessments within the Golden Valley Assessment District. The principal amount of debt outstanding at June 30, 2019 was \$225,000.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

### *NOTE 17 – NON-COMMITMENT DEBT (CONTINUED)*

## B. 1915 Act Limited Obligation Improvements Bonds – Vermont/Everett

On January 27, 2000, \$790,000 of 1915 Act Limited Obligation Improvement Bonds (1915 Vermont Drive/Everett Drive Bonds) for the Vermont Drive/Everett Drive Improvement Assessment District (the Vermont/Everett Assessment District) were issued. The 1915 Vermont Drive/Everett Drive Bonds are not a general obligation of the City, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the bonds. The source of the debt service is from the property assessments within the Vermont/Everett Assessment District. The principal amount of the debt outstanding at June 30, 2019 was \$375,000.

### C. Community Facilities District No. 2002-1 Special Tax Bonds

On October 29, 2002, \$17,370,000 of Special Tax bonds were issued for Community Facilities District No. 2002-1 (the Community Facilities District). On October 12, 2012, these bonds were refunded with the issuance of Community Facilities District No. 2002-1 (Valencia Town Center) Special Tax Refunding bonds for \$16,485,000. The Special Tax Refunding bonds are not a general obligation of the City, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the bonds. The source of the debt service is from the property assessments within the Community Facilities District. The principal amount of the debt outstanding at June 30, 2019 was \$13,990,000.

#### NOTE 18 – SANTA CLARITA WATERSHED RECREATION AND CONSERVANCY AUTHORITY

In June 1992, the City entered into a joint powers agreement with the Santa Monica Mountains Conservancy (the Conservancy) to create the Watershed Authority. The purpose of the Watershed Authority is to acquire, develop, and conserve additional park and open space lands, including water-oriented recreation and conservation projects. The governing board consists of two representatives from the Conservancy and two from the City.

The City performs administrative functions for the Watershed Authority. The Watershed Authority is reported as an agency fund in these financial statements. The Watershed Authority may request the City to make annual contributions. For the year ended June 30, 2019, the City did not make any contributions. Separate financial statements for the Santa Clarita Watershed Recreation and Conservancy Authority can be obtained from the City's administrative offices at 23920 Valencia Boulevard, Santa Clarita, California 91355.

## NOTE 19 – SANTA CLARITA PUBLIC TELEVISION AUTHORITY

In July 2009, the City entered into a joint powers agreement with the William S. Hart School District (the District) to create the Santa Clarita Public Television Authority (SCPTA). The SCPTA is reported as an Agency fund in these financial statements. The purpose of the SCPTA is to provide a forum for public, educational, and governmental television programs by the members, individuals, and organizations in the community. The following entities have joined the SCPTA: Saugus Union School District, Newhall School District, Sulfur Springs School District, Castaic Union School District, and College of the Canyons. The SCPTA has a seven-member Board of Directors consisting of one member appointed by each school district, one member from the College, and one member from the City.

The City performs administrative functions for the SCPTA, and may, at the SCPTA's request, make annual contributions. For the year ended June 30, 2019, the City contributed \$254,975. Separate financial statements for the Santa Clarita Public Television Authority are prepared biannually and can be obtained from the City's administrative offices at 23920 Valencia Boulevard, Santa Clarita, California 91355.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 20 – COMMITMENTS AND CONTINGENCIES

#### A. Construction Commitments

The City has active construction projects as of June 30, 2019. At year-end, the City's commitments with contractors for infrastructure projects are as follows:

|                 | Expenditures |           |     |             |             |           |  |  |  |
|-----------------|--------------|-----------|-----|-------------|-------------|-----------|--|--|--|
|                 | (            | Contract  | to  | Date as of  | Remaining   |           |  |  |  |
| Project         |              | Amount    | Jui | ne 30, 2019 | Commitments |           |  |  |  |
| Pavement        | \$           | 889,459   | \$  | 645,683     | \$          | 243,776   |  |  |  |
| Bridges         |              | 4,243,531 |     | 4,009,372   |             | 234,159   |  |  |  |
| Medians         |              | 1,866,413 |     | 1,172,678   |             | 693,735   |  |  |  |
| Trails          |              | 202,502   |     | 151,912     |             | 50,590    |  |  |  |
| Traffic Signals |              | 2,217,583 |     | 877,863     |             | 1,339,720 |  |  |  |

#### B. Encumbrances

The City utilizes encumbrance accounting as a means of controlling expenditures. Under this method, funds are encumbered when purchase orders, contracts, and other commitments are signed or approved by authorized City officials. Such outstanding commitments at year-end do not constitute expenditures or liabilities.

Encumbrances of balances within the governmental funds are classified as either restricted or assigned and are included in the respective categories. These encumbrances are not separately classified in the financial statements and are summarized at June 30, 2019, as follows:

|                          | <br>Amount    |
|--------------------------|---------------|
| General Fund             | \$<br>298,788 |
| Other governmental funds | 11,626,860    |

## C. Contingencies

The City has received Federal grants for specific purposes that are subject to review and audit by the Federal government. Although such audits could result in expenditure disallowance under grant terms, any required reimbursements are not expected to be material.

In the opinion of management and legal counsel, there are no liabilities that would have a substantial adverse effect on the financial position of the City as of June 30, 2019.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

#### NOTE 21 – SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 (the Bill), which provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City that had previously reported a redevelopment agency within the reporting entity of the City as a blended component unit.

The Bill provides that upon dissolution of a redevelopment agency, either the City or another unit of local government will agree to serve as the "successor agency" to hold the assets until they are distributed to other units of state and local government. On January 24, 2012, the City Council elected to become the Successor Agency for the former redevelopment agency in accordance with the Bill as part of the City Resolution No. 12-3.

Each year, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

#### A. Cash and Investments

The balance of cash and investments at June 30, 2019, classified in the accompanying financial statements as follows:

|  | RDA Successor |           |  |  |
|--|---------------|-----------|--|--|
|  |               | Agency    |  |  |
| Cash and investments pooled with City  | \$            | 4,563     |  |  |
| Restricted:                            |               |           |  |  |
| Cash and investments                   |               | 18,008    |  |  |
| Cash and investments with fiscal agent |               | 2,379,362 |  |  |
| Total                                  | \$            | 2,401,933 |  |  |

## B. Due From Other Governments

Pursuant to Health and Safety Code section 34167.5, in February 2015, the State Controller's Office (SCO) reviewed all asset transfers made by the former RDA to the City after January 1, 2011. As a result of this review, the SCO concluded that assets transferred after January 1, 2011, included unallowable transfers to the City totaling \$14,628,194. In subsequent actions, the City returned property valued at \$763,436 to the Successor Agency, leaving \$13,864,758 in unallowable transfers to be returned by the City to the Successor Agency as of February 2015. The City has transferred certain assets to the Successor Agency. As of June 30, 2019, \$7,734,479 of these unallowable transfers remains due from the City to the Successor Agency.

# C. Long-Term Debt

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

# NOTE 21 – SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY (CONTINUED)

### C. Long-Term Debt (Continued)

# **Loans from the City of Santa Clarita**

At June 30, 2015, the California Department of Finance (DOF) approved the advances to the former redevelopment agency consisting of the promissory notes outstanding between the City and the former redevelopment agency entered into between the periods of July 1996 and June 2010. These consist of notes outstanding from the General Fund and the Developer Fees Special Revenue Fund in the amounts of \$7,225,964 and \$5,407,868, respectively using a LAIF rate of 0.26 percent, which was in effect when the Oversight Board reinstated the loans on February 25, 2015. On September 22, 2015, the Committee on Budget and Fiscal Review of the California State Senate approved SB 107. A mandate of this legislation included a recalculation of the notes to the RDA Successor Agency using a 3 percent simple interest from the origination of the note, instead of the LAIF rate. As such, the City increased the amounts in the General Fund and Developer Fees Special Revenue Fund to reflect increased interest balances. The unpaid accrued interest of these notes is \$2,947,529 and \$1,591,168, respectively, and unpaid principal of \$9,553,358 and \$6,911,055, respectively.

### **Tax Allocation Bonds:**

The former redevelopment agency issued Tax Allocation Bonds, which are special obligations of the Successor Agency secured by pledged property tax revenues. The bonds are not a debt of the City nor payable out of any funds or properties other than those of the Successor Agency.

In February 2017, the Successor Agency issued Tax Allocation Refunding Bonds, Series 2017, in the amount of \$34,800,000 to refund the Tax Allocation Bonds Series 2008 and Tax Allocation Bonds Housing Set-Aside. The difference between the reacquisition price and carrying value of the refunded debt was reported as a deferred outflow of resources and is amortized over the life of the refunded debt, as a component of interest expense, and totaled \$2,299,293 as of June 30, 2019. Interest on the Tax Allocation Refunding Bonds, Series 2017, is paid as part of a variable rate between 2 percent and 5 percent payable on April 1 and October 1 of each year commencing on April 1, 2017. Principal payments are due annually in various amounts commencing October 1, 2017, through October 1, 2042. The unpaid balance as of June 30, 2019, was \$33,180,000.

Tax revenues deposited to the Redevelopment Property Tax Trust Fund maintained by the County of Los Angeles, less (i) amounts payable by the State to the Successor Agency and (ii) unsubordinated Statutory Pass-Through Amounts, have been pledged as an available source of repayment for the bonds.

If an Event of Default under the Indenture has occurred and is continuing, the Trustee may, with the prior written consent of the Assured Guaranty Municipal Corp (the "Insurer"), or if requested in writing by the Owners of the majority in aggregate principal amount of the Bonds then Outstanding, the Trustee shall, by written notice to the Successor Agency, declare the principal of the Bonds, together with the accrued interest thereon, to be due and payable immediately, and upon any such declaration the same shall become immediately due and payable.

# NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2019

# NOTE 21 – SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY (CONTINUED)

### C. Long-Term Debt (Continued)

The Insurer insured the Bonds maturing on October 1 of the years 2022 through 2037, inclusive, and 2042 (the "Insured Bonds"). The maturity of Insured Bonds shall not be accelerated without the consent of the Insurer and in the event the maturity of the Insured Bonds is accelerated, the Insurer may elect, in its sole discretion, to pay accelerated principal and interest accrued, on such principal to the date of acceleration (to the extent unpaid by the Successor Agency) and the Trustee shall be required to accept such amounts.

If there are claims upon the Insurance Policy and payments are made by the Insurer, the Successor Agency agrees to pay to the Insurer (i) a sum equal to the total of all amounts paid by the Insurer under the Insurance Policy (the "Insurer Advances"); and (ii) interest on such Insurer Advances from the date paid by the Insurer until payment thereof in full, payable to the Insurer at the Late Payment Rate per annum (collectively, the "Insurer Reimbursement Amounts"). Additionally, the Successor Agency shall repay any draws under the Reserve Policy and pay all related reasonable expenses incurred by Insurer and shall pay interest thereon from the date of payment by Insurer at the Late Payment Rate.

"Late Payment Rate" means the lesser of (a) the greater of (i) the per annum rate of interest, publicly announced from time to time by JPMorgan Chase Bank at its principal office in The City of New York, as its prime or base lending rate (any change in such rate of interest to be effective on the date such change is announced by JPMorgan Chase Bank) plus 3%, and (ii) the then applicable highest rate of interest on the Insured Bonds (or Bonds for the Reserve Policy) and (b) the maximum rate permissible under applicable usury or similar laws limiting interest rates.

The annual debt service requirements on the bonds are as follows:

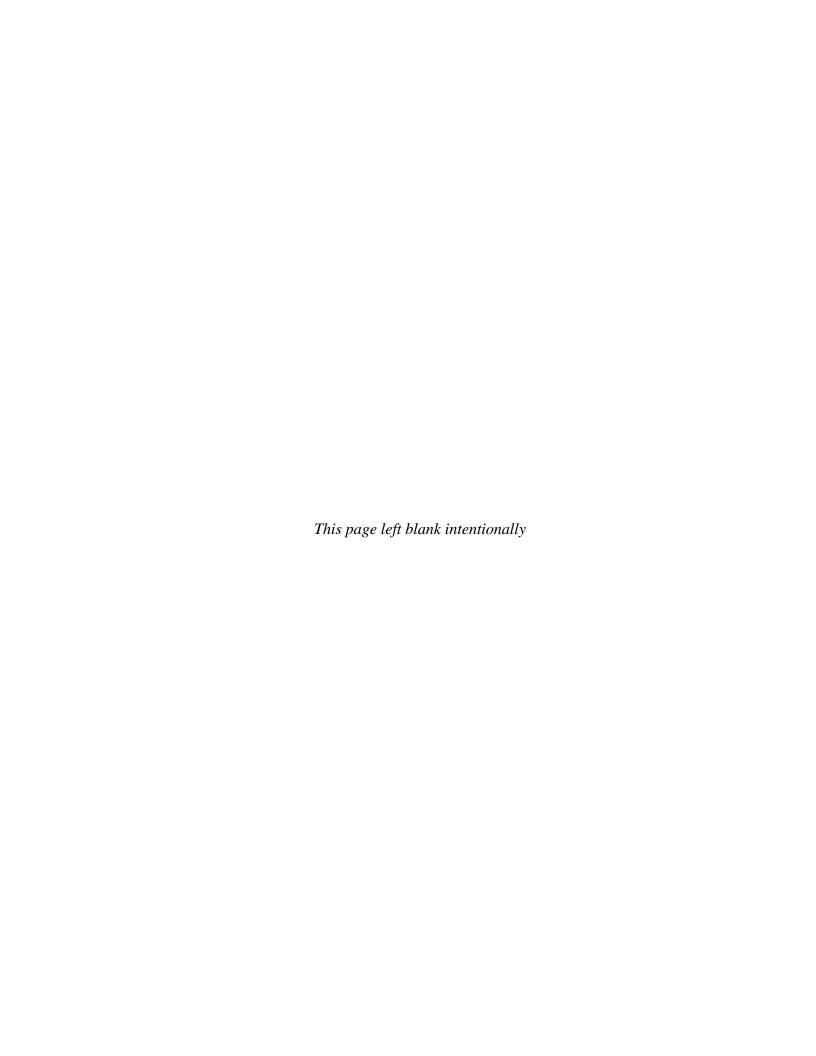

| Year Ending June 30, | Principal Interest |            | Total            |                  |

### D. Deficit Net Position

As of June 30, 2019, the RDA Successor Agency Private-Purpose Trust Fund had a deficit net position of \$38,320,252. This will be reduced with future receipt of distributions from the Redevelopment Property Tax Trust Fund from the County and potential asset sales.

| Plan fiduciary net position as a percentage of the total OPEB liability |      | 87.12%      |    | 79.08%      |  |  |
| Covered employee payroll*   | \$   | 33,895,751  | \$ | 30,634,000  |  |  |
| Net OPEB liability as a percentage of covered-employee payroll          |      | 18.03%      |    | 33.65%      |  |  |

#### **Notes to Schedule:**

Future years' information will be displayed up to 10 years as information becomes available.

<sup>\*</sup>For the 12 month period ending on June 30 (Measurement Date).

# SCHEDULE OF CONTRIBUTIONS - OPEB LAST TEN YEARS\* FOR THE YEAR ENDED JUNE 30, 2019

#### The Schedule of OPEB Contributions is as follows:

| Fiscal Year Ended June 30  | <br>2019         | 2018 |            |  |  |
|--|------------------|------|------------|--|--|
| Actuarially Determined Contribution (ADC)                              | \$<br>1,127,000  | \$   | 1,755,000  |  |  |
| Contributions in relation to the actuarially determined contribution** | <br>923,250      |      | 1,227,000  |  |  |
| Contribution deficiency/(excess)                                       | \$<br>203,750    | \$   | 528,000    |  |  |
| Covered-employee payroll***  | \$<br>33,895,751 | \$   | 30,634,000 |  |  |
| Contribution as a percentage of covered-employee payroll               | 2.72%            |      | 4.01%      |  |  |

#### **Notes to Schedule:**

#### Methods and Assumptions for 2018/19 Actuarially Determined

Contributions
Valuation Date Ju

Valuation Date June 30, 2018
Actuarial Cost Method Entry Age Normal, Level Percentage of Payroll

Amortization Method Level percent of pay

Amortization Period 15-year fixed period for 6/30/19

Asset Valuation Method Investment gains and losses spread over 5-year rolling

period

Discount Rate 6.50% General Inflation 2.75%

Medical Trend Non-Medicare -Actual premiums for 2019, decreasing to an

ultimate rate of 4.0% in 2076 and later years

Medicare -Actual premiums for 2019, decreasing to an ultimate

rate of 4.0% in 2076 and later years

Mortality CalPERS 1997-2015 experience study

Mortality Improvement Mortality projected post-retirement mortality projected with Scale

MP-2018

Historical information is required only for measurement periods for which GASB 75 is applicable. Future years' information will be displayed up to 10 years as information becomes available.

<sup>\*</sup> Actuarial methods and assumptions used to set the actuarially determined contributions for Fiscal Year 2019 were from the June 30, 2019 actuarial valuation.

<sup>\*\*</sup>Actual contribution, including implied subsidy

<sup>\*\*\*</sup>For the 12 months period ending on June 30 (fiscal year end)

# SCHEDULE OF MONEY WEIGHTED RATE OF RETURN LAST TEN YEARS\* FOR THE YEAR ENDED JUNE 30, 2019

The Schedule of Money Weighted Rate of Return for the OPEB plan is as follows:

|  | 2019  | 2018  | 2017   |
|--|-------|-------|--------|
| Annual money-weighted rate of return - |       |       | _      |
| net of investment expense              | 6.94% | 8.26% | 12.81% |

#### **Notes to Schedule**

<sup>\*</sup>Fiscal year 2017 was the first year of GASB 74 implementation, therefore, only three years are shown.

#### Notes:

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes that occurred after June 30, 2014. This applies for voluntary benefit changes as well as any offers of two years' Additional Service Credit (a.k.a. Golden Handshakes).

Changes of Assumptions: The discount rate was revised from 7.65% to 7.15% during the measurement period ending June 30, 2017. The discount rate was revised from 7.5% to 7.65% during the measurement period ending June 30, 2015.

<sup>\*</sup> Fiscal Year 2014-15 was the first year of implementation; therefore, only five years are shown until a full 10-year trend is compiled.

# SCHEDULE OF CITY CONTRIBUTIONS - PENSIONS LAST TEN YEARS\* AS OF THE FISCAL YEAR ENDED JUNE 30, 2019

The Schedule of City Contributions during the fiscal year is as follows:

|   | June 30, 2019                                  | June 30, 2018                                 | June 30, 2017                       | June 30, 2016                       |
|---|--|---|-------------------------------------|-------------------------------------|
| Actuarially determined contribution Contributions in relation to the actuarially determined contribution Contribution deficiency (excess) | \$ 5,637,826<br>(12,499,992)<br>\$ (6,862,166) | \$ 4,662,191<br>(9,662,191)<br>\$ (5,000,000) | \$ 4,484,140<br>(4,484,140)<br>\$ - | \$ 3,958,892<br>(3,958,892)<br>\$ - |
| Covered Payroll   | \$ 33,054,867                                  | \$ 29,655,553                                 | \$ 29,966,168                       | \$ 27,934,377                       |
| Contributions as a Percentage of Covered Payroll  | 37.82%   | 32.58%  | 14.96%                              | 14.17%                              |

#### Valuation Date:

The actuarial methods and assumptions used to set the actuarially determined contributions for Fiscal Year 2018-19 were from June 30, 2017 public agency valuations.

Amortization Method Level Percentage of Payroll, Closed

Asset Valuation Method Market Value of Assets

Inflation 2.75%

Salary increases Varies by Entry Age and Service

Payroll growth 3.00%

Investment Rate of Return 7.50% Net of Pension Plan Investment and Administrative Expenses; includes Inflation

Retirement Age The probabilities of Retirement are based on the 2014 CalPERS Experience Study for the

period from 1997 to 2011.

Mortality The probabilities of mortality are based on the 2014 CalPERS Experience Study for the

period from 1997 to 2011. Pre-retirement and post retirement mortality rates include 20 years of projected mortality improvement using Scale BB published by the Society of

Actuaries.

## NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2019

#### **BUDGETARY INFORMATION**

Annual budgets are legally adopted on a basis consistent with generally accepted accounting principles in the United States of America for the General Fund and each of the special revenue funds. All annual appropriations lapse at fiscal year-end.

On or before the last day in January of each year, all operational units submit requests for appropriations to the City Manager for budget preparation purposes. The proposed budget is presented to the City Council for review. The City Council holds public hearings, and a final budget must be adopted no later than June 30.

The appropriated budget is prepared by fund, function, and department at the category level. The City reports the following categories: personnel, operating and capital outlay. Additionally, the City separately prepares a Capital Improvement Projects budget. The budgetary control for the Capital Improvement Program is at the program level.

The City's Department Heads, with approval of the City Manager, may make transfers of appropriations within certain line-items within a program, but may not exceed the total appropriated amounts for each category. City Manager may approve transfers that do not change the total appropriated amount within the fund. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the category level. The City does not require additional appropriations through the budget process for bond funds, grant funds, trust and agency funds, and capital funds. Legislative action by the City Council to issue bond funds, accept grants, and/or authorize capital projects is considered as authority to expend funds for those purposes.

Under encumbrance accounting, purchase orders, contracts, and other commitments for expenditures are recorded to reserve that portion of the applicable appropriation. Encumbrance accounting is employed as an extension of formal budgetary accounting. Since encumbrances do not yet constitute expenditures or liabilities, encumbrances outstanding at year-end are classified as either restricted, committed, or assigned fund balances. Unexpended appropriations lapse at year-end.

## NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (CONTINUED) FOR THE YEAR ENDED JUNE 30, 2019

For the year ended June 30, 2019, expenditures exceeded appropriations in the following categories (legal level of budgetary control) of the respective funds:

Excess

|  |                |              | Excess Expenditures Over |  |  |
|--|----------------|--------------|--------------------------|--|--|
| Fund   | Appropriations | Expenditures | Appropriations           |  |  |
| Major Governmental Funds:  |                |              |                          |  |  |

#### NON-MAJOR GOVERNMENTAL FUNDS AS OF AND FOR THE YEAR ENDED JUNE 30, 2019

The Special Revenue Funds are used to account for proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

*Bikeway* – To account for monies received from the State of California restricted for bicycle and pedestrian facilities available under Article 3 of the Transportation Development Act (SB821).

Gas Tax – To account for monies received and expended from the state and county gas tax allocation restricted to fund various street highway improvements, including maintenance.

Proposition A – To account for the City's share of the one-half percent (0.5%) increased sales tax in Los Angeles County as a result of "Proposition A." This revenue is to be used for transportation-related purposes.

*Special Assessment* – To account for special assessments received for small assessment districts. These funds may be used for maintenance expenses with the districts.

Street Lighting District - To account for property tax and levy of assessment receipts and disbursements related to the streetlights maintenance program.

*Measure M Local Return* - To account for the half-cent sales tax revenue that Los Angeles County voters approved in November 2016 to meet the transportation needs of Los Angeles County.

SB1 Road Repair and Activity - To account for monies received and expended from the State SB1 Road and Repair Rehabilitation to fund various maintenance, rehabilitations, and safety needs on streets and roads.

State Park – To account for grant monies received from the State of California Department of Parks and Recreation for construction or improvements of parkland within the City.

TDA (Transportation Development Act 8) – To account for monies received from the State of California under Article 8 of the TDA. These funds may be used for local streets and road expenditures when the City's unmet transportation needs have been satisfied.

Traffic Safety - To account for monies received from vehicle code fines. This fund is used to finance law enforcement expenditures.

CDBG (Community Development Block Grant) – To account for Federal entitlements under the Housing and Community Development Act of 1974, as amended. The City Council annually allocates CDBG funds to various programs.

AQMD (Air Quality Management District) - To account for revenues and expenditures for Air Quality Management.

*Stormwater* – To account for monies received from assessments restricted for the use of the stormwater and run-off programs.

Surface Transportation Program – To account for receipts and disbursements associated with the Surface Transportation Program restricted for construction, reconstruction, and improvement of highways and bridges on eligible Federal Aid highway routes.

Bureau of Justice Assistance (BJA) Law Enforcement – To account for receipts and disbursements for the BJA law enforcement grant restricted for police department programs.

#### NON-MAJOR GOVERNMENTAL FUNDS AS OF AND FOR THE YEAR ENDED JUNE 30, 2019

#### **Special Revenue Funds (Continued)**

Supplemental Law Grant – To account for receipts and disbursements for the supplemental law grant restricted for police department programs.

*HOME* – To account for receipts and disbursements for the activity for the HOME grant program restricted to expand the supply of affordable housing for very low- and low-income families.

Library Facilities Fees – To account for monies received from the library facilities developer fees, which are restricted for use on library facilities.

Public Education and Government (PEG) – To account for the one-percent (1%), PEG Capital Grant funds received from video service providers pursuant to the Digital Infrastructure and Video Competition Act of 2006.

Proposition C – To account for the City's share of the one-half percent (0.5%) increased sales tax in Los Angeles County as a result of Proposition C. This revenue is to be used for transportation-related purposes.

Federal Grants – To account for receipts and disbursements of miscellaneous federal grant monies not accounted for in other funds. These receipts are restricted for planning, design, improvements, and maintenance of streets, roads and bridges, facility construction and improvements, transit operations, and other transit-related expenditures.

*Measure R* – To account for the half-cent sales tax revenues that Los Angeles County voters approved in November 2008 to meet the transportation needs of Los Angeles County.

Tourism Marketing District – To account for receipts and disbursements associated with promoting local businesses and tourism in the City of Santa Clarita through the Tourism Marketing District. The Tourism Marketing District was formed to provide financing for public programs to attract tourist visits to areas where tourism is economically important and desired. The Tourism Marketing District was established and is levied pursuant to the Parking and Business Improvement Area Law of 1989, Part 6 of Division 18 of the California Streets and Highways Code (the 1989 Law) and the provisions of the California Constitution Article XIIID (Proposition 218).

OSPD (Open Space Preservation District) – To account for monies received from special assessments for the costs of acquiring open space lands, parks, and parkland in accordance with the City's programs.

*Miscellaneous Grants* – To account for receipts and disbursements of non-federal miscellaneous grants, which are restricted for planning, design, improvements, and maintenance of streets, roads, and bridges, facility construction and improvements, transit operations, and other transit-related expenditures.

Park Dedication – This fund accounts for monies received from developers restricted to finance the acquisition and develop new parkland space. These monies are restricted under the Quimby Act by ordinance and require the dedication of land or impose a requirement of the payment of fee in lieu.

Housing Successor Agency – To account for the transactions of the Housing Successor Agency for the continuation of the low- and moderate-income programs of the former redevelopment agency.

*Tourism Marketing Bureau* – To account for monies received from local and regional tourism-related organizations restricted for tourism and business development within the City's boundaries.

#### NON-MAJOR GOVERNMENTAL FUNDS AS OF AND FOR THE YEAR ENDED JUNE 30, 2019

#### **Special Revenue Funds (Continued)**

Areawide - To account for receipts and disbursements for the City's Areawide Beautification Zone operations which is supported through special benefit assessments levied on individual parcels authorized by the Landscape and Lighting Act of 1972. Funds are restricted for specific use on costs associated with the maintenance of landscape, hardscape and ornamental improvements, park facilities, tree pruning, as well as utility costs such as water and electricity. As provided for by the Landscape and Lighting Act, LMD funds may also be used for the construction and/or installation of capital improvements.

Vista Canyon (VC) Wastewater Standby District – To account for the wastewater standby assessment and sewer rate revenues. Funds are restricted to pay for the annual maintenance and operational costs of the self-contained Recycled Water Factory. No budget was adopted for this fund in the current year.

The Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other assets.

General Capital Projects – To account for major capital improvement projects not accounted for in other funds.

Public Financing Authority – To account for the construction of all capital projects that utilize public financing authority funds.

Civic Arts Projects – To account for Civic Art Allocations which represent an amount equal to 1 percent of the eligible cost of design services and construction of City Capital Improvement Projects. If use of all, or a portion, of a project's funding is prohibited by the funding source for the purposes of the Civic Art Program, the Civic Art Allocation will reflect only that portion of the funding that is eligible for application to the City of Santa Clarita Civic Art Program.

The Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

*Public Financing Authority* – To account for principal and interest payments for obligations issued by the Santa Clarita Public Financing Authority.

#### Note:

(1) Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets, restricted and unrestricted. Net position is considered restricted only when (a) an external party, such as the State of California or the federal government, places a restriction on how the revenues may be used, or (b) enabling legislation is enacted by the City.

<sup>(1)</sup> The Redevelopment Agency of the City was established on November 28, 1989, pursuant to the State of California and Safety Code, Section 33000. However, the Agency was not active until fiscal year 1998-99 and the Base Year was calculated in fiscal year 1996-97, which included the Homeowners Tax Relief of that year. Redevelopment agencies were dissolved by the State of California effective February 1, 2012.

Notes: In 1978 the voters of the State of California passed Proposition 13, which limited taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum of 2%). With few exceptions, property is only reassessed as a result of new construction activity or at the time it is sold to a new owner. At that point, the property is reassessed based upon the added value of the construction or at the purchase price (market value) or economic value of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitation just mentioned.

Notes: General fund tax rates are representative and based upon the direct and overlapping rates for the largest General Fund tax rates area (TRA) by net taxable value. Total Direct Rate is the weighted average of all individual direct rates applied by the government preparing the statistical section information. The percentages presented in the columns above do not sum across rows. In 1978 California voters passed Proposition 13, which set the property tax at a 1.00% fixed amount. This 1.00% is shared by all the taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter-approved bonds.

#### **FISCALYEAR**

#### NOTES:

Article XIII-A of the Constitution of the State of California, adopted by the electorate in June 1978, precludes the City from a local property tax levy. All general-purpose property taxes are levied by the County and allocated to other governmental entities on a predetermined formula.

The above figures include secured property taxes only.

Prior to the implementation of GASB 44 in FY 2006, collections in subsequent years were not required to be reported by tax year. Beginning in FY 2007, collections in subsequent years are included.

#### NOTES:

- (1) In 1991 the Santa Clarita Public Financing Authority issued \$22,940,000 aggregate principal amount of Local Agency (Redevelopment) Revenue Bonds Series 1991. Simultaneously with the receipt of the Bond proceeds, the Authority acquired \$22,940,000 Certificates of Participation issued by the Santa Clarita Redevelopment Agency, of which the proceeds were transferred to the City to finance and/or refinance the design, acquisition, improvement or construction of land, the City Hall Building and certain road improvements, and to refinance certain debt. The Agency leased back the facilities to the City for lease payments to be made by the City to the Authority equal to the principal and interest due on the revenue bonds. At this point in time, the Agency is not active.
- -The 1991 Series certificates were later refunded in fiscal year 1997-98 by the Certificates of Participation Series 1997 of \$19,670,000. As a result, the 1991 Series certificates are considered to be defeased and the liability for those certificates was removed from the general long-term debt.
- -On July 1, 2005, the Santa Clarita Public Financing Authority issued \$17,700,000 in Certificates of Participation to advance refund \$17,640,000 of outstanding 1997 Series certificates. As a result, the 1997 Series were considered defeased and the liability for those certificates was removed from the long-term liability.
- -On July 15, 2015, the Santa Clarita Public Financing Authority entered into a Private Placement Lease agreement for \$6,985,000 to refinance the outstanding 2005 Series certificates. As a result, the 2005 Series were considered defeased and the liability for those certificates was removed from the long-term liability.
- -In November 2001, the Santa Clarita Public Financing Authority issued \$3,200,000 in Certificates of Participation for the acquisition of parkland. In 2006 the COP Series 2001 were considered defeased and the liability for those certificates was removed from the general long-term debt.
- (2) On January 16, 2007, the Santa Clarita Public Financing Authority issued \$13,785,000 Lease Revenue Bonds (Golden Valley Road), Series 2007 for the acquisition of right-of-way.
- On June 22, 2016, the Santa Clarita Public Financing Authority issued \$10,320,000 in Series 2016A Lease Revenue Bonds (Golden Valley Road) to advance refund \$11,260,000 of oustanding 2007 Series bonds. As a result, the 2007 Series were considered defeased and the liability for those bonds was removed from the general long-term debt.
- On June 22, 2016, the Santa Clarita Public Financing Authority issued \$14,020,000 in Series 2016B Lease Revenue Refunding Bonds (OSPD) to advance refund \$15,070,000 of outstanding 2007 Series certificates.
- On June 1, 2018, the Santa Clarita Public Financing Authority issued \$15,300,000 in Lease Revenue Bonds for the acquisition and retrofit of streetlights located within the City from Southern California Edison.
- On June 27, 2019, the Santa Clarita Public Financing Authority issued \$25,850,000 in Lease Revenue bond proceeds for the construction of a new Sheriff Station facility.
- (3) On December 1, 2007, the Santa Clarita Public Financing Authority issued \$15,525,000 in Certificates of Participation for the acquisition of open space and parkland.
- -On June 22, 2016, the Santa Clarita Public Financing Authority issued \$14,020,000 in Series 2016B Lease Revenue Refunding Bonds (OSPD) to advance refund \$15,070,000 of outstanding 2007 Series certificates. As a result, the 2007 Series were considered defeased and the liability for those bonds was removed from the general long-term debt.
- (4) On June 1, 2008, the Santa Clarita Redevelopment Agency issued \$29,860,000 in Non-Housing Tax Allocation Bonds and \$8,850,000 in Low/Mod Housing Tax Allocations Bonds to fund certain redevelopment projects within the Newhall Redevelopment Project area. Upon the dissolution of redevelopment agencies in the State of California effective February 1, 2012, the bonds were transferred to the RDA Successor Agency.
- (5) On July 15, 2015, the Santa Clarita Public Financing Authority entered into a Private Placement Lease agreement for \$6,985,000 to refinance the outstanding 2005 Series certificates.

- (1) Percentage of overlapping debt applicable to the city is estimated using taxable assed property value. Applicable percentages were estimated b determining the portion of the overlapping district's assessed value that is within the boundaries of the city divided by the district's total taxable value.
- (2) City of Santa Clarita Obligations includes \$2,177,480 for the Private Placement Lease, \$2,538 for the Canon Copier Lease, \$9,185,000 for the 2016A series Golden Valley Road bond, and \$25,850,000 for the 2019 Series Sheriff Station Bond.
- (3) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue and non-bonded capital lease obligations.

Section 43605 of the Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from current full valuation perspective to the 25% level that was in effect at the time the legal debt margin was enacted by the State of California for local governments located within the State.

#### POPULATION INCREASE Last Ten Fiscal Years

Sources: (1) State of California, Finance Department, as of 1/1/2018

(2) U.S. Department of Commerce, Bureau of Economic Analysis (BEA)

Personal Income and Unemployment rates are for the regional area, Los Angeles. The City's related information is not available. Information lags two years.

(3) State of California, Department of Employment Development (EDD), Sept. 21, 2018

Note: Reduction in 2017 population numbers due to change in the county controls. The primary factor was a lowering of the estimated school enrollment.

<sup>(1)</sup> All of the above referred streetlights are/were owned and maintained by Edison Company. The Highway Safety Lights (HSL) are the streetlights attached to traffic signals (989) and those are City owned and maintained through a contract with the County. The City took over the streetlights from the County in 1998 and the City Engineering division established the inventory reports since 2001.
