The procedures performed and associated findings are as follows:

1. We obtained the completed worksheets setting forth the calculations necessary to establish the City’s appropriation limit and compared the 2019-2020 limit and annual adjustment factors included in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the City Council. We also compared the population and inflation options included in the aforementioned worksheets to those that were selected by a recorded vote of the City Council. Refer to Attachment A for completed worksheets.

**Findings:** No exceptions were found as a result of this procedure.

2. We added last year’s limit to the annual adjustment amount and compared the resulting amount to the 2019-20 appropriations limit.

**Findings:** No exceptions were found as a result of this procedure.

3. We compared the current year information to the worksheets described in No. 1 above.

**Findings:** No exceptions were found as result of this procedure.

4. We agreed the prior year appropriations limit to the prior year appropriations limit adopted by the City Council.

**Findings:** No exceptions were found as result of this procedure.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.
