## 2022 Executive and Legislative Platform

An executive and legislative platform, approved by the City Council, enables City of Santa Clarita elected officials and staff to act quickly in reaching out to legislators, executive branch elected officials, and legislative, administrative, or regulatory staff in communicating the City's interests at the federal and state levels of government. The components within the 2022 Executive and Legislative Platform are primarily based upon positions previously adopted by the City Council.

**The Santa Clarita City Council establishes the City of Santa Clarita's official policy position on all legislative, administrative, and regulatory matters with which the City is involved.**

Position statements regarding legislative, administrative, regulatory, and other matters for which City Council established policy exists may be communicated by the City Manager or designated staff to legislators, legislative staff, administration officials, administrative staff, regulatory board members, and other entities, as appropriate, reflecting the City Council's adopted policy.

For those matters in which no City Council policy exists, bills and other legislative, administrative, or regulatory matters will be brought to the City Council Legislative Committee for a recommendation to the full City Council. These matters may also be brought directly to the City Council, upon the request of the Council or in the event that timeliness of action by the City Council is required.

The purpose of the Santa Clarita 2022 Executive and Legislative Platform is to outline the position of the City Council on priority issues and matters that impact the City's ability to operate effectively. City staff will monitor federal and state legislation, and administrative or regulatory proposals; taking appropriate action when required in compliance with the adopted Legislative Platform in order to safeguard and/or advance the City's interests in Washington, D.C. and Sacramento.

The statements outlined below are intended to assist the City Council and City staff to efficiently and appropriately address proposed legislation, administrative, or regulatory actions to promote City interests and protect local authority, as necessary.

## **FEDERAL**

1. Support legislation seeking to implement the Rim of the Valley Corridor Special Resource Study; containing boundary adjustments that include portions of the Santa Clarita Valley, but does not eliminate or limit current authority of the City of Santa Clarita.
2. Support funding opportunities to be used toward the construction and long-term management of the Saint Francis Dam Disaster National Memorial and National Monument.
3. Support infrastructure legislation and direct grant funding to local governments for a federal investment in transportation, water resources, housing, and community development.
4. Support legislation, regulatory proposals, administrative actions, or public health orders to allow and support businesses that have been forced to limit or close their operations, due to the COVID-19 pandemic, to responsibly reopen and operate to the capacity that will safely initiate the economic recovery process.
5. Support legislation, administrative proposals, or grant opportunities that will secure funding for Santa Clarita's emergency management services and pre-disaster mitigation funding, including resources to assist with wildfire mitigation.
6. Support legislation, regulatory proposals, or grant applications that will bring program flexibility and funding beneficial to the City of Santa Clarita under legislation, reauthorizing the Infrastructure Investment and Jobs Act.
7. Oppose legislation that limits or eliminates local discretionary review of the installation of small cell wireless equipment or any wireless technology facilities on public infrastructure or in the public right of way.

8. Oppose regulatory efforts by Congress or the Federal Communications Commission to erode, limit, or eliminate local government authority regarding siting of cellular communications towers, transmission sites, or other infrastructure.
9. Support legislation that enables local governments to enact ordinances or exercise regulatory authority governing residential recovery facilities, including, but not limited to, drugs and alcohol.
10. Support legislation to increase funding for, creating enhancements to, or expanding the boundaries of the San Gabriel Mountains National Monument.
