REVENUES

The City of Santa Clarita provides many services to its residents such as Police, Fire, Park and Recreation, Library Services, etc. These services are not without a cost to the taxpayer. It is the task of City officials to produce the necessary revenue to satisfy the ever-growing demand for local services.

The City of Santa Clarita receives revenue from many sources to offset the costs of its operations. Revenue is received from sales taxes, property taxes, and many other sources. For each fiscal year, the City's revenues are estimated. This section will describe the 45 major revenue sources available to the City. The budget summaries will provide a more detailed breakdown of all revenues. Major revenue sources are as follows:

1. Sales and Use Tax - Sales and use tax is imposed on retailers for the privilege of selling, at retail, within the City limits. This tax is based on the sales price of any taxable transaction of tangible personal property. The Bradley-Burns Uniform Local Sales and Use Tax Law, adopted in 1955, extend the authority to impose local sales tax to counties. One percentage point of the sales tax collected by the State Board of Equalization is allocated back to the City for general purposes.
2. Property Tax - Property tax is imposed on real property (land and permanently attached improvements, such as buildings) and tangible personal property located within the City. The tax comprises one percent of the assessed value of the property.

Types of projects would include new driveways, utility service cuts, bus benches, newspaper racks, movie company productions, parades, etc.

The City charges a fee for issuing these permits in order to recover only the costs incurred.

16. Building and Safety Fees - These are fees collected under the provisions of the City's Building, Plumbing and Mechanical and Electrical Codes.
