*Question: What is the most important issue facing your community today?*

*Answer: Overwhelming growth. Too many already approved developments (over 40,000 housing units - largely NOT single family homes) as I understand it. Canyon Country already has over half the residents of Santa Clarita and only one East-West road, Soledad Canyon. Approving Vista Canyon was a joke. Politicians should take care of current resident's interests, not focus on increased tax revenues from more Property Taxes.*

*Question: What is the most important issue facing your community today?*

*Answer: Long Oakley, Newbird, etc. streets have deteriorated and need to be resurfaced! (I am not referring to the cul-de-sacs with the same names off Alamitos). I have lived in this American Beauty neighborhood 41 years and have witnessed the gradual decay of the streets, unfilled pot holes, tree roots protruding up through the asphalt, etc. all over the American Beauty complex. Numerous street lights don't work along Albinos, Shine, Oakley, etc. This is a serious safety issue. Calls to city offices for repairs have been ignored. This neglected neighborhood needs immediate attention by the City of Santa Clarita.*

**Married, 91354, 35-54, No children under the age of 18 in HH, No children in home, Between five and ten years, White/Caucasian, Outside**

*Question: What is the most important issue facing your community today?*

*Answer: The fact that we have an out of touch, crooked, city council. Besides that, traffic, traffic, traffic, a pending environmental disaster project of building 20,000 homes on Newhall Ranch with zero water or infrastructure, and...More traffic! Oh, and the drug problem. I live next to a bunch of heroin junkies, who are all unemployed in their 20's living at home with their idiot fireman dad and Xanax zoned out mother, and they'll never leave because their parents give them everything they want and they never get arrested because SCV's LASD blows. And QUIT putting in those stupid effing traffic circles! Oh, and we have zero decent medical services. We have a horribly crappy 3rd string hospital with very few doctors, most of whom are old and lousy. We need a decent state of the art hospital and several medical specialists in the area (Kaiser does NOT count - we need a real hospital and PPO specialists!). Currently I travel to UCLA or Thousand Oaks for excellent medical services. This city is a culinary wasteland filled with crap food and zero culture. And WHAT is this RIDICULOUS bull crap about putting giant digital billboards everywhere, including in open space"? There are no art galleries, museums, etc. The art commission that buys and puts up art in the city must be relatives of Helen Keller - blind, deaf and dumb. There is no decent food besides Chi Chi's, Italia Deli and La Cecina. There's not a single really good authentic Jewish deli like there are scattered all over the Conejos Valley. There isn't a single solitary decent Chinese food joint here. There are no great chain restaurants (PF Changs, Cheesecake Factory, Ruth's Cries, etc.) and there are no nice stores like Nordstrom's or Bloomingdales, Tiffany's, Coach, Crate & Barrel, Etc. The only thing this crappy city puts in are Walmart's and Dollar stores. My husband and I hate it here and can't wait to move this winter."*

**Married, 91350, 35-54, Children under the age of 18 in HH, between one and two children in home, All your life, White/Caucasian, Inside**

*Question: What is the most important issue facing your community today?*

*Answer: Urban sprawl / poor planning*

**Married, 91390, 18-34, Children under the age of 18 in HH, Between one and two children in home, Less than five years, White/Caucasian, Outside**

*Question: What is the most important issue facing your community today?*

*Answer: Illegal immigration*

**Married, 91354, 35-54, Children under the age of 18 in HH, Between one and two children in home, Between five and ten years, White/Caucasian, Inside**

*Question: What is the most important issue facing your community today?*

*Answer: 1- City Council that completely ignores the clearly articulated will of the voters, does not listen and just does what they want. They completely have lost the trust of our community. 2- Drug abuse by youth, particularly in parked cars throughout the community and sheriff's department doesn't show up to address it when they are called 3- Proliferation of unauthorized charter schools that waste our tax dollars by forcing local school districts to engage in costly and time consuming review and responses and more which could be avoided if the charter school organizations would simply follow the rules and the law. 4- Property values have not rebounded quickly enough. 5- Drought conditions, related restrictions that are ruining our lawns.*

**Married, 91387, 35-54, Children under the age of 18 in HH, Between one and two children in home, Less than five years, White/Caucasian, Inside**

*Question: What is the most important issue facing your community today?*

*Answer: Crime.*

**Single, 91355, 18-34, No children under the age of 18 in HH, No children in home, between ten and twenty years, White/Caucasian, Outside**

*Question: What is the most important issue facing your community today?*

*Answer: Economic stagnation is leading to a decline in the city's image for high quality and affluence. Fine dining restaurants are struggling to remain open, home values are only modestly appreciating, and Town Center Dr. remains largely vacant. Santa Clarita is on the verge of becoming an average suburb, not one of affluence and economic vitality.*

**Married, 91355, 35-54, Children under the age of 18 in HH, Between three and four children in home, Between ten and twenty years, White/Caucasian, Outside**

*Question: What is the most important issue facing your community today?*

*Answer:*

**Single, 91350, 18-34, No children under the age of 18 in HH, No children in home, All your life, White/Caucasian, Outside**

*Question: What is the most important issue facing your community today?*

*Answer: The most important issue facing my community at this time is the Santa Clarita Metro link station. While the Newhall Metro link station is turning into a more walkable transit orientated area and the Via Princessa Metro link station is planned to be updated to be more transit oriented with the Vista canyon development the Santa Clarita station has remained relatively unchanged for twenty years. It lacks sufficient parking or any strong links to the surrounding areas to make it a proper transit hub for people living in Saugus or Valence.*

**Married, 91354, 65 and older, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Outside**

*Question: What is the most important issue facing your community today?*

*Answer: I live in the community of Belcaro. We often have a problem with trespassers jumping over our fencing in the community.*

**Married, 91350, 35-54, Children under the age of 18 in HH, Between three and four children in home, Between ten and twenty years, White/Caucasian, Inside**

*Question: What is the most important issue facing your community today?*

*Answer: Aging infrastructure.*

**Married, 91350, 55-64, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Outside**

*Question: What is the most important issue facing your community today?*

*Answer:*

**Married, 91351, 55-64, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Inside**

*Question: What is the most important issue facing your community today?*

*Answer: Speed limits and roads. I've been living in the SCV since 1977 and I do not like driving here anymore. The speed limits are way too high for the amount of cars you have traveling on these 3 lane (both directions) roads with NO ROOM FOR ERROR. There are more automobile accidents in this valley than ever before.*

**Married, 91355, 35-54, Children under the age of 18 in HH, Between one and two children in home, Between ten and twenty years, Other, Outside**

*Question: What is the most important issue facing your community today?*

*Answer: Traffic. Poor red light synchronization.*

**Single, 91355, 35-54, No children under the age of 18 in HH, No children in home, Less than five years, White/Caucasian, Outside**

*Question: What is the most important issue facing your community today?*

*Answer: The ongoing security and well-being of the community as a whole.*

**Single, 91351, 35-54, Children under the age of 18 in HH, Between one and two children in home, More than twenty years, White/Caucasian, Outside**

*Question: What is the most important issue facing your community today?*

*Answer: Traffic congestion. Over population.*

**Single, 91354, 65 and older, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Unknown**

*Question: What is the most important issue facing your community today?*

*Answer: Maintaining high level of quality public safety.*

**Married, Location unknown, 55-64, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Outside**

*Question: What is the most important issue facing your community today?*

*Answer: Overcrowding. Lack of border control.*

**Married, 91390, 35-54, Children under the age of 18 in HH, Between three and four children in home, Between ten and twenty years, White/Caucasian, Inside**

*Question: What is the most important issue facing your community today?*

*Answer: Traffic. The traffic in this valley is horrendous. It's only going to get worse considering the amount of new houses being built and planned. This is the exact reason we are considering moving out of the area. Also the speed at which people drive is a huge problem. My daughter is 17, she's very responsible and a good driver. Last night she was driving 48 in a 45 and there was a middle aged man tailgating her and finally sped passed her in a bike lane. Ridiculous! People don't understand that speed kills people. We need more law enforcement ticketing people.*

*Question: What is the most important issue facing your community today?*

*Answer: I am not familiar with the City's 25-year plan and how it correlates with the County's Plan, but the implementation and build out would seem to rank quite highly in terms of quality of life. In more specific terms for me I'm referring to the transportation infrastructure on both freeways and surface streets. Neither I nor the majority of people in the City or State want carpool lanes or more public transportation boondoggles such as high cost guaranteed to fail rail. We appreciate planning which won't lead to congestion.*

*Question: What is the most important issue facing your community today?*

*Answer: My specific community or the community as a whole? My specific community is blight. Homes owned by absentee landlords that are not being maintained the city needs to come up with a way that*

requires homes be maintained to a specific level or face fines. Make it a public safety thing and require owners to fix things or the city will and bill the cost to their tax bill much the way the fire department does with brush clearance. The community overall is the same as it always has been, overdevelopment and overcrowding. Too much housing is planned for an area that is taxed out on its infrastructure

*Question: What is the most important issue facing your community today?*

*Answer: I don't know THE most important but a few that come to mind are the tagging in canyon country and having more police presence in the lower income areas. Also something I've been meaning to write the city about is the length of time the city pools are open. We have very hot days before and after the pool season begins and ends. Did you know the city of Ventura's pools are open into October!!! And it's usually cold and overcast out there! I find this ridiculous that our city pools close when it's 100 degrees out. You could be making more money if you were open after school and on weekends.*

*Question: What is the most important issue facing your community today?*

*Answer: Not enough law enforcement devoted to traffic division. We have too many accidents and too many people in the SC Valley who don't follow the rules of the road. Too many on their cell phones. Too many speeders and basically no traffic enforcement to cite these people. Other cities such as Burbank have excellent traffic divisions and are always enforcing speeders, non-seat belt wearers and folks who use cell phones while driving. It is a huge problem here in the SC Valley!*

*Question: What is the most important issue facing your community today?*

*Answer: I would say the crime rate. I left the San Fernando Valley 13 years ago to start my family in Santa Clarita as it is, in my opinion, such a more wholesome environment than the SFV. We still have many connections in the SFV but SCV is where I wanted my future children to grow. As I now have 2 children and are active in their elementary school, I pay close attention to what is happening in their future school and the crime rate in Santa Clarita. If Santa Clarita starts to become more like the San Fernando, which I see may slowly be happening, we will move, possibly out of state. I love the SCV and really want to see it stay a wholesome family oriented community.*

*Question: What is the most important issue facing your community today?*

*Answer: Too many unnecessary school bonds, chloride tax, etc. Much too expensive to live in SCV. I advise many friends & relatives of the high costs to live here and they should not even consider a move. Greedy city & developers building at least 20 K Homes? Are you kidding? Who among the city council is getting kickbacks from the developers? This is unacceptable city policy.*

*Question: What is the most important issue facing your community today?*

*Answer: The most important issue is the Chiquita Landfill Expansion. It is going to change so many people's lives. The diesel trash trucks from all other areas in Southern Ca. will be coming through Newhall, Valencia, and Castaic communities traveling through the I -5 Freeway and then dumping 60,000 tons of trash per week to our local Landfill. This is a wonderful bedroom community and we are very concerned for the air quality, the water quality and the quality of our lives.*

*Question: What is the most important issue facing your community today?*

*Answer: For me it would be the right to carry a concealed weapon. I have the right to carry in many other states other than my main home state. That's just right, both the legislature and the LA County Sheriff have violated their oath to support the Constitution of the United States. In the latest case of Peruta vs San Diego, the 9th Circuit Court of Appeals ruled that the right to carry doesn't limit individual's rights to only the home. Even the latest case in Washington DC by I believe the 10th Circuit Court ruled that the people have that right. So, what I would like to see is our legislature for our City pass a Shall Issue Ordinance that would allow our residents the right to be issued a permit, just like they did in Fresno."*

*Question: What is the most important issue facing your community today?*

*Answer: I feel as though many areas of Canyon Country still need remodeling. The area is generally nice, but there are still some areas around Sierra and Soledad that lack upkeep. As a whole the city should look new and safe and less ghetto. For instance, the shopping plaza where Albertsons used to be on Soledad is old looking and without a big store like Albertsons that was there, the place looks even more secluded and less pleasing to the eye. College of the Canyons could go for a paint touch up on some buildings and addition of school colors to the buildings and surrounding areas would look nice and school spirited as well. Concrete walls and grays and whites don't look exciting. The canyon country campus could use some more attention too, it's nice, but very temporary looking. Nice feature around the city would look nice too. Maybe a water fountain or two, nice signs like welcome to canyon country or something. Valencia looks nice but Newhall and canyon country could use some pretty features too. Less billboards around the city would look wonderful too.*

*Question: What is the most important issue facing your community today?*

*Answer: Over building! California has not planned, nor faced the issues of water for the state, and yet continues to build, build, build. We have not built any new dams, we are ruining the lakes in the sierras. But in the name of tax revenue, they continue to build more and more homes then ask us to ration. Makes no sense.*

*Question: What is the most important issue facing your community today?*

*Answer: On a statewide basis, the most important issue is water, or the lack thereof. Our leaders have failed us by proposing expensive nonsensical programs, such as the train to nowhere when they should focus on how best to capture the scarce water we have in Northern California. On a local basis, the condition of our streets is very important. The city has done a fine job resurfacing Lyons - major gateway to our city - but another major gateway - Newhall Avenue - looks like a war zone. I can never understand how utility companies are allowed to chop up the streets and they make them look like a patchwork quilt when they're finished. The condition of Newhall Avenue is a deplorable eyesore in our community.*

*Question: What is the most important issue facing your community today?*

*Answer: Crime and safety on the streets in Canyon Country. The bike paths are unsafe. Canyon Country is becoming more run down every year. We have a movie theatre and a few restaurants but we need better store fronts and non-chain restaurants on Soledad - not just discounts stores. We have the potential to become a community where we can walk and bike yet all we have to offer other than a movie theater or 99 cent stores. We need a Trader Joes and Whole foods on this side of town as well as a farmers market.*

*Question: What is the most important issue facing your community today?*

*Answer: Keeping us safe. I keep hearing about people's houses and cars being broken into, homeless people who could be criminals or on drugs running rampant. Also traffic is getting worse. Why can't we paint lanes into streets that are already wide enough. To accommodate a third lane, like Lyons and railroad.*

*Question: What is the most important issue facing your community today?*

*Answer: We have several important issues but they all tie into Overdevelopment! Adding new homes and condos means more water, more crime and more traffic. Water: This includes the mandatory water use restrictions for resident due to the drought and of course the chloride treatment plant costs. Yet we are allowing developers to continue building more and more homes. This is crazy, absolutely crazy. Crime: Though overall crime in the SCV is not particularly high, most of the crime is centered in and around specific high density housing, like Jake's Way in Canyon Country. Please, no more apartments/condos! Traffic: Even though the cross valley connector has helped, Soledad Cnyn/Valencia Blvd and Bouquet are an absolute nightmare to navigate during commute hours. Not to mention the freeways being gridlocked at those same times, yet, we keep allowing more and more homes to be built.*

*Question: What is the most important issue facing your community today?*

*Answer: This question is very broad. However I am mostly pleased with current Santa Clarita and the direction it's headed specifically regarding outdoor community facilities, landscape and hardscape projects, elderly communities, child activities, libraries, recreation facilities, Castaic / pyramid hydroelectric power system (genius), freeway accessible industrial parks. There is plenty of opportunity in this valley*

**Married, 91350, 55-64, Children under the age of 18 in HH, Between one and two children in home, More than twenty years, Other, Inside**

*Question: What is the most important issue facing your community today?*

*Question: What is the most important issue facing your community today?*

*Answer: Traffic congestion and traffic signal synchronization. There just seems to be no rhyme or reason as to how some traffic signals function at some intersections. There can be absolutely no traffic on a cross street and yet a traffic signal will remain red for an extended period of time (Copper Hill/McBean). Either that or some lights have such long red and short green cycles that traffic backs up into the intersection (Valencia/Bouquet).*

*Question: What is the most important issue facing your community today?*

*Answer: Jobs! There are too many residents that commute outside of Santa Clarita for employment. If more local jobs were made available, the quality of home life could increase. Also, there is an issue with the timeliness of our commuter lines. We need to fight for faster and reliable transportation. MagLev project through the EcoRapid Authority needs to be sped up and put on line. Santa Clarita is at a lost from the exclusion of the California Speed Train.*

*Question: What is the most important issue facing your community today?*

*Answer: Safety of the children as they go to and from school and visit our neighborhood park. The speed of traffic on Isabella Parkway is extremely excessive and dangerous to the life safety of all that live, visit, work, or pass through the community. Another issue of concern in the overall community of Santa Clarita / Canyon Country is the increase in panhandlers and derelicts in the community pushing carts sleeping and begging openly in public. If not controlled by law enforcement now, this epidemic will grow into a cancer that will eat away at the security of the people.*

*Question: What is the most important issue facing your community today?*

*Answer: The intersection at Newhall Ranch and Bouquet Canyon Rd. When going north on Bouquet Canyon, due to the left hand turn lane into Trader Joes parking lot, the cars get stuck in the intersection when the light changes due to the left hand turn lane starting too close to the intersection. It should have been farther down to turn into the parking lot.*

*Question: What is the most important issue facing your community today?*

*Answer: Safety. With the influx of new people recruited from areas such as Lynnwood and Compton we attracted many new undesirables. What we are promoting in Charity thru section 8 we are jeopardizing in reputation and safety which is a pillar of our community. Have you shopped at the once beautiful Pavilions shopping center? It's as though we are in a whole new demographic. This concerns many of us. Once we lose our reputation all else is gone.*

*Question: What is the most important issue facing your community today?*

*Answer: Diversity, Traffic and Education.- The city is known for not having diversity in our city government and public services. Our children are all of shades, our city leadership should portray all of us. Traffic seems to increase on a monthly basis. More pedestrian friendly signage, continue transportation services within and outside Santa Clarita. Education. Most families move here for the great schools. Let's work on making them even better. Focus on technology and helping students who don't have easy access to online information and general education resources*

*Question: What is the most important issue facing your community today?*

*Answer: As a parent the biggest concern I have for the city of Santa Clarita is not having our parks gated or at least fenced by the parking lots, hills or streets. On multiple occasions I have seen children run from their parents into the parking lots, streets and side of the hills. Having a toddler who likes running I have come across this panic myself as he takes off from the playground heading to the side of the hill and even the street. I'm afraid for the safety of my son and others while at that age they are so curious and fearless.*

*Question: What is the most important issue facing your community today?*

*Answer: Illegal immigrants. While I certainly welcome immigrants who come to our country with a dime in their pocket and dream of success and a safe home for their kids, I have no respect for the people who come here legally and expect/demand the U.S. citizens to support them and their entire families. We just cannot afford to sustain the benefits California is doling out to them. The middle class is especially burdened by the billions of dollars being used to support the illegal immigrants. The residential areas also lose value when several single family homes are housing more than one family of illegal immigrants.*

*Question: What is the most important issue facing your community today?*

*Answer: Safety/overcrowding. I grew up in canyon country and have seen that town change very much. Due to sec. 8 (I am assuming) some of the areas have become less than hospitable. Just worries me with home building ramping up again and our city beginning to mirror the SFV, when will the building stop and our open spaces preserved? I want my daughter to experience the SCV the way I did.*

*Question: What is the most important issue facing your community today?*

*Answer: Safety: No matter what precautions we take to secure our homes when we are away (stop mail & newspapers, inform a neighbor, etc.) frequently our front entrance is littered with flyers, door hangers, business cards, and other advertising debris. The offenders include well known restaurants and health clubs*

*in addition to shady contractors. This is an open announcement to potential thieves that no one is home. This problem could be addressed by a city ordinance making it illegal for advertisers to litter our property. City of Santa Clarita: Please give us homeowners the tools to deal with this ad deluge that poses a risk to our property.*

*Question: What is the most important issue facing your community today?*

*Answer: Community Preservation. The department is a joke. First if you notify the city on a property the city tells the owns who complained which causes trouble between neighbors. Second the form" letters totally show your employees don't have a mind of their own. You can't send a letter saying case closed thank you for complying when the property owner didn't violate anything to begin which. Third the city says they observed something when in fact they did not. If the complaint was unfounded it should not reflect on the owner's record. It should be removed. Plus if an owner violates something even minor it should be treated serious. Minor or not people have to live next to the issue."*

*Question: What is the most important issue facing your community today?*

*Answer: Please forgive my Pollyanna sounding response, but, truly our city government is doing a remarkable job of foreseeing needs well before others realize there will be a need at all. I can only express my wish list. That is not to say that these are things that qualify as primary problems. Still we could surely use a library/study center in the north valley. It takes 20 minutes to go to the Valencia library. We have several schools within our northern area, many housing groups. The traffic is becoming very difficult to maneuver when we leave this area to do research, etc. I suppose that many people would say Go on your computer." I answer, "If that is the case, why do we need libraries at all?"*

*Question: What is the most important issue facing your community today?*

*Answer: The Cedar Valley Bridge over the 14 freeway (connecting to Lost Canyon) is a death trap waiting to happen. It is supposed to be one-way, but DAILY, many vehicles come across the wrong way. Personally, I have seen a young man who drove his car half-way on the bridge sidewalk to avoid hitting another vehicle. His car had major under-side damage. I also witnessed another vehicle leaving the neighborhood legally, confronted by a vehicle wishing to cross the bridge illegally. The other vehicle bumped the nose of the legal car, got out of his vehicle and began pounding on the car window. There are many pedestrians in the area and it is just a matter of time before someone gets seriously injured or killed. Most residents feel it should be*

opened for travel in either directions, or teeth" embedded in the street to prevent someone from going the wrong way. Something definitely needs to happen!! Please do a serious investigation of this issue!! Increase in crime is disgusting. Residents who disregard law - not pulling over for emergency vehicles. I see instances of this whenever I am in my car. How about developing a process to remove the electrical poles on Sierra Hwy and Soledad in Canyon Country? That would do MUCH to improve the overall appearance of the area. We are not Valencia, but we still desire a clean well-kept community."

*Question: What is the most important issue facing your community today?*

*Answer: The most important issue facing Santa Clarita is drug activity by the young people. It is understood that it is not a huge percentage of young people that use drugs, but even 1% is too much. Many kids in this community have access to a fair amount of money, which allows them to purchase drugs. Perhaps any program to curb drug use needs to start with parenting classes to educate parents about how their role in this process. I understand you cannot force parents to attend parenting classes, but perhaps if a young person is ticketed, then the parents can be forced into parenting classes.*

*Question: What is the most important issue facing your community today?*

*Answer: This is not the most important issue--just a space where I can voice my opinion on the traffic lights. First--the fine for going through a red or yellow light is unaffordable for some people and unfair. Secondly--Left turn green signals should be AFTER THRU TRAFFIC. The reason being--sometimes you can't get into the left turn lane because thru traffic is blocking those lanes!! Please have someone look into this!! I would greatly appreciate it!*

*Question: What is the most important issue facing your community today?*

*Answer: I am disgusted by the double standards. Why do we lower our standards to fit people who do not belong here, have no interest in the community let alone what America stands for. It's ludicrous to change rules that we have lived by and fought and died for, for ANY who make no effort to assimilate into our population, have no regard or respect for our country. This is what is ruining the economy of California.*

*Question: What is the most important issue facing your community today?*

*Answer: Traffic is poorly managed while new housing and property taxes are given a priority. New housing brings more traffic that congests surface streets throughout the city. Infrastructure improvements are focused on the new areas while residents who have lived in and supported the SCV for decades get overlooked or de-prioritized for civil projects. Decades of living in the SCV have shown it has not/will not change its mentality of Valencia 1st and everyone else last. There are people that actually live, work and shop in Saugus, Newhall and Canyon Country.*

*Question: What is the most important issue facing your community today?*

*Answer: I have been a resident of Newhall since 1961-long before the City of Santa Clarita. Thank you for inviting residents to share thoughts and ideas to help shape the future of Santa Clarita. I talked to Laurene Weste regarding judges [minors attorney + custody evaluators] recommending/awarding custody to abusive fathers-based on parental alienation in divorce courts. Court ordering fit mothers supervised visits*

or no contact with their children. In our case, physician and pediatrician diagnosed [child sexual abuse] based on five-year-old son's torn bloody rectum, swollen to the size of a hardball.] Laurene told me she would look into it and get back to me. Later when I got back to Laurene Weste, she said she had looked into this. She had asked her cowboy husband-who explained to her-that women that are tired of being married do this. The United States Department of Justice has found that the nation judges are awarding custody to abusive fathers based on parental alienation. Parental alienation is used to cover-up abuse. [In our case] father was awarded sole custody based on parental alienation. The Court arraigned father on five counts of abuse. Los Angeles County Ed Edelman's Children Court finding 330(d)Sexual Abuse 300--Serious Emotional Damage 300(b) Failure To Protect 300(i)Cruelty 300(j)Abuse of a Sibling. The court found, the children's father, sexually abused the children including [but not limited to] repeatedly sodomizing and forcing the children to orally copulate him. Mother was described in court reports as an excellent stay-at-home mother that took excellent care of the children. Child abuse and neglect, kill, maim and emotionally destroy children. Locally, there were 570 child fatalities reported to DCFS in 18 months-many from [unfounded [findings] and false allegations of abuse]. This attitude about child abuse [by the City of Santa Clarita mayor, board and community] is dangerous to abused children.

*Question: What is the most important issue facing your community today?*

*Answer: There are many things I would like to see in Santa Clarita, this area is getting a bit stale, smaller boutiques however, the city of Santa Clarita does little to promote or assist small business which makes an area interesting. One solution might be to Promote Small business Saturday, instead of promoting the mall. More independent restaurants, perhaps a marketplace like Santa Barbara's new Public Market", very nice. We lack a certain sophistication and interest in the culinary / shopping areas, true there is Marc Jacobs at the mall. I chose to shop elsewhere these days. Promoting more small independent businesses would provide more commerce in the area, allowing our tax dollars to filter back to the area as well as jobs for the area."*

*Question: What is the most important issue facing your community today?*

*Answer: SAFETY. I would like to see neighborhoods get more support in enforcing the speed limit. We have been asking for years for help in slowing down the speeders on our street, and aside from numerous traffic studies being done, nothing has been implemented to help keep our children and pets from being hit one day. Also, I'd like to see the City help prevent the property on the corner of Lowridge/San Francisquito Cyn Rd from becoming the new Islamic Center of Santa Clarita. They previously posted on their website grand plans for a mosque, day care center, cemetery, school, elderly center, and more on the property in our residential area. The detailed plans have since been removed from their website. I know that the property is technically in the County jurisdiction, but the City should help its residents who live in the City boundaries just up the street from having to deal with a large Islamic Center in their neighborhood.*

*Question: What is the most important issue facing your community today?*

*Answer: They are cutting down too many trees, and building too many parking lots and new buildings. They cut down some large eucalyptus trees, which help provide habitat for birds and other wildlife, as well as reduce air pollution. I was very disheartened to see that they cut down the Christmas tree in front of the hospital. Those kinds of trees have taken between 20 and 40 years to grow to a full size, so planting new skinny little trees does not replace the ecological value that the older trees had. Drought tolerant California native plants should be the number one choice when planting new trees, shrubs and flowers.*

*Question: What is the most important issue facing your community today?*

*Answer: I believe that this community will eventually lose residents if there is not an effort put forth to provide entertainment venues in SCV for the adult population. If an individual is between 21-30 or is an older single person, SCV is considered a "singles hell". There is no entertainment to go to locally, except for restaurants. The same is true for married couples, what is there to do here that compares to cities such as Pasadena, L.A., and Ventura? If you want to increase the SCV population, the same issue needs addressed to*

*Question: What is the most important issue facing your community today?*

*Answer: Homelessness. We need a year round shelter, to keep the homeless off the streets. I know that Santa Clarita likes to look pretty, and we are, so let's get the homeless off the streets. I am very proud of my neighborhood, and I have lived here since 1956. I saw my community grow. I saw Magic Mountain being built, and I saw the birth of three cities. Canyon Country, Valencia, and Stevenson Ranch. I also saw the birth of Henry Mayo Hospital, and our shopping mall being built. I recently moved to Camarillo, but regularly visit my mother, who lives in Castaic Lake.*

*Question: What is the most important issue facing your community today?*

*Answer: The lack of quality dog parks, with adequate parking. We are a community of Condominiums and homes lacking private yards for our dogs to run and play freely. Walking them in the park is certainly not sufficient to relieve the excess energy of dogs locked up inside all day. One or two parks miles away from where we live are a chore to get to and oftentimes are overcrowded causing the dogs to be over excited. Dog Parks should have living grass, shade and protection from the heat, rain and eternal SCV wind, benches with backs, dedicated regular and handicapped parking close to the park, water fountains for the dogs and humans, space for timid dogs. There needs to be a 24 gravel barrier outside of the park fence to deter rattle snakes. New communities should be required to have a dog park as part of their open spaces."*

*Question: What is the most important issue facing your community today?*

*Answer: Lack of arts in Santa Clarita. It would also be great to see the Cowtown Newhall area become truly vibrant with a quality theatre, art, great restaurants with sidewalk dining, wine bar and pedestrian only area etc. I'm happy to see the progression in that area, but it would be nice to see it compete. SCV is a great family city, but people often leave after the kids are grown because it lacks the above. Thanks!!!!*

*Question: What is the most important issue facing your community today?*

*Answer: Poor quality services from the City of Santa Clarita. Soledad Canyon Road has been repaved/resurfaced at least a half dozen times in the last 10-15 years, and yet the road surface is still barely acceptable. The first repaving after the county turnover (based on the contractor's work) required another repaving within 5 years. The contractor obviously was substandard; or worse, the city inspectors were incompetent because it required repaving within 5 years. Since then, the city has spent more time and money on beautification" than quality of road work. I shudder to think what the city spent on tree and shrub planting in the medians when the road bed was barely acceptable. Since then, the city has spent a ridiculous amount of money on the GD 14 freeway on and off ramps at Sand Canyon. Regardless of the fancy rock-and-low-water plantings, there are numerous other parts of the roadway surface that could have been improved for much less money. Making it look pretty is BS; making it work is what the City should be doing."*

*Question: What is the most important issue facing your community today?*

*Answer: TOO MANY HOUSES. The city has grown too big and needs to contract a bit. Stop building houses and over developing and focus on redevelopment -- like canyon country and Newhall. Downtown Newhall is so nice and getting nicer now...but when you build so many houses is puts a strain on resources, continues to make traffic worse, and degrades quality of life. Don't over develop like Pasadena or Glendale...think more Ventura or Camarillo.*

*Question: What is the most important issue facing your community today?*

*Answer: Over-building ... our beautiful mountains are going to end up looking like Santa Monica with every square space used for a building Local jobs ... I don't want to commute, but we have LA priced homes and Bakersfield wages offered here Sheriffs ... our neighbor had an incident ... they did everything they could to skew the evidence to make them look guilty ... even though they were innocent. Are they so desperate to look good that they'll jail innocent citizens? Their lawyer said, sheriffs are the bottom feeders ... and Santa Clarita in particular has a reputation" Now THAT is not good and she was former DA."*

*Question: What is the most important issue facing your community today?*

*Answer: Too much reliance on the automobile. One primary reason is the way most developments consist of cul-de-sac streets that provide no connectivity to commerce or services. This results in nearly all traffic being funneled onto a handful of primary and secondary roadways. Thus we have the traffic issues we all*

experience. Lived here about 30 years and it continues and will continue to get more congested. Connectivity (or the lack there of) is one of the primary contributors.

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: I will use Central Park as an example of doing good things that benefit everyone in the City of Santa Clarita. I give the city an A minus grade...there is always room for improvement. Almost daily, late in the afternoon about sun down my wife and I enjoy walking our dog and just visiting at the park. We park at the far end of the park across the field from the Bark Park. We see a lot of young and old couples, and just pretty ladies also walking some very ugly happy dogs. Most are like us, we go to the Bark Park for about 30 minutes, after which we continue our walk all the way around the berm of the park back to the car. YOU NEED TO INSTALL LIGHTS AT THE BARK PARK! LACK OF LIGHTS A SAFETY ISSUE! Beautiful landscaping on major roads!*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Our city is quite beautiful, but I will say more common sense needs to be used when deciding to continue to plant shrubs and trees along the medians that have to be watered. Beauty will have to come from something that does not require water. We do need more parks and the parks the city has put in are great, but not enough parking spaces, especially at Central Park.*

*Answer:*

**Married, 91350, 35-54, Children under the age of 18 in HH, Between one and two children in home, All your life, White/Caucasian, Inside**

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Frankly, I don't think it's entirely on the right track but the question was fairly limited. For the most part, our city government does a good job of representing the desires of the majority while protecting the minority (within reason). Even when I disagree, I can at least respect that. In matters of politics (rather than operations) I'm fairly unhappy with our city representatives. I'm frustrated by what seems like a devotion to conservative Christian values, even when that devotion infringes upon the liberties of the minority/non-Christian. Specifically, the 'In God We Trust' situation was a turning point in my satisfaction with city government on a political level. I realized then that my city representatives neither understood nor valued the fact that they govern a diverse body of people. Taking no action on that matter (not adding the signage) had no inherent offense, but choosing to make religious declarations on behalf of the citizenry did have inherent offense to a minority, and I hate that my local representatives disregarded the religious freedoms of the minority in order to satisfy their desire to honor their faith system. I find that distasteful, and it opened up my eyes to subsequent ways the city has disregarded the minority. As far as operations, I'm mostly satisfied. I would love to see a proper rec center w/fitness equipment that could be used on a drop in bases (for a fee, of course). I don't really understand if this is something that is not done regionally, or if that's just a Santa Clarita thing, but it's very crazy to me that we have a single open gym for 200K people and pretend that's a proper rec center.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: The city is doing a better job of informing the community than in past years. There are still major problems with City Hall, the building permit process, and other areas, but that is changing as people retire and pass on.*

**Single, 91354, 65 and older, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Unknown**

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: I believe that the City of Santa Clarita has made many positive changes in our valley. Attention to landscaping and cleaning up blighted areas, building central park and other parks, additional recycling services and hazardous waste drop offs, focusing on being business friendly and encouraging entertainment options in the SCV, building libraries, revitalizing downtown Newhall, and I could go on. It's a huge job and I don't think there is enough credit given.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Balanced budgets, appropriate expenditures for parks and recreation programs, roads and other infrastructure, and a priority of bringing jobs to Santa Clarita. Santa Clarita always seems to be ahead of problems, rather than behind. All one needs to do is look at all the water main breaks in other parts of L.A. County, the quality of our schools versus their schools, our programs for the youth and seniors, and our amount of pot holes and less traffic, compared to theirs, and it becomes very obvious that we have much, much better leadership here in Santa Clarita!*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: the Golden Valley Bridge above the 14 FWY. The traffic jams at rush hours is horrendous & needs to be widened. Bumper to bumper past Sierra HWY at rush hours. This cannot be ignored any longer.*

**Single, Location unknown, 55-64, No children under the age of 18 in HH, No children in home, Between ten and twenty years, White/Caucasian, Inside**

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: The City has an industrial base for tax revenue and has the perception of being business friendly. I'd say it's on the wrong track in pursuing touchy-feely politically correct agendas such as greenhouse gas emissions and global warming; there cannot be a measurable statistical improvement by measures promulgated by agenda driven politics.*

**Married, 91351, 55-64, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Inside**

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: The city does seem to want to provide the best services it can for its citizens and as long as a city can strive to do that then they're on the right track*

**Married, 91387, 35-54, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Outside**

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: The city does make an effort to listen to its residents. The contract with LASD to keep crime low is another positive sign. The open space (local parks and play areas, water and skate parks) also are a sign that the community supports families. The public schools in the area are some of the best in the county.*

**Single, 91321, 65 and older, No children under the age of 18 in HH, No children in home, All your life, White/Caucasian, Unknown**

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: The City is basically clean looking, the medians are nice, we have a very nice mall with a good variety of stores, I see our local police cars out patrolling, there are often a number of community activities for residents to participate in if they so choose, we have nice libraries, great schools, numerous churches, nice parks, low crime rates, etc.*

**Single, Location unknown, 55-64, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Outside**

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: I feel that the infrastructure for a great city is present, yet I see that the city is still too dependent on the county and influence of the San Fernando Valley. It is time for Santa Clarita to take ownership of itself, exist as a standalone" city. It is one of the largest municipalities of LA County, yet culturally it allows itself to act as a small town. It's time for Santa Clarita to take stronger cues from other western cities, regardless of being in CA or not, and move forward as a place that is distinct and that has a lot to offer."*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Two words...Master Plan. Also, the trees. Keep to our vision (the Master Plan) and always, always, always do the exact opposite of whatever the city of LA is doing. Oh, and don't get all caught up in the latest environmental issues. It's a scam. Keep in real. We are a responsible community and we take good care of our environment, we don't need new special awareness programs or whatever. The City needs to stay focused on actual issues that matter (human safety, crime, cleanliness, business friendly environment, families, etc.). The rest will take care of itself. One complaint, your schools are getting weaker. I know that probably an individual school district issue, but just saying.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: For the most part I agree with the decisions that the City Council makes in spending and budgeting, with few exceptions. I would still put more into infrastructure, and less into the arts, and even less into any entitlements that attract, keep, or make this city enticing to individuals with less than acceptable normal" social norms. Still too much crime in this city...once hailed as one of the safest in all of America."*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Where do I begin? If the county, state and federal governments were run like our city is operated: There would be plans well in advance of critical needs of important issues, as well as money which is earmarked for that project. There would be efficient, reliable, honest people hired and properly trained. There would be top notch emergency services. People would be hired on the basis of their abilities, and their performance would be monitored periodically. If there became a problem in performance that would be addressed, corrected or the person would be replaced in that capacity. Honesty would be expected. The ability to communicate well would be valued. Opportunities to improve necessary skills would be offered to employees and managers at very reduced cost of education, but requiring that they pay some cost. Also, they would attend classes on their own time.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Actually it's 1/2 and 1/2. Budget great. Traffic needs attention -- some signals at intersections go through the cycle twice before permitting opposing traffic the opportunity to go. (Bouquet & Plum - Bouquet & Haskell) Hope intersection (Plum side turning left on Bouquet) can be resurfaced -- the bumpy road leaves a lot to be desired when making a left turn. Medians need to be standard -- with the drought perhaps it's time to just have trees instead of trees and plants -- example, Whites Canyon has trees (on one side -- never figured out why it's not the same on both sides) in dirt squares and the rest is concrete. The other side is all dirt + trees. The median concrete just before Camp Plenty (going into CC) is nice with a curved design and trees would look nice in something like that instead of dead plants and dreadful looking mulch. Forestry department waters the trees on Whites -- saving not to have a gardening service to maintain plants, etc. As someone who doesn't go to the new Newhall area (find no value -- didn't go to the old one either except for Newhall Hardware -- 35+ year resident) am waiting for Whites & Soledad to have some Christmas lights crisscrossing the intersection. Love what's being done to Central Park; glad the butterfly sculpture will be back. Like the new Sand Canyon welcome to area. The Saugus welcome to area is also nice. Am waiting for the same thing for CC on Soledad. Will be glad when the Cross Valley Connector is complete -- use it all the time -- a great time saver. Just had a chance to talk with the permit staff -- outstanding service. Like the eService capability. Attended CC outreach where opinions were solicited as to what we wanted or didn't want in CC. Unanimous no E-cig stores -- didn't make any difference. One is located where Sierra Vista Jr. High students walk by it to and from school -- seems a strange location. Think it's a conflict of interest for Acosta to be working for Knight -- his statement that SC residents think as he does was quite a campaign statement. Am glad that more businesses are opening. Am looking forward to having the shack on the Termite property removed = makes the property even worse looking than it already is. Am looking forward to the new senior center @ Five Knolls.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Actually it's a mid-track. We do not focus on all our citizens in redevelopment and expansion. Our changes to downtown Newhall are obvious moves to exclude our Latino population and the businesses that serve them. We are so right wing that more liberal and inclusive voices cannot be heard. On the positive, the improvement of the roads, i.e., Newhall Ranch Road and current extension work to connect Plum Canyon with Golden Valley are boons. Our city is well maintained and major services seem to be in good working order.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: It is a family community, but as our city grows and crime becomes more prevalent, keeping school aged children safe should remain the top priority. There have several incidents lately in the Newhall Elementary and Jr High area and most of the suspects have not been caught. More patrol and security measures need to be provided in that area during drop off and pick up hours to deter this sort of activity, and not just investigate it after the fact.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: The City of Santa Clarita has tracked the changes in the community in regards to the increasing population and traffic in the area. More emphasis needs to be placed on informing community members of traffic issues via a link similar to the Nixle link utilized by the CHP and LA Sheriff's Department. If residents are aware of closures or heavy traffic in the area they can plan an alternate route of travel.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: The city made it through the recession with little to no difficulties. However, there are issues facing the city that are not being dealt with. The city and outlying communities cannot hold any more people. Our infrastructure, schools, roads, freeways, and other such things cannot handle the amount of people that are projected to be here. The number of people that will be crammed into the valley will change the dynamics of what the city creators and founders desired to create. We have a good thing going, let's not waste it.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: We've been noticing the beautification happening on our streets. Like, the long stretch of Sierra Hwy. Planting those trees in the middle looks great. The same with the golden valley road leading to the Walmart store and the one close to the swap meet on Soledad. Hopefully, they will do the same in and around Canyon Country where I live. Our place needs a major overhaul :).*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Facilitated by the city of Santa Clarita, our local economy is business driven and focuses on the wellbeing of business owners (including small business). Although I do not appreciate the growth in housing, I do agree with the cities standing on economic growth. Most importantly, I appreciate the incentives for filming within the city. My husband works for the studios and we have seen a decline in filming in the LA areas. Santa Clarita on the other hand contradicts this, and we appreciate it. The events the city holds are also much appreciated. I've worked with a few events through my position with College of the Canyons. The cities events team is fabulous. I could go on, but to quickly add others I appreciate the continued value from the city of our close knit" feel, and the work that's been done on the roads attempting to satisfy the needs of residents with new developments being built. I appreciate the community center and the activities offered to*

families and the care for low income families provided-not to mention middle class families as well. There is always something to take advantage of in the area."

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Santa Clarita is in general, a nice modern community. It fits the trend for new cities this year. There is nothing to make me think it will be a nice older city with landmarks that will be remembered for generations...such as Pasadena. It's new, shiny, loaded with same box stores other cities (like Fresno or Lancaster) have. If we could bring Nordstrom or another high end store in, it might help, but then the population might not be able to support more than the mediocre standard, Macys, Sears, Penny's, etc., etc. I wish the City had a higher standard, but understand the population might not support it.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: I see the beautification of the city with new plantings and the building of the city connector as positives. However, I think with the scarcity of water the emphasis placed on grass lawns in neighborhoods lacks foresight as well as planting all non-edible trees. I also think the city should find more ways of "greening" itself."*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Overall, it is a beautiful City with nice parks and plenty of services. However, now with the drought, too much water is being used on all those parks and trees throughout the roadways. The homeowner is now being punished and we have to kill our 300 rose bushes so that the roadways and parks can be kept green. Our family began cutting back on water use 10 years ago, and since my soil is extremely sandy in our yard (we up located up against the flood control channel) our roses must be watered every day when the temperature is 100+ degrees. I know that the city does not make that rule, I know it is coming down from the State and our water company will be giving the fine. But it breaks my heart to see all that water being put on parks, golf courses, schools, and public buildings when my roses are hurting.*

**Married, 91387, 35-54, No children under the age of 18 in HH, No children in home, Between ten and twenty years, White/Caucasian, Inside**

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: I don't feel they are wholly on the right track. There are some things that could improve. There is too much construction and development happening right now. We don't have the water or roads/freeways*

to support the growth. The infrastructure is not in place. I do like a lot of the ideas of keeping areas of SCV as natural and wild, but there is still too much development.

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: It is a big city. It moves like an ocean liner. Generally, even a bad pilot cannot steer it too far wrong. I am somewhat dismayed to see work on making median strips on Railroad Ave. when we need other things. I know money is budgeted to improvements, but I wish there was a better use, or way to save it for other stuff. It seems deliberate that space for art shows or non-profit group activities is controlled by very conservative rules, or is so expensive that start-ups cannot afford to rent. Life is more than making a profit. With so much empty retail space, offices closed down, something good could have been done. Now the economy is picking up, the chance is gone.*

*Question: Why would you say that the City of Santa Clarita is on the right track?*

*Answer: Because for the most part the city is a nice place to reside. I have my disagreements with some city policies and decisions but we are fiscally sound at this point and that is important. City services are good as far as I know. I'm not sure if the continued annexation of unincorporated land is a good idea over the long term. That additional infrastructure will need to be maintained in 30 to 40 years from now and the anticipated tax revenue may not cover it.*

Question: *Why would you say that the City of Santa Clarita is on the wrong track?*

Answer: *I feel we are worried about the wrong things in our community I feel we need to focus on the kids in our community they need more afterschool programs for these kids. Kids go home from school and sit there or get in trouble because the parents now have to work due to our crappy government!! Things cost so much that a lot of parents can't afford programs or they can't get there kids there. Our kids are our future and I feel they are going downhill. The city should be stepping in and making phones not allowed on campus this technology is ruining our kids and making them dumb. My son is in 8th grade and has no phone or computer he must refer to a book.*

**Single, 91354, 35-54, No children under the age of 18 in HH, No children in home, More than twenty years, Asian, Outside**

Question: *Why would you say that the City of Santa Clarita is on the wrong track?*

Answer: *The growth of the City is important, but just mere growth is not the way. The City has made it hard for small businesses. Also the traffic problems have made the roads very dangerous because this town is growing faster than the roads can handle the volume. We need more motor cops and slow down the housing developments. More open space for our kids and people to get distance between themselves.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Over building; need to be more far-sighted and require builders (both commercial & residential) to use the Santé Fe or Tempe , AZ type of landscaping for common areas; need to be more business friendly to encourage businesses not to quit Santa Clarita - so any stores have closed in Valencia. Finally, you need to be smarter with City employee benefits like pensions*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: City Council refuses to listen to the voters. Marsha acts like a toddler during meetings throwing tantrums. Bob repeatedly refers to a silent majority that he represents but who never materialize at meetings or events to speak up to say what Bob claims they're saying to him. Dante just appears to do whatever Bob tells him to do. Laurene shows up to cut the ribbon at an unauthorized charter school opening but couldn't be bothered to show up at a press conference when a student threatened to kill students in our schools - she didn't even release a comment. At least Tim Ben listens to the people and pushes back on the constant nonsense. More people signed the referendum petition for the despicable billboard deal than voted for all of the incumbents combined in the last election and they STILL refused to believe that people knew what they were signing. Could you be more arrogant and insulting toward the people you're supposed to represent?*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Over development which causes more population on roads that can't handle it. Cities answer, take a two lane road and make it a 3 lane road with NO ROOM FOR ERROR on these roads with speeds limits too high. Driving is dangerous in this valley.*

**Married, 91355, 35-54, Children under the age of 18 in HH, Between one and two children in home, Between ten and twenty years, Other, Outside**

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: We are in a drought. We do not need more landscaping. We do not need big billboards along the freeway. We do not need more small business closing. We need jobs that can support living here. We do not need more low paying jobs. We need better traffic control. Major routes need 3 lanes and red light synchronization that does not change when feeder roads have a single car.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: The mayor and city government often seem to put themselves and business interests before doing what is right. So far, they have been on the wrong side of LGBT rights, rights of the poor, education, unions, and the environment. They have done nothing to make this area a better place except when it dovetails with their business plans or political aspirations.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Transportation here is a mess. Traffic signals are timed poorly, when one malfunctions there is not a timely response to repair it. Santa Clarita transit buses are everywhere but barely used, are for the most part empty, and are too frequently in the way of other traffic. The city does no enforcement of immigration laws so we have a large population of illegals and day laborers seen at sites throughout the city and heavily contributing to crime here. The city also wastes water with its median landscaping program which in the midst of this drought it has been expanding.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: We should not be installing billboards along our freeways. I don't even notice the ones along Soledad Canyon as they are hidden by trees along the road. We should not be installing landscaping in our center dividers unless we can water them with recycled waste water. The city should be encouraging electric vehicles by installing charging stations in our community to assist in decreasing the Stage II and III smog alerts that are common to our Valley in the summer. We have the most unhealthy air in Los Angeles County.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: The City beautification has made our streets more appealing yes however, our traffic is getting worse and the timing of the city traffic lights are just unacceptable. Also, traffic that is on Orchard Avenue now due to Albert Einstein opening, (how was this allowed when they are being sued) is ridiculous. The City spent so much money on the regeneration of downtown Newhall, well with all the monies spent, it is not seen where the real benefit has been. The Newhall Library, well too much money and the library is not as stocked as the Valencia Library. As I said previously, we need to attract more business that can sustain, not come and go. The City needs focus on how the infrastructure will hold up not in 10 years but even 20 years.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Because the council members (except for Boydston) appear to just be like sheep and cliché together - like they can't think for themselves - I watch the meetings on channel 20 and this is the way it comes across. People can get up one after the other for hours and talk for three minutes each and it doesn't mean one daddy to any of you because your minds are already made up and one sheep is just following the other - looks like complacency.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Santa Clarita is still catering to the demographics of 15 years ago. We need to evolve and grow. We are over building and leaving store fronts empty. There is much segregations between the one side of town and the other. If you continue to allow store fronts in Canyon Country to be outdated and unkempt and then slap SOME homeowners with citations for unkempt lawns and basketball hoops, what do you expect? We have a rundown looking community and kids walking around because we are pulling basketball hoops out of cul-de-sacs instead of letting neighborhood kids be active with neighbors. I come from a small community, Eagle Rock, and saw how it went from something similar to what Canyon Country is like now to a completely different neighborhood. The best thing was to allow great small business move in. Once Eagle*

*Rock had great bistros (something SCV is lacking), small shops, health food stores and juicing bars it started to attract a different crowd. We have one of the most prestigious art schools located in Santa Clarita. No doubt there are creative and more artsy folk attending these schools who commute to and from school. Why not build a community that attracts them to MOVE here. Valencia and Stevenson's Ranch is already established with a specific demographic. Canyon Country is right off the freeway and less expensive, it can accommodate these students. Let's make it a place that they want to live and stay in. We need to bring more culture to SCV, period. Stop building and start filling the empty spaces. Make business update their storefronts and let's beautify our communities. Give incentives to store owners to do it themselves.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Once again, too many low income housing projects in canyon Country. It has turned Canyon Country into the ghetto" of Santa Clarita and has lowered the value of our own properties. Also, if more homes are built in Valencia, it will jam our already congested 14/5 split freeways even more"*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Pulling over teenagers and searching them without cause is illegal and yet our Sheriff Dept. does just that to any and all teenagers they deem "suspect". The red light camera system is illegal because the city gets charged less if there aren't as many tickets caught with these cameras - that's illegal according to the department of transportation guidelines. The left turn yellow arrows are set at the minimum amount of time allowed by the dept. of transportation, but they are supposed to be set according to the speed of traffic for that intersection. All of these illegal activities are there to bring more money into a city that already seems to have plenty of money. Protect us, don't bilk us out of money."*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: 1. I do not agree that electronic billboards should be placed on our freeways. They will be a distraction and traffic hazard. We already know that this will be the case: whenever CalTrans posts an electronic alert on their freeway boards, traffic slows nearly to a standstill while drivers attempt to read the message. It only takes a single unaware driver to cause an accident with the slowed traffic. 2. Why did the new Newhall Library cost \$25 million? Based on the poor selection of books there, money must have run out. Whenever I try to order new books through the LSSI system I'm locked out for at least 3 months because Santa Clarita has rarely obtained those books.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Some issues like the Chloride nonsense... is where our Council needs to stand up and fight! If we as a city cannot comply with the current standards then the first thing we need to do is STOP CONSTRUCTION until we can. But... it appears no one can see that as they want this city to grow and flourish" (financially and with depravity) just like the cities they came from! This is why I deem this as nonsense... because it makes no sense. Secondly... we as a city are doing nothing wrong. Ventura County should move to Alaska and try and grow orchids, then get some stupid politicians to side with them sue the state or God Himself because the weather doesn't conform to their needs. No one but themselves decided to knock down their citrus groves and grow avocados and strawberries. I'm sure the only reason was PROFIT once again... and have us pay for the transition. The council could still stop this... but I fear I may be speaking to the wrong people."*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Population growth is too much, our community's infrastructure cannot support the number of people who live in Santa Clarita and the additional numbers coming in due to new housing developments. And as the city is growing, crime is increasing.*

**Married, 91350, 55-64, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Inside**

**Married, 91387, 35-54, Children under the age of 18 in HH, Between one and two children in home, Between ten and twenty years, White/Caucasian, Inside**

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: I feel as though the city council makes some decisions that are not necessarily based on the will of the people and this ends up costing money that we needn't be spending.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: All the leaders we have had, have promoted unlimited growth, I know the Los Angeles County ok's many permits, but we have done nothing to stop the developers. They basically owned city council until recently. The way the salt in water" issue was solved was terrible. Someone is going to make a lot of money off this cleanup plant. A much cheaper solution should have been found in the past 10 years! The landscape tax money's are being spent mostly in Valencia area and not Canyon Country!!! That is a lot on money coming in on that tax!!"*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: I think they spend too much money that could be saved for a rainy day." For instance, the roundabout and video at Hart Park. However, they have done a great job in beautifying the city. It looks awesome. I've been here for 41 years and have seen many changes. Mostly good. However, I think we need a moratorium on building--it's getting too crowded! In addition, I completely object to a convention center! More people--more traffic--more crime! Thank you for the opportunity to voice my opinion."*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Santa Clarita is getting too big. It used to be a nice quiet town or group of towns (Depending on how you looked at it. Valencia, Saugus, Canyon Country, Newhall). But with all the housing developments bringing in more and more people it has become just like any other City. More crime, more traffic, more pollution, more panhandling! We used to be ranked the #1 Safest city in the U.S. Not anymore!*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: My concern is with the expansion in residential building. The services that must be provided to all these new homes (water, power, sheriff, schools, traffic, etc.) means higher costs for those already here, particularly those on fixed incomes. This is the only complaint I have with the city...*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: First with this survey, it would be better to explain what services" means, be more specific, and provide a list of what services the city is referring to. I feel that the City of Santa Clarita is playing it safe by not be specific. There is no middle ground only Right or Wrong. So I can only answer in the negative as I don't feel the City is doing everything right. We are seeing an increase of crime, a huge drug problem with the youth, businesses are closing, and many buildings are for lease. Things I do see that are improving are cultural Arts, as well as increase in outdoor activities. However, recent events on bike trails make one a bit nervous to ride if it is not safe. I assume "services" means jobs, businesses, environment, Public safety, taxes, etc.? If this question was less general it might make it easier to answer."*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: The city counsel seems to have their own agenda, and does not care what the people of this city want. The traffic is becoming worse every day. The dining and shopping options are dismal. Changing street names won't erase the Hispanic history of the area. Cowboys were not the only ones who put this town on the map. This city is sterile and boring, it lacks culture. Nearly everyone I know leaves town for entertainment. Family friendly doesn't have to mean boring!*

Question: *Why would you say that the City of Santa Clarita is on the wrong track?*

Answer: *we have too many bike lanes (that are not even used) and they have replaced the car traffic lanes forcing cars into smaller spaces. This is a good idea with unintended consequences. It created more traffic and longer commutes and more pollution. It also makes it dangerous for the cyclists on some streets (Rockwell Cyn) where the bike lane goes from the beside the curb to practically the middle of the road right next to cars traveling 50 MPH and then back to the curb again several times in less than a mile. I am a cyclist and I hate it.*

Question: *Why would you say that the City of Santa Clarita is on the wrong track?*

Answer: *Overall, it is a beautiful City with nice parks and plenty of services. However, now with the drought, too much water is being used on all those parks and trees throughout the roadways. The homeowner is now being punished and we have to kill our 300 rose bushes so that the roadways and parks can be kept green. Our family began cutting back on water use 10 years ago, and since my soil is extremely sandy in our yard (we are located up against the flood control channel) our roses must be watered every day when the temperature is 100+ degrees otherwise they die. I know that the city does not make that rule, I know it is coming down from the State and our water company will be giving the fine. But it breaks my heart to see all that water being put on parks, golf courses, schools, and public buildings when my rare and exotic rose bushes that I have collected over the past 30 years are hurting. Since we already cut back in the past, it is nearly impossible to cut back further. For years we have already been doing all the prescribed water saving*

measures, like we changed out our toilets, take 2 minutes showers, don't let water run when brushing teeth, only have one rinse cycle on our washing machine. And on and on and on GÇª I don't want my rose bushes to die. Why is there not more water recycling being done throughout the city? The homeowners use very little water compared to the roadways, parks, schools, and golf courses, and yet we are the ones being punished.

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: Attempting to paint a pretty face on a pig is not beautification. It just annoys the pig. Lack of traffic signal synchronization only allows further congestion and annoyance. For whatever reason, the beautification of on and off ramps from freeways does absolutely nothing to improve traffic flow. The Cross Valley Connector is hampered by constricting flow points that prove the initial idea was stupid to begin with. Until the City fixes the clog at Placerita, opens up the Wiley Canyon bottleneck and finishes the Magic Mountain dead end we will be just another suburb without true cross-valley connectivity.*

*Question: Why would you say that the City of Santa Clarita is on the wrong track?*

*Answer: With respect to Measure S, I think the City should work toward banning billboards altogether, not just eliminating some for exchange of horrible digital billboards. I understand the appeal of the digital billboards bringing in revenue, but I believe that it comes at too high a cost - adding more blight to our city. The placement of the digital billboards are gateways to our community and I think they send the wrong message about what our city represents. There are many other reasons the digital billboards are a bad idea - too many to list here. Other communities have banned billboards and if our city representatives truly want to eliminate blight, then eliminating all billboards is the course of action to take.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: Everything I the city runs fairly well. There are very few problems. I am kept well informed when things happened. I would like to see the traffic lights better synced up; and I would also like to see the city be friendlier to churches that are trying to expand in the valley. Churches have a valuable role to play in the overall life and safety of a community; and churches are sometimes forced to go through unnecessary bureaucracy to start or expand operations.*

**Married, 91351, 18-34, Children under the age of 18 in HH, Between one and two children in home, Between five and ten years, White/Caucasian, Inside**

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*  
*Answer: I am dissatisfied with the lack of city services in my community. The city Ignoring the streets, and street lighting, in the older neighborhoods, like the American Beauty subdivision that was constructed in 1968 is disgraceful! This lack of simple maintenance and repairs on city property on the side streets off Alamitos like Oakley, Newbird, etc. Is inexcusable! The city is only working on projects that amount to eye candy. That's not all bad, but don't do eye candy" projects to the detriment of the older neighborhoods."*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: Previously answered. However, having recently moved to a neighborhood outside the city, I can see a difference in services between the county and the city. Overall, I am not a fan of big government.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: I think the City leaders have their priorities in the right place. They work hard to bring businesses here, they dedicate money for our parks and recreation programs, and they take care of the infrastructure, such as our roads and water pipes, so we don't have the back-log of repairs that the rest of L.A. County has. I also applaud our city leaders for NOT over-paying and over-compensating the city employees here, compared to L.A. City and the California state employees and union workers, which has such high unfunded debt that will come to haunt all of California in the near future!*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: As I said earlier, the city does seem to make the effort to provide the best services it can to the citizens. Parks are maintained, public safety is good and the city does respond (at least it seems to me) to any requests, comments or complaints they receive. And doing so in a way that seems to be within a well thought out budget*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: We have a beautiful, clean, well lit, well maintained city with many parks, libraries, and free entertainment options.*

**Married, 91387, 35-54, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Outside**

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: The city provides ongoing service to support a quality life style in SC. Low crime, clean up graffiti quickly, local parks, concerts in the park, city events and a good place to raise a family. Only satisfied because Canyon Country is still behind Valencia when it comes to the efforts to make this city appear as one city, one vision. There have been some improvement in making areas look better but there are still so many areas that continue to decline... (Egg. Sierra and Soledad).*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: I am satisfied with most aspects of the City of Santa Clarita except for law enforcement. I believe it would be beneficial to the community to have a local municipal police department instead of contracting out to the County of Los Angeles. You get what you pay for and a local police department would not only provide a better service but would allow the City Manager better access and control in decision making.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: I am somewhat satisfied," not satisfied. I am not overly impressed with the attitudes of many of the police officers in this valley. I have seen abuse of perceived power (poor driving, discourteous behavior) towards the community and also do not feel that the city is in touch with the actual needs of the various subsets within SCV (teenagers, elderly, low income)."*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: Our pot holes are fixed in a timely manner, the graffiti is cleaned very fast, the city still sends street cleaners down residential streets and there is always a strong sheriff presence, I also have used the community sports services for our children many times. Parks and Recs do a good job in making sure that sports are available to our children at a price that does not break the bank for the parents. I personally love the swimming programs up at the Castaic Pool.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: I have seen proactive action on the part of the city in the last 5-10 years that inspires confidence. The ownership of the library system for one, further development of the parks system, the path system and cultural events all show that the city is maturing but I am left feeling that I want more. Perhaps it is that the city doesn't advertise itself as an up and coming economic powerhouse. I would like to see the city advertise itself, with seriousness (and NOT with small children as its primary feature) around LA, sponsor ads on public radio (KCRW) and start a campaign that refutes the image that we are way out here" and are just a suburb and shows us as distinct from the SFV. Also, having met Cpt. Johnson, I think he has some great ideas on positive outreach with the community and I think his breakdown of the city and surrounding areas into "precincts" prove very effective. I do think that the city will have to consider its own force eventually unless this focused approach on policing continues with the next change of leadership."*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: 1. In comparison to Kern County, services and resources for the homeless and soon to be homeless are lacking. The facility for food distribution is tiny and substandard. The programs are being initiated by the Churches in the community. The coordination between any volunteer organization and college is lacking. Please coordinate with the new college/chefs program and restaurant that is about to go in at College of the*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: When I think of city services, I think of parks which are plentiful and well maintained. I also think of entertainment, which the city sponsors like the Cowboy Festival and concerts in the park. The city does a credible job in maintaining roads (could do a bit better, but they at least seem to have a plan and execute the plan) They do a good job regarding city maintained landscaping although I must wonder about all the grassy sidewalk areas during this draught. They offer many programs to families, children, and other individuals (Season's catalog) that are reasonably priced. I especially like the graffiti hot line - really helps! I also like the city's effort to coordinate traffic signals making it quicker to get across town and eases congestion.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*  
*Answer: In view of the rapid growth of Santa Clarita, I think that it is remarkable that the City has provided so many excellent services. The fact that our City was from the beginning, a planned community really helped. Unlike other areas that simply mushroomed in chaotic fashion, SCV had a master plan that looked far into the future. Step by step another piece of the plan was added as the opportunity and need presented itself. There is another element which has played a vital part in our success and that is the very active and generous help of volunteers. Perhaps I see this place differently due to my advanced age, being an artist and having the time to appreciate some of our natural beauty. Thank you all for every day you give us this wonderful life.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: When I compare the City's services to other cities in California, I notice that our services are many, and well managed and maintained. For example, we have many more parks than other areas and our parks and community centers are clean and well maintained. Our community centers, libraries, the Aquatic Center are all great examples of the City's great care in providing great services for its citizenry.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: Overall, I am satisfied--however, there are some areas that need improvement. For example--I live in a neighborhood without a homeowners' association. Consequently, it does not look as neat and clean as neighborhoods that have associations. For example, trash cans left in the street for days, stored in driveways instead of behind a gate, boats, trailers, campers, etc. parked in driveways--all of which are unsightly and ruin the neighborhood. The only way to have any of this corrected is to make a complaint to the city. This should not be necessary. There should be CC&Rs in all neighborhoods or some other way to have this enforced.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: I have no problems with the city only that there should be more moderately priced housing for your elderly population. I think the elderly are being under served. I visited the senior center recently and it does not measure up to the facilities we had back East. Each community had a center for its seniors that was easy to get to, clean, well maintained, and well-staffed. One center to serve this large a community is not enough. I feel you serve the young families and forget about your senior citizen community. More trips could be planned for those who can't travel on their own anymore. Frankly the center is depressing. These people deserve better.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: Again not knowing exactly which services, thinking about the crime increase and business decline. I trust that the City is doing the best they can however, in the last few years the increase in Santa Clarita appearing in the news for crimes you didn't see before is disheartening. I see a lot of beautification projects taking place in the city which I think are quite nice. Downtown library in Newhall seems like this might have been better money spent elsewhere, given the technological changes for books, periodicals etc... Downtown Newhall isn't quite as successful as it could have been but then things take time. I think the money spent in this area was halfhearted causing the makeover" to be less than. We cannot displace those business because they don't meet the "cultural" standards the City has placed. Instead of working together we displace or forget the project set for downtown Newhall which leaves it halfhearted. Either put in the full backing or not. Either way there is improvement but really paint does a good job of making a place look better. Support small businesses, give incentives to open shop downtown and maybe this would be what the city intended."*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: The city has consistently been led by strong leaders with an honest desire to better the community, even if some feel their efforts have been misplaced at times. In addition, and possibly more importantly, the staff at City Hall is comprised of very competent, honest, and hardworking ladies and gentlemen who show up each day and do the job well. They try to help support local business, are accommodating to the needs of the business and residential community, and themselves participate in many of the local organizations in town.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: I have lived here since 1993 and have seen progress throughout the entire city. The City is responsive to requests from the city and problems that surface. The city has developed great social and cultural resources such as libraries, veteran's resources, concerts, education opportunities. Traffic is and has been a progressive challenge especially due to the new home building. I trust the city will be able to overcome the challenge. I trust the city will do this due to the past history of success.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: The landscaping service is great throughout the city but like I said earlier, it would be nice to see great hardscape and landscape improvements in Canyon Country along Soledad Canyon. I think the entrance and exits on the 14 fwy on Soledad are horrific. The City should take pride in the entire Valley from end to end. Some visitors only see that entrance and that is the impression of the city that they take away.*

*Question: Why would you say that you are satisfied with the job the City is doing providing City services?*

*Answer: Services provided are better than many services, but it seems as if the City Council doesn't always listen to what their constituents have to say about issues. It seems most people I speak with don't want to*

spend a great deal of money on art work for a turnabout in Newhall, and would rather put an oak tree in it. It seems most people I speak with do not want giant billboards on our freeways, and yet the City Council seems determined to make their deal. When I have friends come to visit they comment on the beauty of the Newhall pass with our trees and fog and the ugliness of our power lines.

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: The traffic department does not enforce traffic rules for big money companies. There is 2 hour parking on Creekside. The car dealer workers park there all day long. There is no place to park when I want to go looking for a car, so I do not go there to purchase a vehicle. I was told by city traffic workers that their supervisors told them NOT TO ENFORCE CITY TRAFFIC RULES THERE. There is an abandoned building on Soledad by the Metro link Station. It is an eyesore. I have contacted the city many times over the last ten years, to get it resolved. NO RESULT. I was told by city workers that they would like to clear up that eyesore, but their supervisors told them NOT TO ENFORCE CITY COE RULES THERE.I, and most people in Santa Clarita, do not want ugly huge Las Vegas" style electronic billboards along the freeways. The city is deceiving the public in its attempt to get more money."*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: There are no services for the mentally ill homeless. They get shelter at night during the winter, but are kicked to the curb by 7 am and can't cross a certain point before a certain time. There is no one helping them get well and back on their feet. Most of the people who do use the shelter stay at the libraries as long as possible while the shelter is closed.*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: I'm pretty sure they are not ALL city but please tell us why exactly do we have & need more than 4 libraries in this city yet we only have 1 homeless shelter in this city & that 1 shelter is ONLY open & available for people in need for half of the year??? Maybe we should close the libraries for half the year just like we do the shelter?? The overcrowding in this city is becoming worse every year & with that comes more traffic & congestion on our city's roads, with that said something needs to be done with the traffic signals around SCV they are on no kind of pattern to keep the flow of traffic moving at an efficient pace I don't think that I have made 3 green lights in a row in months. Just the other day I decided to time how long I sat at a traffic light. So I approached a light that had just turned red at Soledad Cyn & Reuther I timed how long I sat there until the light turned green & I sat there for 3 minutes & 45 seconds that to me is a long time I have also observed while waiting on line for a light to turn green at Soledad Cyn & bouquet Cyn people were just going through the red light cause it was taking so long to turn green finally after over 5 minutes the light turned green. These traffic lights should be timed & synced with each other to keep the flow of traffic moving at an even pace instead of 1 signal being red & the light right after it is already green. I could go on & on about things in this city that I'm dissatisfied with but I'm sure your only reading half if this survey anyways if you even read it at all. But it was worth a try to put my 2 cents in.*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: For example, Santa Clarita needs additional local park facilities, additional Community Centers, and Senior Centers. A second example is where the community has funded the construction of community meeting facilities and city policy has placed unreasonable usage fees on them preventing most residents from using these facilities. City policy needs to recognize City assets do not belong to the City Council or City Staff, they belong to the City residents.*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*  
*Answer: City Services are good where the transportation/buses, they have greatly approved. Re streets, there still needs to be more repaving, especially in the Saugus areas. Also, why does the city charge exorbitant amount of rent for a dog one day event in any of the city parks??? Dog people had to beg, beg, & more protesting to city hall to get that dog run in Central park many years ago... Relationship with the City Park Commission in getting reasonable cooperation is nonexistent.*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: When we were part of the County we got Weekly Street sweeping, getting a building permit was easy, the City did not mess with roadways in a negative way, IE, restriping Via Princess and Lost Canyon into a dangerous configuration. Getting a building permit inspection can be a one week process in the City. Heck the County was next day. I am ever sorry we annexed into the City. Oh yes, I now pay an open space and center divider tax that I did not have before. Also the library system is mismanaged. Our libraries have become a dumping ground for the mentally disabled where caregivers drop them off for the day. They are disruptive to other patrons. This did not occur when the County was running the library system.*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*  
*Answer: I have to put up without dated Leaf blowers, and pathetic workers who at city hall will do nothing. Prime example: we attached the ordinance that addresses noise issues for the City of Santa Clarita. As we have discussed earlier, we do not have a ban on leaf blowers within the City limits. Since this is a civil issue between you and the HOA, I hope this information helps to minimize the noise impact upon your home.*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: Community Preservation sucks. The setup of construction on McBean sucks, the merge of two lanes right away almost caused several accidents. The city will reline streets over and over again but can't add speed bumps to a street near a school where speeding is bad and people have lost cars due to speeding cars hitting them.*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: Because you are apathetic. It is much easier for you to play to the numbers instead of solving problems because you do not want to upset anyone. It has been hard to get the police out here if I have a problem with a neighbor that I feel my life is threatened and that I believe he is selling drugs because of the numerous car traffic at night; or if the neighbor's pit bulls are attacking children and adults in my cull de sac, nothing is done about it even though I have made repeated calls to Animal Care and Control. Much of the crime is not reported because The City of Santa Clarita wants to brag about how safe this city is; so crime is SIMPLY NOT REPORTED. We feel children are not safe walking to schools, thus explains why most people drive to pick their kids up from schools.*

Question: *Why would you say that you are dissatisfied with the job the City is doing providing City services?*

Answer: *The lack of concern for traffic safety. For example the new right hand turn only lane onto Golden Triangle to exit from the north the Walmart/Sam's center forces those to turn right into the through traffic lane going east bound on Golden Triangle while the east bound right hand lane if right turn only to the complex. It makes no sense and is an extreme hazard to safety!!*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: They are spending money hand over foot the revive the city of Newhall for what. Who cares about a 30 million dollar library that could have been built in the civic center for all? Art projects on the streets. How about just pave the roads so that my suspension on my car doesn't get ruined. I have lived in Santa Clarita since 91 and part of that time in Newhall. Almost every week either The Gas company, Some water Company or Edison is tearing up San Fernando / Newhall Ave. really there is no reason to pave that road due to its going to be tore up again within 2 weeks so I avoid it*

Question: *Why would you say that you are dissatisfied with the job the City is doing providing City services?*

Answer: *I simply do NOT trust those responsible for running our City and it's government. Traffic lights are a disaster! Traffic is too! The traffic patterns and turn lanes alone at McBean & Orchard Village Road are disastrous! That so many cars can legally block the bike lanes while waiting in a very long line of cars to pick up their darlings at the new Albert Einstein Academy, forcing cyclists and runners and pedestrians into a traffic lane (because there are NO sidewalks) is highly risky! The so-called art" in the city is beyond absurd! The City is more concerned about its appearance than it's "soul!"*

Question: *Why would you say that you are dissatisfied with the job the City is doing providing City services?*

Answer: *Drought situation and we keep tearing up medians and planting with trees? I understand beautification --but a project worked over 2 times? Spend the money on road repairs, proper street lighting - I get my street cleaned 1 x month? .Let's pick our battles outside of billboards and petitions against them. City trees that uproot sidewalks and roads and get a band aid fix every few years. Road repairs in my community-lived here 18 yrs. and street not paved but continues to be dug up on Hyssop Lane.-Saugus.-- Traffic camera lights -great for city revenue but we need the Sheriff protection instead.*

Question: *Why would you say that you are dissatisfied with the job the City is doing providing City services?*

Answer: *The city caters to special interest and ignores big problems such as over development. The city has enabled Newhall Ranch. This should have been strongly opposed by the city. Instead we have a major route named after it and leading out of our city straight into it this will impact our quality of life and increase traffic. That area also should be preserved not massively developed. Not only that but it looks like the courthouse and sheriff station will be a part of this new center. Who gave away the store? The city is very slow to respond to environmental issues such as water. We have too many grassy medians consuming water, but for some reason we have miles of empty bike lanes. It's too hot and too dangerous to ride a bike on these crowded streets. The high speed train should stop in SC. Why is no one in our city advocating for this? The one good element of the county government was the library system. And, that you privatized. I oppose the privatization of public entities in any form. There has been no vast improvement worth that price. The*

*improvement of Main Street in Newhall is a plus, but the traffic circle was unnecessary. The money could have been better spent. Bring back a better farmers market to Main Street.*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: Traffic is a nightmare! Traffic lights are not synced to allow traffic to flow, if you get caught at 1 light, you get caught at every single light! A crossing light is desperately needed where the bike path crosses Newhall Ranch road, near the fitness club, Legacy School. Cyclists must take their lives in their hands to cross 6 lanes of traffic and a center turning lane! The brain that decided this needs to be fired! Either that, or put in the bike path under the crossing of Newhall Ranch Road!*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: I do not know who it is that the Clarita Got serves. Newhall Land and Framing? Chiquita Landfill? The Flemings? I appreciate the efforts to build an open space perimeter, and that is one thing I believe is moving forward. However, the political landscape suggests that the only reason that is working is fat money payments and a limited amount of resistance. How much money was paid to stop development in the property south of Placerita Canyon? The cost of turning those hills into mega-mansions (like McMillan Ranch and Robinson Ranch) was prohibitive to any business. What was the price of stopping that?*

*Question: Why would you say that you are dissatisfied with the job the City is doing providing City services?*

*Answer: I think the privatizing of the libraries is one good example of my dissatisfaction. The County library system is one of the few government run entities that is very efficient and beneficial to a wide range of people. When the City withdrew us from that system, our library services went down in quality. We lost an immense amount of access to books and I can't possibly see the benefit of that. Fortunately there is a satellite County so Library location in Stevenson Ranch so I still have access the County system. I believe that the deal was made without regard for the overall benefit of the citizens of Santa Clarita.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: A permanent community center in Canyon Country is a must. The smaller temporary one already seems to have outgrown the available space. A larger, more modernized and central sheriff's station is desperately needed. I would also like to see a splash pad at one or more of the local parks. I know with the drought and water saving issues it is a challenge, but it is a great amenity, especially for parents of young kids. The Oak Park splash pad has a recirculating water system that could be explored.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Paint those white lines for bike lanes on those roads that are designated to be bike routes (White's Canyon Road, Sierra Hwy etc.). The city trails are nice, but how do you get to them safely. The White's Canyon/Plum Canyon area has THOUSANDS of homes miles away from the trail system and no safe route to get to the trails. More people would commute by bike if it was safer.*

*Answer: Lower cost activities. Students usually do not make their High School teams unless they have played warrior football, track, etc. or some other private programs for football, or Hart Baseball, or parents have hired private coaches. Their needs to be more for the thousands of students who do not make the team at High School but still want to play past the age of 14. Special Needs students also need to be included more. There needs to be more programs after school that are equipped to take care of Special Needs students that are Jr. High and High School age.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Continue to develop Central Park! Add lights to the bark park. For your information, we regularly come in contact with a lot of single financially not well off adults, and teen age kids, around Central Park who complain there is very little to do in Santa Clarita that is free, or doesn't cost much to do. For a date, these kids & adults come to Central Park where it is safe, are usually taking a dog for a walk in the park, or just taking a walk and talking with each other. Perhaps adding more tennis courts would accommodate something free to do" for a lot of "dating" adult and teen age couples. Just keep doing good things to Central Park and the other parks in town."*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Finish the golden Valley connector to plum Canyon. Youth football is huge here, we need a city facility for football other than coca. A place where our high schools can plan and KEEP their ticket sales and concession. It's insane our schools have to give up revenue AND pay to use the coc field. Bring back real bands to concerts in the park. And btw there isn't enough parking at central park for big events*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I feel that all new businesses should put in artificial turf and so should new housing developments to preserve the water. I also feel all new construction for houses or businesses should have solar mandatory. I think it was great that all the schools have solar. I wish the city could run the Dept. of Children and Family Services rather than the county. There are not enough social workers to meet the needs of the children to see that they are protected. The city is smaller and I think could do a much better job and hire enough social workers and others to meet the needs of children better than the county does. It's way too big to do a decent job.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: How about not covering the open space with 60 foot high digital billboards? Your downtown Newhall vision is a joke beyond belief, no one will ever go there. Seceding from the county library system was one of the dumbest things this crooked council ever did, now we have a bunch of uneducated retards running the libraries, real nice guys! Please don't take away traffic lanes so you can put in more bike lanes again either, or put in back in parking. Oh yeah, you already did that and then forked out over \$60K to undo it...on our dime.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: As previously stated, I'd love to see at least one central proper rec center. It is silly that the only way to walk on a treadmill in town is to pay exorbitant monthly gym fees on a contractual basis. We vacation throughout the summer and spent time in other US cities that have lovely rec centers full of gym equipment, drop in aerobics, indoor tracks above indoor basketball courts. Lovely facilities. And we have an outdoor adult playground. I'm not sure if we're the anomaly or if these other cities are, but it seems like a basic service I would expect a highly rated city to have. What we have is kind of disappointing compared to what I've experienced elsewhere. Splash pads (water parks w/fountains). Is there a reason that we don't have splashpads? I imagine there is some liability issues, and the whole cryptosporidiosis thing, but other local cities have them so I can't imagine they're completely out of the question. I don't have little kids anymore, but this is something that I would expect a family friendly to have at least several of, considering the popularity.*

*Answer: Outdoor entertainment venues, such as the amphitheater at Palmdale's Marie Kerr Park. Businesses and hang-outs to attract attention from teens and young adults (most turn to drug/alcohol use due to their extreme boredom with Santa Clarita). Clean up the 5 freeway!! Santa Clarita does NOT look like an attractive community to visitors or passers-through. The poor condition of Interstate 5 through Valencia and the tackiness of how everything looks (no planned beautification, graffiti on the walls, etc.) undermines the city's branding efforts.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: It would be nice if they would resurface roads on the Canyon Country side of town. They're always resurfacing the Valencia side...and Sierra Highway hasn't seen a resurfacing in I can't remember when. Real traffic timing would keep the air cleaner. I'm tired of having to stop at EVERY single light because I drive the speed limit. Those that fly by me in excess of the limit always seem to make the lights.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: We need more things for teenagers to do. There is a huge drug problem out here but if you ask most kids it's because there's nothing to do" out here. We need more sports fields that the general public can use. Most fields/baseball fields are taken over by teams practicing. There is never an open field to just take your kid to practice. Which leaves parents having to pay for indoor batting practice."*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Job growth. Bring in companies with good management and mid-level jobs. I look at the open jobs in our community, and most (87-88%) are entry-level or low-level pay positions.*

**Single, 91354, 65 and older, No children under the age of 18 in HH, No children in home, More than twenty years, White/Caucasian, Unknown**

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Laemmle theatre or another such company, Improve the Performing Arts Center - not great entertainment there; Still missing significant shopping opportunities, (Nordstrom as example) Need parking garages for convenience and because of the heat instead of sprawling parking lots, plant larger trees on the trails as there is no shade at all on the river trails, encourage annexation of areas outside the city; Improve existing parks instead of just building more, Central park is great, but doesn't have the amenities or number of fields you see in Bakersfield, Las Vegas etc. that makes it a great venue for huge tournaments;*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Pay some attention to those of us on the east side of town - we pay taxes too. And no - not medians on Soledad that were fine before or the freeway onramp at Sand that was also just fine before. Extend the bike trail to Sand or further, fix potholes and streetlights. Put a sheriff substation in Jakes way - just rent a ground floor apt/condo, call it a substation and man it.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I would like to see more community centers built that would serve seniors and adults during the daytime hours, but children and teens after school hours, and keep the center open for mixed use until 10 pm. I know we have a great community center in Newhall, but it would be nice to see something similar in Valencia and Saugus areas. I think I read that there was a community center in Canyon Country, but if not, we should have one there too.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I appreciate open space and parks, but I resent the intrusiveness of the regulators whether it be the City or MRCA. It's my open space. I don't appreciate an overzealous nanny telling me I can't be on trails after sunset. On the side of County Parks and Recreation, I perceive their management as being overbearing as well - reference recreational opportunities at Castaic Lake.*

*Question: The City of Santa Clarita is already developing new trails, parks, community facilities and programs over the next several years. In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Better maintained roads new roads For example there is no reason Via Princess shouldn't be completed to Lyons before development pays for the road Bill the developers later. Build the Golden Valley Bridge over the 14 Freeway already. It's been planned for how long??? How about some center landscaping in Canyon Country? And don't say the folks in Canyon Country voted down the landscape district to pay for it. Who's paying for the work on Railroad and Golden Valley?? There certainly aren't homeowners along either of those roads that have been recently landscaped. A large sports complex like Central park would be nice in both Canyon Country and the Newhall area This would take away a lot of use in Central Park helping that park last longer with less maintenance and for goodness sake stop the development of new homes This area doesn't have the infrastructure to handle large new developments*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I think it would be great to see the creation of more walkable communities. I know those close to downtown Valencia have Paseos and access to restaurants but for Saugus, most stores, coffee shops and restaurants are not within walkable distances. Urban farming is big in many progressive cities as is local food production. Santa Clarita has overly restrictive regulations for urban farms compared to other progressive communities (Pasadena, Altadena, eagle rock, Thousand Oaks etc.)*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: The city needs to provide more activities for teenagers and young adults that are low or no cost. Not everyone can afford the costs associated with Hart Baseball, AYSO and/or high school sports. Bored and lonely teens/young adults are prime targets for drug abuse and the associated activities.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I think a roller skating rink would be a great asset to this community & SCV should build it right where the Green's used to be at Valencia & McBean parkway it's been vacant & a nuisance for many years now. The community would benefit from this roller rink cause it would give the community more job opportunities & the kids something fun to do & keep them out if trouble.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: More Sheriff Involvement with the kids. If the kids are around law enforcement, they will have more respect for when they become older. And the more law enforcement that is seen in the community the better to keep out people who are up to no good. I remember as a child the DARE program and police officers being in our classroom once a month speaking to the kids. Our school, in the Castaic School District, does Red Ribbon week. It would be nice to have Sheriffs there to back up the PTA and speak with the children on drugs. I believe the DARE program now charges but I'm not 100% sure.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Continue to grow central park. It's a great place for the concerts in the park, softball and basketball. Continue to improve the infrastructure including ensuring connections to the Paseo system for easy access for when parking is a hassle such as concerts in the park. Provide underpasses on the Paseo underneath Newhall Ranch Road on both sides of San Francisco Creek. There is only one now and another on the west side is sorely needed.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Open space areas need to be developed with hiking trails. Provide a network of electric vehicle charging stations. We really need a new Sheriff Station. The current facility was fine in 1971, but is inadequate for the size of our city. Preferably, we should have a new centrally location facility, or a second station in Canyon Country. Seems like a waste of services to have our deputies driving 25 minutes to reach their beats in Canyon Country.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: On many left turn traffic lights, I don't want to have to wait to turn left because the arrow is red, when no traffic is coming from the other way. Left turn helps during congestion periods, but during off peak hours, you can't turn because of a red arrow, instead, it should be just a green light. Perfect example is light's at the off ramp of the 14 freeway and Golden Valley. There are times you just wait to transition from Golden Valley to the Southbound 14 because the arrow is Red, there is no traffic for minutes, but you just have to wait. I would like to see a CNG Gas Station located near the new Fire Station and shopping on Golden Valley off the 14 freeway.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: Turn the service-only access roads along the bouquet canyon wash into public bike/walking trails. Enforcement of existing rules prohibiting RV parking on city streets. Old neighborhoods like American Beauty in Bouquet Canyon are constantly filled with RVs parked on the street and the Sheriff has done nothing for years. Also the pavement in that neighborhood is terribly damaged.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: A social part of the city would be cool. Something like a city walk where the community and people from other cities can come to socialize and let loose. Clubs and places for young party life to go out and enjoy themselves. Hollywood seems to be the closest place to go clubbing and to bars which isn't safe for drivers needing to get home from so far away where as in town activities could easily accommodate carpools or public transportation to get home*

*Question: The City of Santa Clarita is already developing new trails, parks, community facilities and programs over the next several years. In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I would like to see the city better integrate the transportation system and begin to shift emphasis trail system emphasis from one of pure recreation to one where there are appropriate and safe connections to the roadways. Making non-motorized commutes pleasant (as they are now within the system as it is) as well as efficient/expedient and safe-especially for school aged children and workers in the industrial corridors and office complexes would be very meaningful. Expanding city messages to emphasize the value of alternate ways to travel would be a huge help in altering Santa Clarita's culture to one that emphasizes healthy outdoor life, and a life that is relaxed enough to use and cherish the best of local businesses and services.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: 1. EV chargers, 2. free graffiti removal for residents. LA County does it for free I am surprised the city does not. 3. End to dog canvassing. To be honest it seems totally illegal. I read the rules. There is no probable cause. A complaint should have to be filled 4. Faster police response for nuisance complaints and holding bars to task for repeat issues. 5, Build more entertainment infrastructures Like an amphitheater. 6. Traffic is horrible. There should be express ways to get to the freeways faster. 7. There should be an online suggestion box that gets replied to for ideas.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: New venues for pre-teen and teenagers to be able to gather and be safe. A full time homeless shelter for the people to be able to go too at all times. Something must be done about the busiest traffic areas, the City people need to drive these area's more than once to see the traffic build ups. Another full time dog park as well.*

*Question: The City of Santa Clarita is already developing new trails, parks, community facilities and programs over the next several years. In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I would like to see better maintenance on outdated store fronts and in the small shopping centers. Even if the city is not providing the service itself, I'd like to see either incentives to entice property or store owners to make these improvements or requirements and enforcement to upkeep the property. I'd also like to see the streets medians updated and beautified. You drive down Sierra Hwy and once you cross the freeway overpass at Via Princess its obvious how neglected that part of town is. No need for several plants or anything requiring constant watering, but there are several ways to stylize medians and sidewalks. Succulents and other drought tolerant plants are another excellent alternative. The rising crime rate here in Canyon Country is alarming. Perhaps more sheriff patrol and constant presence is needed.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I would like to see improvement to Sierra Hwy. Currently there are several locations where there are no sidewalks or even curbs to separate pedestrians from vehicle traffic. This is especially evident south of Soledad Canyon Road where there are a lot of both. I realize Sierra Hwy is a stale road, but I think the city should work with the state to make these improvements.*

*Question: The City of Santa Clarita is already developing new trails, parks, community facilities and programs over the next several years. In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I think the City should focus on implementing the Old Newhall Special Plan. The Plan touches on many aspects to improve the quality of life for the residents, businesses, and visitors. I would like to see the City move on the Children's Museum as outlined in the plan. The museum would provide a service lacking in the region and provide an economic boost to the local businesses. The theater outlined in the plan could provide entertainment options for the residents. And added mixed housing could address the aging housing stock issue in the area. This will only work with a Transit Oriented Development plan.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I would like to see more trails in more areas of the city, not just concentrated in Valencia and Canyon Country. I would like to have more outdoor picnic facilities for families to enjoy. Roads, roads, roads! Traffic is still very bad--especially Bouquet Canyon Road and Lyons Avenue. We need more programs for senior citizens.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: We need a skilled nursing facility for the elderly and infirm. We have lots of beautiful assisted living homes, but none that provide nursing care except for the place on Newhall Avenue. That place has low ratings, and is depressing. I could not move my mother to Santa Clarita at the end of her life, as there was no place for her to safely and comfortably go.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I think the development of the Old Town Newhall is off to a good start and setting a great new tone for the city. There needs to be more support for the small shop keepers and restaurateurs who are acting as pioneers in this venture. It is disheartening to see many of them struggling and going out of business before they can even get a foothold. You need to have galleries, coffee house, movie theatres and more restaurants to attract people to the Main Street area. This is really a great start there, but the city needs to continue in this direction throughout the valley. By doing so, it can create more of a sense of cohesion and community identity, instead of this valley just being a series of bedroom community neighborhoods. This can be done through the creation of more public gathering spaces, public cultural events and in the investment of major public art and architectural works worthy of a great city. This cannot be done half-heartedly. It is better to invest in a couple of major substantial pieces that wasting money on forgettable public art (such as the butterfly sculpture near the entrance to Central Park). This investment in art & architecture will further create beauty and pride within the community and help to forge an identity; a city brand. What this valley really needs is a museum to legitimize it and acknowledge the history here. It also needs a zoo and/or a botanical gardens focusing on the local plants and animals.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Regarding the open trails, I would like to see some spots where people can take a break and shade seeking a respite from the heat (e.g. Iron Horse Trailhead starts out very attractive but then is too exposed to the heat and sun without any rest areas and shade for people, kids or pets.) Better paying jobs, jobs, jobs More entertainment options for adults so people don't have to leave the Valley more walkable" community - very little housing is built on flat surface streets sometimes requiring difficult hikes up and down steep hills to access commerce, restaurants, or even public transportation if we wanted to be more conscientious about the environment. And when one does get to a commercial center with restaurants - there are next to no walking, visiting or shade or areas to visit with people. Centers need more trees and more shade/shelter from the sun and heat. As there isn't a natural downtown area in the center of town, artificial ones need to be created everywhere."*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: An actual outdoor amphitheater would be nice, like the Starlight Bowl in Burbank. I'd like to see a more robust Farmer's Market too. (I guess got pretty spoiled by the one in Studio City.) Would the City consider building a baseball park and bringing a minor league baseball team to the area? The Lancaster Jet Hawks are great, but few people are willing to drive out there. However every game I go to a game, I find myself sitting with other people from Santa Clarita.*

*Question: The City of Santa Clarita is already developing new trails, parks, community facilities and programs over the next several years. In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I would love to see the traffic flow improved around the school schedules. Coming from canyon country to Valencia to work, during the summer will take about 15-20 minutes. During the school year, that amount of time doubles. Almost 100% of the increased traffic is in between canyon Country Park and camp plenty. There has to be a way to coordinate the lights in order to keep the traffic moving. If there is an accident on the 14 south, the city level traffic on Soledad crawls to a standstill. There has to be a solution.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I cannot say that this would improve the whole community, but it would touch a portion of the residents so profoundly that their involvement would attract others, and so on, and so on. I cannot tell you exactly what the vehicle should be. But I can give you examples of how other communities have successfully made it happen. Think of Ojai. Think of Laguna. The thread these and other communities share is a uniting of ideas, a focus toward inspiring, educating, gathering diverse people to work(or play) toward something that would make them be proud of their part in a much larger endeavor.*

*Question: The City of Santa Clarita is already developing new trails, parks, community facilities and programs over the next several years. In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Designate open land spaces, city parks, and the use of landscaping to retain water and include drought tolerant indigenous foliage. This is desert and we should cherish that. We need to catch and retain as much water during rainy seasons instead of letting it run off to the Pacific. The County of Los Angeles with its Los Angeles River could retain billions of gallons of water each time it rains with simple old school water wheels that could be positioned every half mile at low cost. Encourage residents to install water rain barrels, of which I see NONE in my walks around the neighborhood. Solar should be instituted above sidewalks in all open parking areas and public buildings. The cost of this would be returned almost immediately to the city. And in fact, the city would begin to receive payment for its collected solar power.*

*Question: The City of Santa Clarita is already developing new trails, parks, community facilities and programs over the next several years. In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Well yes, those are the things I'd like to see. Community facilities" is rather general. A City Art Galleria would be great. I got to the end of your survey and there was no space for "other comments". So, I came back here.1. I am unsettled by not having a reasonable grasp on City finances. Everything state and local governments do these days seems to involve money, money, money. The money is to keep people in power and pay government workers lavishly. SC is young. We could be in the early stages of the local government Ponzi scheme with a financial iceberg in our future. I'm concerned about pension reform. I would like to see a really clear and simple explanation of the city finances published (in the Signal, for example). Where does money come from? Where does money go? Numbers and types of employees and costs. Pension arrangements. (How much are we paying the City Manager who retired not that long ago in his 50s?) Is this arrangement fair to all, employee and tax payer? Is this sustainable? 2. Santa Clarita needs to "opt out" police state policies. I don't say that lightly. I strenuously oppose the traffic light cameras. You are required to inform on family members. Really? Is this North Korea? License plate "scanning" and data collection. You seriously need to think about the relationship between government and citizen. Regular people, like me, are coming to see government as an adversary, an independent entity with its own agenda. "Government of the people, by the people, for the people"; many regular people feel that we are losing it.3. Continuing. The police out here are rude bullies. One reads about more and more police shootings, unwarranted searches, and militarization of the police and one becomes afraid. I find that my attitude towards the police is vastly different than from years ago. We contract with LA Country but it's our city. Some type of oversight and attitude adjustment are called for. I don't think that the usual contemporary sensitivity training is going to do it."*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: Revise bus line service. Why have a bus only go part of the distance (i.e. Plum Cyn) just to change buses so one can continue to the other side of the valley. Makes more sense to have a bus line that would go around the entire perimeter. In addition, think about the flow of traffic as well as pedestrian safety on where stops are (i.e. Golden Valley). Now the bus stops on North side of Sierra hwy but causes back up of traffic in addition to bus drivers bullying their way back into traffic. Another bad route the bus from Sierra Vista having to cross lanes in order to make left turn on Soledad. Also causes traffic back up. Why not have the bus continue straight up Via Princess?*

*Question: The City of Santa Clarita is already developing new trails, parks, community facilities and programs over the next several years. In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Although there are many parks, the community is still geared for adults, the only place teens can go is to the mall to hang out with their friends or head out of the valley. There really is no dance club, music venue, museum, etc. for youth. Not sure how to solve that problem but there are currently limited options. A permanent homeless shelter would help address the increasing homeless population in the valley. I am making the statement that it is increasing, because I have noticed more homeless in shopping centers, along streets near the freeway, etc. There definitely appears to be an increase based on driving through the community.*

*Question: The City of Santa Clarita is already developing new trails, parks, community facilities and programs over the next several years. In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Preserve all the wild places left. No more development! Improve places like Summit Park in Valencia, for example. Since it is a natural park (without a grass lawn that needs watering), why not plant some beautiful native California flowers, shrubs and small trees there? Poppies bloom after it rains, but otherwise, there is mostly mulch on the ground. The natives there include various oaks and California buckwheat, cottonwoods and willow trees, but the area could use much improvement. Imagine the plants of Owsley Canyon (wild roses and purple sage plants, lupines, etc.). Same thing with along the river trail between Orchard Village Rd. and Magic Mountain Pkwy. Any pretty, low-maintenance plants that could survive droughts should be planted there.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Work with the County to improve the beautification of their roadways, many of which are 'gateways' to our City (i.e. Sierra Highway). Quit 'squabbling' over signs along roadways or freeways, make a decision and move on. Work with CLWA to help with beautification projects, they already spend a lot of money on their own properties. With water rates going up & sanitation district fees going up, we should be getting more benefits back to the community.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I would like to see proposals and measures that seek to flatten or reduce spending and encourage fiscal conservation. It's always nice to see a surplus, refunds, and maybe lowered taxes! Building things usually means can mean ongoing maintenance and thus higher taxes. I would also like to see the City solicit input from the community regarding the drought. While we have private companies doing most all of the grunt work, the City, as a customer, could do more to keep state and federal agencies accountable, especially in the rather covert areas of Geoengineering, well-documented on the History Channel and federal agency documents. These operations are thought to exacerbate the drought in powerful ways and I think we as a City need to educate ourselves on Geoengineering and take a stand on it, especially in how it affects public health. This can be done through low-cost, full-spectrum soil and water samples through independent, third-party labs not connected to our water agencies. Shasta County is reportedly looking into this due to public outcry in a capacity meeting this past July.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: Reduce planned development (e.g., proposed 2015 Canyon Country housing development) that may impact water usage, traffic & congestion. Increase open space; plan more parks accessible to communities rather than one, big central park. Put a traffic light w/a left-turn arrow at Sand Canyon-SR-14-North juncture to smooth daily a.m. rush hour traffic jams & to reduce danger of accidents at that corner. Bring an art cinema, such as the Laemmle, to Santa Clarita.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: We need a dog park that people with disabilities can get to. Those with limited mobility are not able to walk their dogs but can take them to a dog park to run. Unfortunately - at least at Central Park - you have to walk a VERY LONG way to get to the penned in area. My husband is disabled and finds it extremely difficult to trek across those fields to get to the dog park. Why can't we have easy access? Our dogs need the exercise even worse than folks that can walk them.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*  
*Answer: Teens and young adults feel they have no place to hang out and enjoy themselves. I am always worried when they have to leave the city to go have fun, whether it Hollywood or Universal City Walk. I think we have enough parks and trails, maybe a safe space for young people to hang out. I also like to see big companies and corporation to come into the city to provide jobs that are looking to hire more advance workers beside kids for the summer. More affordable housing, more restaurants in Canyon Country.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Plant more street trees. Also consider more traffic calming including traffic circles. We need a traffic circle at the Vista Valencia shopping center driveway, Alta Monte Dr. and Singing Hills Drive. That intersection is a free for all and I've seen so many near miss car crashes it's a wonder kids haven't been killed walking to the park or to Meadows school.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Increased programs and services for the youth, especially teens. A complex like the aquatic center, Skateboard Park needs to be built on the Valencia side of the valley. Teen programs that appeal to teens, that provide after-school tutoring, mentoring, and welcome diverse teen members of the community. The LGBTQ community of youth is being ignored and there are LGBTQ youth in this valley that are at great risk of self-harm.*

*Question: The City of Santa Clarita is already developing new trails, parks, community facilities and programs over the next several years. In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Faster flow of traffic, coordinated traffic lights more libraries and hospitals. Beautify on and off ramps to the city which right now look horrible. More police patrol's as crime is up in breaking and entering and vehicle break ins. Remove grass from city maintained streets and islands and replace it with shrubs. Whites Canyon should be three lanes both ways for better flow of traffic. From whites Canyon heading south there is only one lane going to the 14 fwy because up till Pleasant dale there are only two lanes as one lane is right turn only thus causing people to sit from Nadal street to Soledad for over 10 minutes. Route 66 is a nuisance to the city where low life Harley riders come on loud motor cycles and make noise till early hours of morning and harass other motorists and them never ever get a ticket. The on ramp near Costco is a dump for CalTrans and that mountain of dirt makes our city look like trash. The power lines on Whites Canyon should be moved underground like on Soledad Canyon*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: What Community? The SCV (and Clarita) are a half-dozen communities in search of an identity. A Corporate-owned City government is not something to build a community on. NLF and its proxies and stooges are not something that a single community can rally around. Given the disparity between Canyon Country and Valencia (let's not get into the North Valencia BS), not to mention East Newhall, it is clear that the dollar signs make decisions happen. What do I want to see? A City that pays attention to all of its citizens.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Another pool facility. There are always summer waiting lists for swim classes and youth swim programs. (Maybe an indoor pool facility?) Another community Center that youth can easily get to, that is modeled after the Newhall Boys and Girls club. So much good goes on at that facility and it is used by a large population of city youth.*

*Answer: More sports/parks as you are currently doing. Continue to address traffic congestion. Offer some daytime aerobics, computer courses etc. instead of everything at night at the local parks. There ARE people out here that can exercise and take classes during the day. Some of us prefer not to go into unknown community park buildings at night alone.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I know the city is working with the Arts Commission on an arts center master plan. I think this is one area that the city has fallen down on and dragged feet in moving forward. The Arts Commission put together a wonderful master plan several years ago, and I don't know why that plan was ignored. We need a place to showcase visual and performing arts and perhaps a place to offer the community a place to learn more about the various arts with lectures, classes and workshops.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Just in case it got cut off, again: A Truck Stop off of Newhall Ranch. 18 wheeler parking off road is a BIG issue. There is no place for them to go before getting into LA and so they are parking wherever they can. I propose you use the old oil/gas land on Sierra by the towing company for a truck stop. (Where that beat up building is). Before they put signs in our development, the 18 wheelers were parking all up and down the street. Considering articles I've read where some of these drivers are unsavory characters, committing crimes, meeting red light people ... not good.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: I live in Canyon Country. I feel that the focus is mainly in Valencia. The city needs to look over at our area more. Especially a city park that has tennis courts. We do not have any. We need to drive out to Saugus or Valencia which is about 25-30 minute drive.*

In your own words, what are some of the things you would most like to see the City provide in the next three to five years that you feel would improve our community the most?*

*Answer: Improve bicycle access to Central Park for those residents South of the park. There are bike lanes for residents north of the park. Enforcing our speed limits and in some instances slowing traffic down notch. This would encourage more non-motorized transportation. The Lyons corridor is a good example among others.*

*Question: What are those activities?*

*Answer: We have a lot of good restaurants in town, however, except for sort of the Claim Jumper, none of the restaurants can accommodate a large family outing! One of my sons' birthday is in two weeks. There is not a single restaurant in town that can comfortably seat 20 for a meal...again we are going to have to go to either the Odyssey or Castaways...and the family is tired of these two restaurants. We need a restaurant that can handle a large family outing. We go out of town for professional sports, i.e., attend Dodger, Lakers, and etc. games.*

*Question: What are those activities?*

*Answer: I shop at higher end stores in Santa Barbara or Los Angeles. I know what happened to the Nordstrom idea here in the SCV a few years back - we don't have an economy that can sustain a retailer like Nordstrom. I also go to restaurants in Los Angeles, Santa Barbara and Ventura where I can get more deli-style or Greek food. Finally, during the summer, to beat the heat, I head west to the beaches for exercise (cooler weather - sorry, nothing we can do about that).*

**Married, 91355, 35-54, Children under the age of 18 in HH, More than four, All your life, White/Caucasian, Inside**

Question: What are those activities?

Answer: Certain restaurants draw us into the valley. Specifically the Cheesecake Factory, Fuddruckers.

**Married, 91354, 35-54, No children under the age of 18 in HH, No children in home, Between five and ten years, White/Caucasian, Outside**

Question: What are those activities?

Answer: Buying cars, shopping for anything at all (clothing, gifts, art work, kitchen supplies, jewelry), pretty much anything I want to buy, I buy anywhere but here. We don't eat here, the food is abysmal. We go to other cities for just about everything on the weekends, we spend no time or money here if we don't need to.

**Married, 91350, 35-54, Children under the age of 18 in HH, Between one and two children in home, All your life, White/Caucasian, Inside**

Question: What are those activities?

Answer: Art-house Theater / independent films. I leave the SCV at least weekly to see a film that is not available in the SCV. This week we were at NoHo Laemmle to see Boyhood. Sometimes it's even VERY mainstream indie films that we need to leave the SCV for. OSH, IKEA, decent sized craft store, Nordstrom, H&M, Ace, and Kaiser Hospital. Not that I expect all or any of those things in SCV, but FYI those are the things that we regularly leave SCV for (and of course do additional shopping/eating while we're in the valley).

Question: *What are those activities?*

Answer: *For sure, seeing a movie. Regal is the only theater owner and they charge way too much 'cut there's no competition. It's half the cost outside our valley. Also, there's hardly any mom and pop places to eat 'because the city makes it so hard to open a business here. Fab Hot Dogs took years to open. I guess chains have more \$\$ to grease the wheels...but i'm tired of the chain mentality and usually have to drive out of SCV to patronize these types of establishments.*

*Question: What are those activities?*

*Answer: I go to the state of Nevada to play with normal firearms that are not restricted by stupid legislature. Especially, those passed by ignorant liberal Democrats. By the logic used to pass these restrictions only harm law respecting citizens the right of self-protection. I have one simply firearms law.....The Citizens of California shall be limited to the weapons, magazines and ammo to that of which law enforcement is allowed to utilize both on and off duty. So, firearms is one of my major hobbies. So, in order to really play, I cross the border to Nevada and go to Front sight in Pahrump.*

*Question: What are those activities?*

*Answer: I leave the valley most often for movies we just don't get here. Arts-museum, cultural events that are more common and better supported more towards the core of LA. More events targeted to adults without kids. I shop at Crate and Barrel, Anthropology, REI, Athlete (women's active wear) and more custom food stores like Penney's Spices. All require drives or ordering goods online. I would much prefer shopping for what I want here at home.*

**Married, 91354, 35-54, Children under the age of 18 in HH, Between three and four children in home, All your life, White/Caucasian, Outside**

*Question: What are those activities?*

*Answer: Good restaurants there are too many chain and fast food restaurants in Santa Clarita. We spend most summer weekends driving outside of Santa Clarita to watch outdoor movies in the park. Art programs and classes shopping, we need a wider range of stores. (Anthropology, Urban Outfitters, Nordstrom) Organic and food specialty stores, art stores. YOGA and Pilates! Small lounges and upscale bars for an evening out.*

*Question: What are those activities?*

*Answer: Work! Jobs with decent benefits and a reasonable salary are limited in Santa Clarita. These types of jobs are typically highly specialized. Santa Clarita needs to do more to encourage big business to come into the City limits. Santa Clarita does great with the Mom and Pop shops, but they do not hire great number of individuals. I would leave my job in downtown L.A., if I found an opportunity in the City. Veteran Services-Other than the County Office in downtown Newhall, which is usually not open, there are no veteran agencies in Santa Clarita. A Vet Center would be a great resource for the veterans in the Santa Clarita Valley.*

*Question: What are those activities?*

*Answer: 1. Movies: Edwards has terrible selection of quality independent & foreign films. It's often necessary to drive to the Valley to the Laemmle movie theatres. 2. Restaurants: most SCV chain restaurants are boring, dine at a handful of small family owned restaurants here in SCV. How about some vegetarian / vegan restaurants? (SCV seems to have mostly burger & BBQ joints). We leave SCV specifically for: 1. Maggiano's Little Italy at the Grove 2. C&O Trattoria at Venice Beach 3. McCormick & Schmick's Fish 4. Several vegetarian / vegan restaurants in LA*

*Question: What are those activities?*

*Answer: Night life. This city is too conservative and not hip enough. Would like to see better variety of stores and food options. There is 1 or 2 vegetarian restaurant, despite Whole Foods being a great success, indicating there is a market for better, healthier eating options. We need more options, enough pizza and wing places. Also, art store? We have a major art college and COC that has art classes, yet most have to drive out of this city to buy art supplies. (Michael's and Aaron Bros are not real art supply stores.) Would love to see a Utrecht or Blinks open here.*

*Question: What are those activities?*

*Answer: The Hollywood Bowl. For example, they have a broadly based season in summer. They have locations all over the city where people are able to park their cars and take a chartered bus to the bowl, see a performance of world class talent, enjoying a picnic or gourmet restaurants. Among the services they offer are deeply discounted tickets for patrons with disabilities in wheelchair friendly seating. The cost of all this*

is not much more than the price of a movie. The other venue we enjoy is the Laguna Festival including The Pageant of the Masters. This now world famous living pictures" involves most of the town residents in one way or another. It started only about 75 years ago or so. But everyone is excited about it."

Question: What are those activities?

Answer: Shopping for clothes - Sears doesn't have Plus size clothes (store is too small is their reason); other stores have a very small selection. Or none at all. Fry's (too bad they didn't open a store in this area) Visit other senior centers that offer many more activities and are much larger and better looking. I'm always telling stores (when they are out of sale items) that the City wants us to shop at home but they don't seem to get enough stock. Employs agree with me. I think that many of the large stores don't realize how big we've grown...

Question: What are those activities?

Answer: Cool weather, beaches, surf, views for all without hiking up dry dusty trails... Horseback riding other than in the Santa Clara Riverbed...Which raises another thought... getting that NAVIGABLE river status changed to what it really is... as it is NOT a river, but a WASH and underground water supply. Just some more of the NON SENSE I spoke of earlier...

Question: *What are those activities?*

Answer: *We go outside the City to dine mostly. We don't have enough restaurants like Piccolo Trattoria, TPC, and Newhall Refinery. We are foodies and like nice ambiance too. It seems like most of Santa Clarita's offerings are loud and serve cookie-cutter food. How many pizza parlors do we need? We often take long bike rides and it would be nice to have a trail that goes through to Ventura. We also kayak and go to the ocean for that :).*

*Question: What are those activities?*

*Answer: I like going to places like the Pacific Asia museum in Pasadena. There are not any places in Santa Clarita to experience the treasures and histories of other cultures who share our community. There are many people of various cultures in the SCV, not just cowboys! For example, wouldn't it be wonderful to have museums that celebrate the cultures of Korea, India, and Latin America? I would love to see half of that mall torn down for a museum that will honor people of various cultures and provide an educational place for children and adults to visit. The other places I like to visit are botanical gardens. A botanical garden would*

*be wonderful next to the museums and would provide habitat for wildlife. It would be a place of peace in the middle of a city that is becoming increasingly urbanized.*

*Question: If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*

*Answer: Restaurants with a focus on local, organic produce and natural meats. Some examples are Tender Greens, Loteria Grill, Umami burger, Clementine, Matsuhisa/Nobu, M Cafe, Fathers Office, and Picca. Fine dining, but not always with astronomical prices (yes, it does exist). I have a lot more examples if you need them! Stores like IKEA, CB2, natural grocery stores in Canyon Country area (East Santa Clarita), Anthropology, The Container Store, Bloomingdales, Barney's, Saks Fifth Avenue, Niemen Marcus, Athlete, and lots of independently owned boutiques for clothing and furniture, etc.*

*Question: If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*  
*Answer: none, I preferred the small town and downhome community that Santa Clarita used to be. If I want something, I will go get it. convenience is not always a need. Sometimes it's best to take the trip for the experience of something. Just as some will make the trip here, or used to for the small town atmosphere... now, it's just another cookie cutter city.*

*Question: If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*

*Answer: I don't believe it's the City's responsibility to attract retail stores or restaurants. These entities are for-profit concerns and they have sufficient ability to determine if the market for their product is sufficient to support their presence in Santa Clarita. No incentives should be offered to private businesses to locate in Santa Clarita. If there is sufficient demand for their product, they will come on their own accord.*

Question: *If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*

Answer: *I would a more independent movie theater with more variety. I would like to see more independent stores. I like the direction that Old Town is going in. I think the city needs to do a lot more to prevail on corporate commercial real estate holders to set reasonable prices for their commercial suites. There are so many empty storefronts and yet there are huge numbers of entrepreneurs running small businesses out of their garages in this town. I have many in my neighborhood. I honor their businesses but wouldn't it be better for the city if they could affordably inhabit a retail space?*

*Question: If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*

*Answer: I'm very happy with the selection of shops and restaurants we have here. I am opposed to paying a retail store to locate here, as was suggested in attracting Nordstrom's. I would like to see the city help fill some of the empty commercial spaces around town, especially the one left vacant when Albertson's left Canyon Country.*

*Question: If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*

*Answer: Retail and/or restaurants should be attracted to Old Town Newhall. I support local restaurants, but I would encourage the attraction of a Cheesecake Factory in Old Town Newhall. The City has spent a lot of time and energy infusing the successful Valencia Town Center. Old Town Newhall will not get the spark it needs, unless we give the people real options. Maybe a couple of bars would help the area as well to give it the feel of an entertainment option. Although the area is much bigger, Old Town Pasadena is a great example of a mixed used entertainment, retail, and eatery area.*

*Question: If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*

*Answer: Cheesecake Factory. Retail - doing great there, but please do more to keep the new local stores from closing. Especially Old Town Newhall, a store moves there or opens, and closes because they cannot get enough revenue. After hours events are great for the community but really don't help retail at all. Also please invest more in local services... not sure what the City can do but to keep local places open there must be something else that can be done.*

*Answer: Hugo entice the good folks that ran Frankie's to comeback... find them a good place to do business here locally. Maybe re-populate the Elephant Bar... Oh, those folks were great as well. (This is question #17...*

*but only 10 of 17? What am I missing again???)I came back here from question #29 (which is not a question...) to point out that there are actually 28 questions in this survey. You might want to get a committee together and study this. Lastly, I checked other" as my ethnicity as you forgot to mention "AMERICAN". I was born here, not Africa, or Spain or wherever, just like many others. If people that are born here and claim they came from Mexico or Africa or once had ancestors in a tribe somewhere... and want to continue to DIVIDE us all by separating themselves... we will continue as a nation to fail to move forward in a productive and reasonable manner. I hate to see my city contributing to this dilemma. Last time I checked I think we had a President born in Kenya who claims to be an American first... I think this is a good example for all of us to follow... and maybe have a beer together..."*

*Question: If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*

*Answer: Smaller restaurants for sure. Small non chain would be a rest addition. Stop putting in Mexican restaurants there is enough. If you do big chains do PF Changes or Cheesecake Factory kind of places with a variety. Maybe a fondue place or a good steak place that isn't a chain or 70.00 a plate.*

*Question: If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*

*Answer: I notice that some of the stores around Main Street Newhall are not really in for sales but for tax write offs. So the sincerity factor was out the window the minute I walked in. Poached Pear and the Spice Shop I felt had that feel. I propose shops that promote a healthy clean environment. Natural Soap Shop, Herbal Shop with teas, a really good men's barbershop with a front window barber chair, a microbrewery for Santa Clarita Beers, Decent mom and pop Bibs joint, A section for local artist to rent cheap and sell their goods as well as teach. A mom and pop toy store that decorates the front window with fun. A candy store complete with soda fountain bar.*

*Question: If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*

*Answer: Trader Joes and a Whole Foods or Sprouts in Canyon Country. Some nicer restaurants would be good too. Too many fast food places makes it look like Van Nuys Blvd. We have to drive all the way to Valencia to go to a lot of restaurants or stores because all we have is Costco & Target. And as long as Canyon Country looks so shabby and has so many criminals, a lot of nice places won't move into our side of town.*

*Question: If City government could help to attract any retail stores or restaurants to make Santa Clarita a better place to live now and in the future, what stores or restaurants would you like to see?*

*Answer: Anything that is not a chain. I wish the city was more conducive to more unique business and not the cookie cutter businesses as every other community. Although, if chains are all the city can encourage, Lemonade is a great casual restaurant (especially for a chain). I'm sad to hear that Hobby Lobby is headed our way. Their politics/religious beliefs overshadow any benefit they can offer our community and I will not shop there. I've heard rumors about a Nordstrom Rack coming to the Westfield Mall, and that would be great.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: I was an FBI Special Agent assigned to the Detroit, Michigan office, in the early 1970's when I became eligible for an office of preference transfer, I chose a transfer to Los Angeles. Valencia and Saugus were new developments...nice affordable homes with large swimming pools, new schools, a nice out in the country place to raise a family. The bridge over the wash at Bouquet Junction was a two lane wooden bridge. This was a beautiful neighborhood compared to Detroit, Michigan.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: I lived in Pasadena. There was a drunk man singing on my lawn at 3am-not an unusual occurrence. My fiancé, who lived here in the SCV, told me that would never happen in Valencia. He said the police would be there in 5 minutes because they just don't stand for drunk men singing in public at 3am. I moved here within a month. We are now happily married and residing peacefully in the beautiful SCV.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: We moved here in 1965 and lived in what was Saugus, later became Canyon Country, and then moved to American Beauty up Bouquet Canyon. Could not stand the traffic from the freeway exit to get up Bouquet Canyon Road. We moved to the Summit in 1987 and love it here. Greatest move we ever made. In 1965 we moved here from Inglewood, because it was so expensive to buy a house there. Came out here and got a new house for less than we could buy a 40 years old house. I am most grateful we came here because I would not have wanted my children to attend LA Unified School District at all. We have seen a lot of growth but this area would be much better off if the LA Planning Commission would have been more diligent about our area and not let every builder do whatever he wanted and leave us with not enough roads. It's better now of course, but I don't want to see this area get much bigger, because we will be just like the valley which is pretty bad now.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: We moved from Santa Cruz, CA so I could take a job in Glendale. Santa Cruz is a liberal experiment gone wrong, junkies everywhere, hypodermic needles on the beach and in the parks, gang activity everywhere. That's what happens when a city is run by the far left. Santa Clarita still have enough sense to not become a magnet for transient junkies. Please keep it that way. Limit the amount of free services available to transients and stay tough on crime please...*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: In 1973 we moved to the Santa Clarita Valley from Connecticut, having lived in Seattle before that and raised in the Northwest our whole lives We specifically moved to the SCV because of Valencia, the price of the homes and the planned community after facing despair over the possibility of having to raise our children in the San Fernando Valley. I will never, ever forget the feeling of relief as we dropped down the hill, exited McBean Parkway and saw the lovely green landscaping and home town feel. That said, as the years passed, I was so grateful for the increase in new shopping and entertainment opportunities!*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: Although it has been more than 25 years that I have lived here, we moved to Santa Clarita 1) housing prices less than Encino, where we used to live, 2) good quality schools - I would have had to put my kids in private school had we stayed in the San Fernando Valley, 3) family oriented community, 4) safe*

community. Even though my kids are now in their 20s, I still think Santa Clarita is one of the best places to live. For my kids' sake though, I would love to see a night club/concert venue similar to Avalon in L.A. that would give the 18-30 age group something to do here, since there isn't much for that age group in Santa Clarita.

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: At the time, my company had a downtown LA office (Wilshire), however, the President of the company lived in Valencia and my other boss was also moving to the area so we didn't need to commute downtown all the time and could hold meetings up here. My husband likes the area because there is less traffic/noise than the other areas, however the lack of activities and things to do for the startup/tech/entertainment crowd is one of the things I hate the most about this area and why we're considering more south into one of the other LA cities.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: I left the San Fernando Valley 13 years ago to start my family in Santa Clarita as it is, in my opinion, such a more wholesome environment than the SFV. I had experienced robbery, home break-ins with assault in the SFV and didn't want that to happen to my children. These events all occurred in good" neighborhoods in the SFV. We still have many connections in the SFV but SCV is where I wanted my future children to grow. As I now have 2 children and are active in their elementary school and the community. I pay close attention to what is happening in their future schools and the crime rate in Santa Clarita. If Santa Clarita starts to become more like the San Fernando, which I see may slowly be happening, we will move, possibly out of state. I love the SCV and really want to see it stay a wholesome family oriented community. Staying on top of crime and bringing more corporate companies into the valley to create more jobs I believe will help the SCV thrive."*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: At the time, I worked for LA City Council and lost my condo during the Northridge Earthquake. I pulled out a map and made the decision, that I wanted to work 40 miles from downtown of LA, I wouldn't move East of downtown, would not live in the City of LA, No condo, No Apartment or Townhouse within 5 miles of my home, had to be in a Cul-De-Sac, not in a Flood Zone and the house had to be close to a Metro link Station.....that narrowed things to a couple of areas, I found a perfect location after looking for 6 months.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: I moved to Valencia (prior to Santa Clarita becoming a city) from St. Louis in 1975 as a result of a job transfer with the airline, TWA. I was impressed with the openness of the area and the manner in which it was family friendly. My wife and I raised our son and daughter in Santa Clarita and our daughter and her family now make Santa Clarita home. I'm not retired and can't imagine living anywhere else.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: I lived in Denver, CO before moving here. I moved here to help my husband be closer to his child from a previous marriage. I was in favor of moving here because it felt like the western cities I had lived in, the ease of getting around was good, the city felt thought out and didn't feel so sparse and ugly as the valley and I liked having an easy and gateway to the mountains or the ocean. My only regret is that there wasn't enough culture" for adults. That is getting better, but I would like to see more. Family is a given here, but having a strong, happy, well balanced adult community is a foundation for good society and supports good parents and families ultimately."*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: I moved here 23 years ago because this town was open, safe and just felt cozy. In the last 10 years especially, regardless of the downtown in the economy, this town is too big for itself. Still one hospital, traffic crazy and needed jobs, etc. It is still a better place than others but it is changing rapidly. Crime is even showing its ugly head here whiter reported in the newspaper or not.*

**Married, 91354, 55-64, Children under the age of 18 in HH, Between one and two children in home, More than twenty years, White/Caucasian, Outside**

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: We moved to Santa Clarita from Pasadena to get away from the crowded streets, unsafe neighborhoods, terrible schools, into what used to be uncrowded streets, totally safe neighborhoods and fantastic schools. The schools are still great and the neighborhoods for the most part are still safe. The city has grown uncontrollably, like a weed, and now there are the same issues we faced in Pasadena. Time to move away.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: I moved out here in 1968 when there was no city, very few stores, only rolling hills and oak trees where there is now Valencia. I moved here because my husband said that's what he wanted to do because it was out of the San Fernando Valley. He's gone now but I'm still here and this place is getting more and more like the old SF Valley.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: My husband and I moved to Santa Clarita from Eagle Rock to buy a large enough home for our blended family. We knew we had to move out of Eagle Rock and into a more affordable area further away from the city. We decided to come more North and into Santa Clarita because we were attracted to the schools ratings and school reputation. We liked Canyon Country because it was right off the 14 freeway (less traveled in comparison to the 5)*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: I used to come to SC (Valencia) for business meetings and always admired the beauty of the city, from the paseos and bridges to the big trees that line many streets. The landscaping in front of most businesses and housing areas was beautiful and I always wondered why people drove so fast around the city when there was so much to look at and appreciate. It was my dream to live here and when my boss asked me to relocate, I was thrilled. I initially lived in Valencia but after only a year, I bought a home in Canyon Country and I love it. The city gets bashed for treating Canyon Country like a stepchild, but that's not my experience. I think the city is doing a good job for this side of the valley.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: I grew up in the Valley. Tired of the crime, spottiness of the neighborhoods (good areas next to bad areas), poor schools, and a government that was more interested in special interests than in actually making improvements. And too big, too many people. When a city gets that big, it can no longer listen to the needs of its people.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: We chose to move to SC because we wanted to be in a community that was not as crowded as Los Angeles and the SFV that was still close to those areas and that supported strong family values and provided an environment where we could raise our children. We felt that SC was safer, had a lot of the amenities we would want to use with our children as they grew up. The main deciding factor for us however was the community's reputation for its school system, being parents of two you children we wanted to make sure that they had access to quality and safe education without having to pay an arm and a leg for it.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: Moved here from the LA area in 1973 to avoid crowds and traffic. Looks like it slowly followed us here. Our peaceful valley is now full of traffic lights, vehicles, and noise. Not sure how much longer we will be here. In the meantime we will make the most of it and appreciate what has been accomplished and future changes.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: I am here because of a corporate relocation. It was either SCV or Thousand Oaks and T.O. appeared to be more cookie cutter/Ozzie & Harriet, at the time! I wasn't aware of the obvious bigotry in this City and how it is overrun and controlled by Mormons, who are known to be gay haters. Santa Clarita is referred to as awesome town. I call it Awesometown! I HATE living here and am making plans to get out!!*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: Well, most of my life, I have lived there. I and my family moved from Louisiana since I was three years old. I am now 61 years of age. I moved to Camarillo, because of better choices of senior housing. Santa Clarita does not have transitional housing. We have senior apartments and some low income apartments, but they are few and far in between. I also moved from a violent home, and since Santa Clarita has no year round shelter to run to, I was forced to go to a 24 hour Christian shelter for women and children, called Lighthouse Women's and Children's' shelter in Oxnard. I am not living in a transitional house, and have a case manager who is helping me to find low income permanent housing.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: Honestly, a cleaner, safer, less Hispanic populated area. I liked the country feel. The area I lived in had helicopters all night and gun shots from time to time. Trash was covering the streets and the first windy day of the year the sky would fill with plastic fat food bags. Santa Clarita was not like that but..... It is getting*

worse. The amount and type of peoples moving into the city are not necessarily the ones that do their part in taking care of their property and public property.

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: The high schools offered a great, competitive swim program, as well as high expectations for students. What I worried the most about for my then children was being a gay parent and not having a support system in the schools for my children. Schools had openly homophobic staff; Frank Ferry had my child in his class, and when a vote was presented to the city council to allow domestic partner benefits, he voted no". I risked a lot to move to the SCV, but property was more affordable than in the SFV, so I moved here. I like the peace and quiet, the open space close by for hikes, the bike trails and sense of safety from crime."*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: My wife was born and raised here, and it was close enough to Los Angeles to commute, but far enough away it did not have the issues of the valley. I had the option to move to Pasadena or Glendale which is 10 minutes from my office, but I didn't want to live in a crowded over developed city. While I fear the city leadership is driving us that direction with the absurd number of houses still going in...I am cautiously optimistic they will want to keep the Santa Clarita we love and not force us tonnage to Ventura County.*

*Question: If you moved to Santa Clarita from somewhere else, please tell me in your own words why you chose to move to the area?*

*Answer: We moved to Santa Clarita 22 years ago from Van Nuys when our children were ready to enter the school system. We wanted a better school system for our kids and Santa Clarita excels in that area (at least they used to, I'm not involved anymore, so I don't know if the standards are still high compared to other systems). We also liked the fact that there wasn't a mall at the time we moved in and strip malls were not prevalent everywhere. We also enjoyed the ease in which we were able to travel throughout the city and to and from the freeway - that has been one of the biggest frustrations - the growth and traffic is out of control.*
