

Permit No. _____

CITY OF SANTA CLARITA
Environmental Services
(661) 286-4098

STATEMENT TO BE SIGNED BY OWNER
PRIOR TO ISSUANCE OF SWIMMING POOL PERMIT

POOL DRAINAGE REQUIREMENTS

The following are legal methods of swimming pool wastewater disposal:

1. Swimming pools, other than those using a salt water system, may be drained to a sanitary sewer through a 3" P-trap legally installed under permit from the Building and Safety Division of the City of Santa Clarita. Swimming pools may not be drained to the sewer during the following times: Monday through Friday between 5:00 a.m. and 9:00 a.m. Swimming pool wastewater shall not be discharged to a private sewage disposal (septic) system.
2. To the gutter in the street leading to a storm drain, provided the following requirements are met:
 - a. Notification shall be given to the City's Environmental Services Division at (661) 286-4098.
 - b. Pool water shall be dechlorinated, debrominated, have a neutral pH, and not contain any algae, algacides, dyes, or detergents.
 - c. Pool filter backwash shall not be discharged to the storm drain system.
 - d. Swimming pools using a salt water system may not be drained to the gutter or storm drain.
3. To an improved storm or flood channel maintained by L.A. County Flood Control District (LACFCD) that adjoins your property. A permit shall first be obtained from the Construction Division for permits at (626) 458-4936. Swimming pools using a salt water system may not be drained to a storm or flood channel.
4. On the property, if the property is large enough to ensure that runoff will not encroach on any abutting properties.
5. In the case where none of the above can be accomplished, the pool contents must be removed by tank truck or pumping service.

This is to certify that I have read and understand the foregoing and agree to pass this information sheet on to the subsequent property owner.
